Highlights of Changes made in the 2021-22 Ontario Child Care and Child and Family Programs Business Practice, Service and Funding Guideline

Please note: The table below reflects the important changes made to the 2021-22 Ontario Child Care and Child and Family Programs Business Practice, Service and Funding Guideline. The information outlined below is only meant to be a guide and does not capture all changes.

SECTION 1: INTRODUCTION

The 2021-22 Ontario Child Care and Child and Family Programs Business Practice, Service and Funding Guideline (“guideline”) for First Nations and Child Care Transfer Payment Agencies (TPAs) sets out the requirements associated with your child care and/or child and family programs funding allocations. These requirements are established and framed by the ministry’s legislation and policy frameworks, including:

- *Child Care and Early Years Act, 2014*;
- *Early Childhood Educators Act, 2007*; and
- *How Does Learning Happen? Ontario’s Pedagogy for the Early Years*.

Child Care and Early Years Act, 2014

The *Child Care and Early Years Act, 2014* (CCEYA) sets out the legislative framework for child care and early years services in Ontario including rules and regulations for:

- Licensed child care centres;
- Licensed home child care; and,
- Unlicensed child care providers.

Licensed child care programs must meet and maintain specific provincial standards set out in legislation and regulation (see [Appendix C: Resources](#) for a list of applicable legislation and regulations). These standards provide for the health and safety, and quality experiences of children.

COVID-19 Pandemic

The ministry acknowledges the impact that the COVID-19 pandemic has had on children, families and the child care and early years sector. To support the child care and early years sector while operating during the pandemic, the ministry developed the *Operational Guidance During COVID-19 Outbreak: First Nations Child Care* and the *Operational Guidance During COVID-19 Outbreak: First Nations Child and Family Programs* documents. These documents are based on advice from the Ministry of Health, Ontario’s Chief Medical Officer of Health, Public Health Ontario and the Ministry of Labour, Training and Skills Development. The ministry’s top priority is the health and safety of children and families and child care and early years staff/providers.

In consultation with the Ministry of Health, Ontario’s Chief Medical Officer of Health and other key partners, the ministry will continue to make updates to health and safety measures and funding parameters as required.

How Does Learning Happen? Ontario’s Pedagogy for the Early Years

How Does Learning Happen? is the provincial framework to guide programming and pedagogy in licensed child care and child and family program settings across Ontario. The ministry released an additional resource *Building on How Does Learning Happen?* to invite early years system leaders and educators to revisit *How Does Learning Happen?* and to support the re-opening of early years programs, including child care and child and family programs, as well as before and after school programs across the province.

Canada-Ontario Early Childhood Workforce Agreement

In August 2021, Canada and Ontario signed a new Early Childhood Workforce Agreement, which provides approximately \$149.9M in one-time federal funding to support the retention and recruitment of a high-quality child care and early years workforce. This additional federal funding is intended to sustain, enhance, grow, and attract staff into the child care and early years workforce.

Under the agreement with the federal government, the ministry is able to allocate the funding over two fiscal years (2021-22 and 2022-23). This approach provides for flexible, multi-faceted strategies recognizing the importance of not only recruiting new individuals into the profession, but also retaining, supporting and recognizing the existing child care and early years workforce.

For more information about the funding available to First Nations, see Section 6.

SECTION 2

BUSINESS PRACTICES

SECTION 2: BUSINESS PRACTICES

OVERVIEW OF THE CONTRACT MANAGEMENT PROCESS

Beginning in 2021-22, child care and child and family program funding will be flowed through a five-year Transfer Payment Agreement (the Agreement) with schedules that may be replaced without the requirement of a signature once the initial agreement is signed.

The contract management process consists of the following three stages:

1. Contracting;
2. Financial Reporting; and
3. Payment.

In accordance with the Government of Ontario's [Transfer Payment Accountability Directive](#), and consistent with the principles of prudent fiscal management, funds must be flowed to transfer payment Recipients based on the fiscal year indicated on the budget schedule:

- When the Agreement is signed and processed (in the first year of the five-year Agreement); or,
- after an updated budget schedule is provided to the Recipient and has been processed by the ministry.

CONTRACTING

The Agreement, which identifies funding levels and service expectations, is distributed to First Nations and TPAs by email. The 2021-22 to 2025-26 Agreement covers the fiscal period of April 1, 2021 to March 31, 2026.

The signed/approved Agreement must be submitted to the ministry by **July 30, 2021**.

As some staff are working remotely with no opportunity for signing authorities to physically sign service agreements, the Ministry will accept an email from a signing authority in place of a signature. After reviewing the agreement, the signing authority from your First Nation can email the **complete** agreement back to the Ministry to tpa.edu.earlylearning@ontario.ca and must include the text below in their email. Please complete the fields in red for your First Nation prior to sending the email.

Agreement Email Approval template

Please accept this email as confirmation that I, **[Full Name]**, attest to the following:

- I have authority to bind **[insert legal name of the Recipient as set out in the attached Agreement]** (the Recipient);
- I agree to and approve the attached transfer payment agreement effective April 1, 2021 (Agreement);
- The attached Agreement is the version provided by Her Majesty the Queen in right of Ontario as represented by the Ministry of Education and no changes have been made by the Recipient; and

- I understand that by sending this email confirmation, I am signing the attached Agreement as of the date of this email.

[Your email signature must include:

Full Name

Full Position Title

Full Organization Name as set out in the attached Agreement]

The Agreement between the ministry and First Nations/TPAs:

- sets out expectations, terms and conditions of funding to support good governance, value for money, and transparency in the administration of transfer payment funds;
- documents the respective rights, responsibilities, and obligations of the ministry and the First Nations/TPAs; and
- includes specific, measurable results for the money received, reporting requirements, and any corrective action the government is entitled to take if agreed upon results are not achieved.

Email communication between First Nations/TPAs and the ministry should occur using an email address that is from the First Nation's or TPA's registered domain. This method of communication reassures senders and receivers of the email that they are corresponding in a more secure environment. An example of an acceptable e-mail using a registered domain is yourname@yourfirstnation.ca.

FINANCIAL REPORTING

The Reports Schedule of the Agreement identifies the ministry's submission requirements for the current fiscal year. First Nations and TPAs are required to provide the following submissions with respect to the 2021-22 fiscal year to the ministry as per the following cycle:

Submission Type	Due Date
Service Agreement	July 30, 2021 ¹
Wage Enhancement Application Form (if applicable)	July 30, 2021 ²
Financial Statements – EFIS or Attestation	July 29, 2022

First Nations and TPAs with an **allocation below \$500,000** must submit its financial report to the ministry – Financial Statements – through an attestation form. The

¹ With an automatic extension granted if the Band Council has not approved the budget by this date.

² Only applicable to First Nations with licensed child care programs that require an updated allocation in 2021-22. See [Section 3, Wage Enhancement/Home Child Care Enhancement Grant](#), for details.

Financial Accountability and Data Analysis Branch (FADAB) will provide instructions to First Nations and TPAs for the Financial Statements submission upon release of the attestation form. A brief overview of the Financial Statements submission through an attestation form can be found below.

First Nations and TPAs with an **allocation of \$500,000 or above** must submit its financial report to the ministry – Financial Statements – through the Education Finance Information System (EFIS). The Financial Accountability and Data Analysis Branch (FADAB) will provide detailed instructions to First Nations and TPAs for the financial statements submission upon release of the submission in EFIS. A brief overview of the Financial Statements submission through EFIS can be found below.

Financial Statements: Attestation – Allocations below \$500,000

In the Financial Statements submission, the First Nation or TPA provides their actual expenditures and service data for the year. The Financial Statements submission is a reconciliation of the First Nation's or TPA's annual funding allocation against actual expenditures once the year-end results are reported. It is due approximately four months following the March 31 year-end date (July 29, 2022) and must include the following elements:

1. Audited Financial Statements of the First Nation or TPA that covers all programs provided by the First Nation or TPA, including child care and child and family programs;
2. A post audit management letter issued by the external auditors. If such a letter is not available, written confirmation with the rationale is required;
3. A schedule of child care and child and family program revenues and expenses funded by the Ministry of Education. This information may be provided through the following formats:
 - Included as a note to the audited Financial Statements (part of #1 above);
 - Included as a schedule to the audited Financial Statements (part of #1 above); or
 - Included as part of a separate audit or review engagement report³.

If the schedule of child care and child and family program revenues and expenses do not reconcile to the attestation revenues and expenses, a reconciliation must be prepared by the auditors to reconcile the difference(s).

4. An attestation form verifying the First Nation's or TPA's compliance with the terms of the Agreement for the fiscal year in which the Agreement applies.

³ The review engagement report allows for the independent verification of data reported within the Attestation form. Sample templates are provided in Appendix A(c).

If a First Nation's or TPA's audited Financial Statements will not be available by July 29, 2022, the following steps should be taken:

1. Contact your Financial Analyst and your Early Years Advisor to advise them that the year-end reporting requirements cannot be met. The correspondence should include the estimated date of when the ministry can expect the audited Financial Statements as well as other year-end reporting requirements.
2. Submit the attestation form by July 29, 2022 based on the best information available at that time and recognize that it may change following the completion of the audit.
3. Submit a copy of the audited Financial Statements and other remaining requirements as soon as they are available.
4. Contact your Financial Analyst and copy your Early Years Advisor should a change be required to the previously submitted attestation form following the audit of the First Nation or TPA.

Financial Statements: EFIS – Allocations \$500,000 or over

In the Financial Statements submission, the First Nation or TPA provides their actual expenditures and service data for the year. The Financial Statements submission is a reconciliation of the First Nation's or TPA's annual funding allocation against actual expenditures once the year-end results are reported. It is due approximately four months following the March 31 year-end date (July 29, 2022) and must include the following elements:

1. Audited Financial Statements of the First Nation or TPA that covers all programs provided by the First Nation or TPA, including child care and child and family programs;
2. A post audit management letter issued by the external auditors. If such a letter is not available, written confirmation with the rationale is required;
3. A schedule of child care and child and family program revenues and expenses funded by the Ministry of Education. This information may be provided through the following formats:
 - Included as a note to the audited Financial Statements (part of #1 above);
 - Included as a schedule to the audited Financial Statements (part of #1 above);
 - Included as part of a separate audit or review engagement report⁴.

⁴ The review engagement report allows for the independent verification of data reported within EFIS. Sample templates are provided in Appendix A(c).

If the schedule of child care and child and family programs revenues and expenses does not reconcile to the EFIS revenues and expenses, a reconciliation must be prepared by the auditors to reconcile the difference(s).

4. A Recipient Active EFIS submission.

If a First Nation's or TPA's audited Financial Statements will not be available by July 29, 2022, the following steps should be taken:

1. Contact your Financial Analyst and your Early Years Advisor advising them that the year-end reporting requirements cannot be met. The correspondence should include the estimated date when the ministry can expect the audited Financial Statements as well as other year-end reporting requirements.
2. Submit a Recipient Active EFIS submission by July 29, 2022, based on the best information available at that time and recognize that it may change following the completion of the audit.
3. Submit a copy of the audited Financial Statements and other remaining requirements as soon as they are available.
4. Contact your Financial Analyst and copy your Early Years Advisor should a change be required to the Recipient Active EFIS submission following the audit of the First Nation or TPA.

Variance Analysis

Variance analysis explanations will be required for significant variances in the Financial Statements submission compared to the previous year. First Nations and TPAs will be contacted by their Financial Analyst to discuss significant variances, including the reason for variances and the potential or actual impacts on staff and services, and may be asked to provide an action plan as part of financial reporting.

In the event that additional in-year funding is announced following the receipt of the signed Agreement, a modified variance reporting methodology will be introduced to allow First Nations and TPAs to report on variances based on the revised funding allocation and increased expenditures.

PAYMENT

Budget Schedule

The Budget Schedule identifies the ministry's allocation to First Nations and TPAs for the fiscal year. The budget schedule will be updated and provided to First Nations and TPAs on an annual basis. As with all new Schedules, if the Recipient does not agree with all or any new Schedules, the Recipient may terminate the Agreement immediately by giving notice to the Province within 30 days of the Province providing the new Schedules.

Payment Mechanics

Monthly cash flow percentages as indicated in the table below may initially be based upon the prior year's Budget Schedule. Once the new five-year agreement has been signed and processed by the ministry, monthly cash flows in subsequent years of the agreement will be based on the new budget schedule after:

1. The time period to which the new budget schedule relates commences, and;
2. The time period from when the schedule was made available to the First Nation or TPA and processed by the ministry.

The Payment Schedule of the Agreement identifies monthly cash flow percentages. Payments in 2021 may be based on the prior year budget schedule, less Health and Safety funding and other adjustments, until the new agreement is signed and processed by the Ministry.

Month	Percentage	Month	Percentage
April	8.3%	October	8.3%
May	8.3%	November	8.3%
June	8.4%	December	8.4%
July	8.3%	January	8.3%
August	8.3%	February	8.3%
September	8.4%	March	8.4%

In-Year Funding Adjustments

The monthly cash flow will be updated after both the time period for which the 2021-22 Budget Schedule relates commences, and the 2021-22 Budget Schedule is made available to the First Nation or TPA and processed by the ministry.

Adjustments based on Financial Statements Submission

Upon submission of the Financial Statements (EFIS or Attestation), any difference between the total amount paid to date and the entitlement calculated in the Financial Statements will be adjusted through cash flow to the First Nation or TPA. This adjustment will be made once the Financial Analyst completes a review of the Financial Statements.

Any funding owed to the ministry by the First Nation or TPA will be deducted from future monthly payments.

The First Nation or TPA is not required to issue a cheque to the ministry for the recoverable funding, unless requested by the ministry. The ministry may request payment with a cheque if more than three months or 25 per cent of the annual total allocation will be recovered.

POLICY FOR LATE FILING

The ministry acknowledges that most First Nations and TPAs provide signed service Agreements, updated financial submissions and related information on time. The intent behind the late filing process outlined below is to ensure the ministry has the information required to demonstrate accountability for public funds. The ministry will continue to support our First Nation and TPA partners with timely filing of financial submission requirements through regional outreach, coaching and resources. The ministry will also follow-up with First Nations or TPAs impacted by the policy to discuss any challenges with providing the information and to offer support. Late filing policies of financial submissions are implemented as follows:

Policy for late filing of signed service Agreements

Where a signed Agreement is not received by the ministry six months from the effective date of the new Agreement (i.e. October 1, 2021, unless an extension has been granted), the ministry may stop all payments to the First Nation or TPA until the signed Agreement is submitted.

Please note that if the signed Agreement is not received after the first fiscal year has ended (i.e. a year after the effective date), the ministry will not process the Agreement, and any funds already flowed out for that year will be recovered. In addition, cash flow will be suspended.

Policy for late filing of financial submissions (EFIS or Attestation) includes:

- Financial reporting (Financial Statements – EFIS or Attestation);
- Queries related to financial reporting; and
- Financial documentation (e.g., Audited Financial Statements, Review Engagement Reports).

Where a First Nation or TPA has not filed any submission after the filing deadline, the ministry will take the following action until the submission has been received:

- If the submission is not received by the ministry within 30 days after the filing deadline, the ministry will inform the First Nation or TPA that the submission is overdue.
- After 31 days, cash flow will be reduced by 50 per cent of their monthly payment until the submission is received.

Upon receipt of the late submission, the ministry will reinstate the normal monthly payment process and will include in the monthly payment the total amount withheld up to that point.

The ministry reserves the right to suspend funding (in-year or in the subsequent year(s)). Should a First Nation or TPA have any outstanding financial submissions, responses to queries or financial documentation, the ministry may exercise its discretion by not providing funding in the subsequent fiscal year until the financial submissions, responses to queries and financial documentation have been received.

FINANCIAL FLEXIBILITY

Funding to First Nations and TPAs flows under detail codes (e.g. A370 - Regular Fee Subsidies), which are codes that describe each type of child care funding. The Budget Schedule of the Agreement outlines the detail code(s) and the amount of associated funding.

Child Care Re-Opening

To support child care re-opening on reserve, the ministry is asking First Nations to use funding that is projected to be unspent from within their child care and child and family program budgets (where applicable) and to maximize any federal or provincial funding supports that could be used to cover re-opening costs.

The ministry is continuing to provide enhanced financial flexibility to enable First Nations to spend their child care and child and family program funding to help offset eligible costs associated with the re-opening of child care. If, after maximizing this flexibility and other federal/provincial supports available, further resources are still required, the ministry may provide additional funding to support First Nations in meeting licensing and enhanced health and safety requirements required for re-opening child care through the annual Health and Safety funding process.

In-Year Flexibility

First Nations and TPAs have in-year flexibility to realign funds between detail codes, in accordance with the financial flexibility criteria outlined below, to meet service needs in their communities and address volume and caseload pressures. First Nations or TPAs must identify the realignment of funding in their applicable financial reporting submissions.

In order to exercise financial flexibility, First Nations and TPAs must meet the following criteria:

- **Program/Policy Direction and Priorities** - services must be delivered in the most effective, efficient and affordable manner with a view towards improving client and service outcomes. Service levels must be consistent with community priorities.
- **Funding Policies and Guidelines** - permanent realignments between detail codes cannot be made. Any flexibility between detail codes is only effective for the current fiscal year.

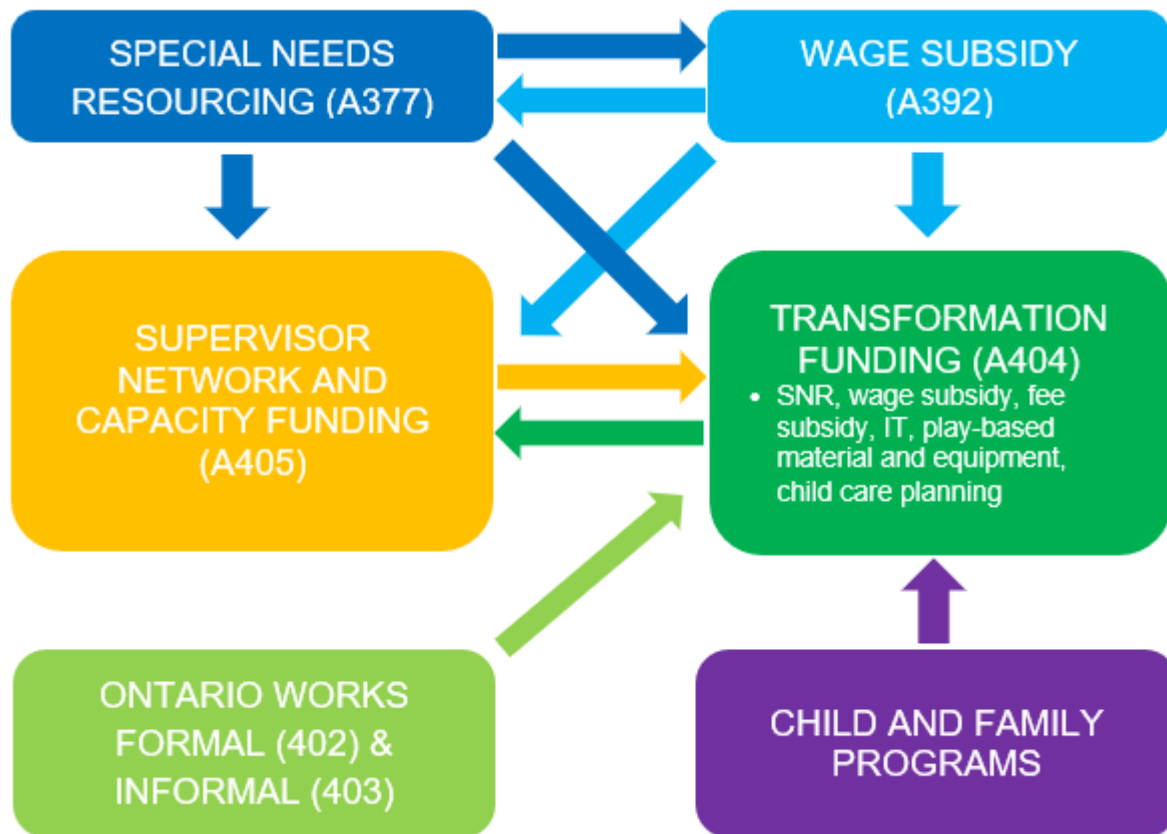

Funding between detail codes can be realigned as follows:

- To support child care re-opening, funds may be transferred from Special Needs Resourcing (A377), Wage Subsidy (A392), Ontario Works Formal (A402)/Informal (A403), Child Care Supervisor Network – Capacity Building Funding (A405) and Child and Family Programs to Child Care Transformation Funding (A404).
 - Funds may be transferred between Special Needs Resourcing (A377) and Wage Subsidy (A392);
 - Funds may be transferred from Child Care Transformation Funding (A404) to Child Care Supervisor Network – Capacity Building Funding (A405); however, the reverse is not permitted;
 - Funds may be transferred from Special Needs Resourcing (A377) to Child Care Supervisor Network – Capacity Building Funding (A405); however, the reverse is not permitted;
- Funds may be transferred from Wage Subsidy (A392) to Child Care Supervisor Network - Capacity Building Funding (A405); and
- Funds may be transferred between Ontario Works Formal (A402) and Ontario Works Informal (A403).

Please Note:

- Special needs resourcing is a priority for the ministry to ensure the inclusion of children with special needs in licensed child care settings at no additional cost to parents/guardians. This means that prior to the transfer of special needs resourcing funding, First Nations must ensure that all special needs resourcing requirements for children in licensed child care are met.
- Wage Subsidy is a priority for the ministry to enhance staff stability and improve affordability of child care for families. This means that prior to the transfer of Wage Subsidy funding, First Nations must ensure that all wage subsidy requirements of eligible staff in a licensed child care centre or home child care agency have been met.
- There are multiple eligible expenses under Child Care Transformation (A404). First Nations and TPAs may decide on how to spend this allocation on the eligible expenses in order to meet community priorities.

The illustration below outlines in-year funding flexibility.

Detail Codes with no Financial Flexibility:

Funds **cannot** be transferred out of or into the following detail codes:

- Child Care Regular Subsidies (A370/A371)
- Health and Safety (Repairs and Maintenance) (A375)
- Pay Equity Union Settlement (A394)
- Wage Enhancement/Home Child Care Enhancement Grant (A406)
- Administration for Wage Enhancement/Home Child Care Enhancement Grant (A407)
- Small Water Works Child Care (A515)
- Base Funding for Licensed Home Child Care
- Child Care and Early Years Workforce Funding

BASIS OF ACCOUNTING

First Nations and TPAs are required to report their revenues and expenditures using the modified accrual basis of accounting in their Financial Statements submissions. This basis of accounting is also guided by other policies and guidelines.

Modified Accrual Basis of Accounting

The modified accrual basis of accounting requires the inclusion of short-term accruals of normal operating expenditures in the determination of operating results for a given time period. Short-term accruals are defined as payable usually within 30 days of year-end.

The modified accrual basis of accounting does not recognize non-cash transactions such as amortization, charges/appropriations to reserves or allowances as these expenditures do not represent an actual cash expenditure related to the current period⁵.

Under modified accrual accounting, expenditures that would be amortized under full accrual accounting must be recognized as expenditures in the budget year the goods or services are received.

Expenditures made once a year (e.g. insurance) must be recorded in one of the following two methods:

- a. Expenditures will be charged to the period in which they are paid; or
- b. The part of the expenditure that applies to the current year will be expensed in that year.

Either method of accounting for expenditures made once a year is acceptable. However, the selected method must be consistent from year to year.

Ineligible Expenditures

Expenditures deemed reasonable and necessary for the provision of services subsidized by the ministry are eligible in the calculation of the funding entitlement. These expenditures must be supported by acceptable documentary evidence.

All expenditures arising from transactions not conducted at arm's length from the First Nation or TPA (e.g. transactions in which both parties to the transaction may not be acting independently of each other due to a previous relationship) are ineligible unless transacted at fair market value.

Expenses that do not directly support the provision of child care and child and family programs are ineligible and include the following:

- Interest expenses incurred on operating loans
- Professional organization fees paid on behalf of staff for membership in

⁵ Non-cash transactions include: provisions for pension expenses; provisions for unused sick leave and wage settlements; provisions for repairs or replacements; provisions for bad debts; retainer fees for legal services; and provisions for amortization. However, related payments are eligible.

professional organizations

- Property tax expenses
- Fundraising expenses
- Donations to charitable institutions or organizations
- Bonuses, gifts and honoraria⁶
- Capital loans
- Mortgage financing
- Reserve Funds

For further information on ineligible expenditures, please see [Appendix B](#).

File Retention

First Nations and TPAs shall retain service and financial records for a period of seven years.

⁶ Honoraria for elders, knowledge keepers, etc. are eligible expenses under child care and child and family programs.

SECTION 3

CHILD CARE SERVICE, FUNDING ELIGIBILITY AND REQUIREMENTS

SECTION 3: CHILD CARE SERVICE, FUNDING ELIGIBILITY AND REQUIREMENTS

This section of the guideline applies to all First Nations and TPAs that receive child care funding and sets out the ministry's expectations, terms and conditions for provincial funding and the corresponding services.

A370/A371 – CHILD CARE REGULAR FEE SUBSIDIES

PURPOSE

Child care plays a key role in helping to promote healthy child development and well-being. It is also an essential support for many parents, helping them to balance the demands of career and family while participating in the workforce or pursuing education or training.

ALLOCATIONS

Child Care Fee Subsidy funding is available through detail code A370 and A371 - Child Care Regular Fee Subsidies, and A404 - Child Care Transformation. This allocation is available in the Budget schedule of the service Agreement, if applicable.

ELIGIBLE EXPENDITURES

First Nations may use Child Care Regular Fee Subsidies funding to provide access for eligible families whose children attend licensed child care centres and licensed home child care directly operated or purchased by First Nations.

Please note: Under the *Day Nurseries Act*, parents of children with special needs could be eligible for fee subsidies for children under 18 years of age. While the *Child Care and Early Years Act, 2014* defines a child as under the age of 13 years, the government has taken steps to support continuity of care for children with special needs. Parents of children with special needs who were in receipt of a service or received financial assistance (subsidized child care) before August 31, 2017 will be allowed to continue to receive assistance until that child turns 18, provided that they meet other eligibility criteria that are unrelated to age. For example, if a person with special needs started to receive financial assistance at age 12 on August 30, 2017, he/she is eligible to continue receiving that financial assistance until he/she turns 18 in the year 2023. This means that these adolescents will not experience a financial assistance disruption based on their age.

Operating transportation costs may be included in fee subsidies if they are part of the child care program's or home child care's budget.

Costs such as the purchase of a bus or capital builds are not eligible expenditures.

COST-SHARING REQUIREMENTS

Child Care Regular Fee Subsidies (A370) is cost shared with 80% provided by the province and 20% by the First Nation. Funding is flowed under the *Child Care and Early Years Act, 2014*.

For example, the following must be spent by a First Nation in order to receive the full allocation:

	EDU Share	First Nation Share	Total Costs Incurred ⁷
A370 Child Care Regular Fee Subsidies (80/20 Cost Share)	\$10,000	\$2,500	\$12,500

First Nations Newly Funded in 2016-17 and Onwards

For First Nations newly funded in 2016-17 and onwards that did not previously receive federal funding contributions, ministry funding is flowed under the *Child Care and Early Years Act, 2014*. Please refer to the Child Care Regular Fee Subsidies (A371) program description schedule of your service Agreement for more information.

FINANCIAL FLEXIBILITY

Funding cannot be moved to any other detail codes.

REPORTING REQUIREMENTS

First Nations are required to report financial and service data to the ministry related to Child Care Regular Fee Subsidies expenses. First Nations will provide this information as part of their year-end Financial Statements submission (EFIS or Attestation Form).

In addition to total expenses, First Nations are required to report on the Child Care Regular Fee Subsidies data elements outlined in this guideline. These data elements include:

- The average monthly number of infants benefiting from subsidized child care;
- The average monthly number of toddlers benefiting from subsidized child care;
- The average monthly number of preschoolers benefiting from subsidized child care;
- The average monthly number of kindergarten children benefiting from subsidized child care;

⁷ If the cost incurred by the First Nation is less than \$12,500, the amount of funding the First Nation receives from the ministry will decrease.

- The average monthly number of school age children benefiting from subsidized child care; and
- The cumulative number of children benefiting from subsidized child care.

Please see the [Data Elements](#) subsection below for additional details on reporting requirements.

REQUIRED DOCUMENTATION

First Nations shall maintain service and financial records for each site where the service above is being provided.

FILE RETENTION

First Nations and TPAs shall retain service and financial records for a period of seven years.

A375 – HEALTH AND SAFETY (REPAIRS AND MAINTENANCE)

PURPOSE

Health and Safety (Repairs and Maintenance) funding is to support licensed child care centres and home child care agencies in meeting licensing requirements under the *Child Care and Early Years Act, 2014* (CCEYA). It is the ministry's expectation that child care service providers will continue to comply with the ministry's licensing requirements under the CCEYA as well as health and safety practices, the upkeep of equipment, property repairs and maintenance.

ELIGIBLE EXPENDITURES

Health and Safety (Repairs and Maintenance) expenses are to support eligible First Nations with on-reserve licensed child care programs to fund repairs, minor renovations, furnishings and equipment. Major capital costs are not eligible expenditures. First Nations must apply for Health and Safety (Repairs and Maintenance) funding on an annual basis.

Once approved for Health and Safety (Repairs and Maintenance) funding, your allocation will be included on the Budget Schedule of your service Agreement (or amended service Agreement if applicable) and will be available through detail code A375 - Health and Safety (Repairs and Maintenance).

First Nations may use Health and Safety (Repairs and Maintenance) funding for the following types of expenses:

Food Preparation

Addition, repair or replacement of:

- Hand washing sink in the kitchen
- Dishwasher or hot water booster
- Major appliances

Washrooms

Addition, repair or replacement of:

- Fixtures (toilets/sinks)
- Partitions
- Flooring materials
- Change table

Major Systems

Addition, improvement, repair or replacement of:

- Leaking roof
- Building foundation
- Heating/cooling system
- Ventilation system
- Sump pump
- Emergency lighting
- Accessibility
- Windows or doors
- Asbestos removal or encapsulation
- Wiring upgrades

Play Area

Addition, repair or replacement of:

- Damaged walls/peeling paint
- Windows
- Damaged/worn flooring material or ceiling
- Damaged/worn outdoor play equipment/safety surfacing
- Fencing/gates/playground drainage
- Drinking water system
- Heating system

Code Compliance

- Ontario Fire Code orders/recommendations
- Ontario Building Code orders/recommendations
- Public Health Code orders/recommendations

Health and Safety funding for licensed home child care agencies may only be used to purchase portable items that improve health and safety for children. The portable nature of the equipment will enable the items to be transferred to another home child care provider, as required. Examples of portable safety items may include Canadian Standard Association (CSA) approved infant equipment such as playpens, highchairs, safety gates, child safety locks, first aid kits and fire extinguishers.

Child Care Re-Opening Costs

First Nations requiring additional funding to meet licensing and enhanced health and safety requirements associated with the re-opening of child care may apply through the Health and Safety funding process. Eligible expenses include:

- Costs for enhanced cleaning/sanitizing supplies (over and above regular cleaning costs prior to COVID-19);
- Costs required for personal protective equipment;

- Purchase and installation of materials and equipment related to enhancing health and safety and COVID-19 (e.g. plexiglass, washable area rugs etc.);
- Costs for increased staffing (additional staff for screening, cleaning, etc.).

Please Note:

- The above list is only a guide and not an exhaustive list.
- Health and Safety funding cannot be used for program expansion.

APPLICATION PROCESS

First Nations communities may apply for 2021-22 Health and Safety (Repairs and Maintenance) funding. While applications will continue to be accepted throughout the fiscal year, First Nations communities are encouraged to submit their applications for health and safety funding to the ministry as soon as possible.

Health and safety applications submitted to the ministry **must** include the three items listed below:

1. A completed copy of the **2021-22 Health and Safety Funding Request Form** (included in the service Agreement package).
2. Proof of the estimated cost for each health and safety project:
 - **One quote** or proof of the estimated cost is required for each project with a total cost below \$10,000;
 - **Three quotes** or proof of the estimated costs are required for each project with a total cost above \$10,000;
 - Proof of purchase (receipt or invoice) is required for projects where the cost was covered by the First Nation on/after April 1, 2021.
3. A copy of independent documentation that supports the need for each health and safety project from one or more of the following sources:
 - Summary of Child Care Centre Licensing Requirements and Recommendations or Child Care or Home Child Care Licensing Checklist;
 - Health Canada Inspection Report;
 - Fire Inspection Report; and/or
 - Building Inspection Report.
4. Proof of the estimated cost for re-opening costs is not required to be submitted to the ministry, however, First Nations must retain proof of costs as per the file retention direction below. If applying for funding to cover re-opening costs, First Nations must confirm that they have explored utilizing their regular funding from the ministry and maximized other federal and provincial funding supports to the fullest extent possible.

Once your application is complete, all of the above can be emailed to tpa.edu.earlylearning@ontario.ca.

Please notify your Early Years Advisor by email or phone once you have submitted your health and safety funding application, or copy the Advisor on the email when submitting your application.

The ministry recognizes that emergency health and safety requirements may arise at any point in time. Contact your Early Years Advisor should you require funding to address an emergency health and safety requirement.

AFTER SUBMITTING AN APPLICATION FOR HEALTH AND SAFETY (REPAIRS AND MAINTENANCE) FUNDING

As limited funding is available to address health and safety requirements, the ministry may be unable to provide funding for every request submitted. Approval of health and safety funding requests is based on priority situations as follows:

- a. It is a current licensing/fire/building/public health/safety issue identified in an inspection report.
- b. It could potentially become a licensing/fire/building/public health/safety issue.
- c. It is to enhance service/quality/other.

Applications for 2021-22 child care Health and Safety (Repairs and Maintenance) funding will be reviewed on an ongoing basis as they are received by the ministry.

The Ministry will notify First Nations regarding the status of their health and safety application as soon as possible once it is received by the ministry.

If your First Nation applied and was approved for funding prior to the development of your service Agreement, this amount would have been included on your original 2021-22 service Agreement. If your First Nation was approved for Health and Safety (Repairs and Maintenance) funding after this time, an approval letter as well as an amended Agreement will be sent to you by email.

EXPENDITURE REQUIREMENTS, INCLUDING TIMELINES, FOR HEALTH AND SAFETY (REPAIRS AND MAINTENANCE) FUNDING

Health and Safety funding can only be used to address health and safety requirements in licensed child care centres and/or licensed home child care homes. Per the approval letter and the Program Description Schedule of the service Agreement, health and safety projects must be completed by March 31, 2022. In addition, any health and safety funding received for the 2021-22 fiscal year must be spent by March 31, 2022.

Health and Safety funding can only be used to cover costs incurred between April 1, 2021 and March 31, 2022.

PAYMENT REQUIREMENTS FOR HEALTH AND SAFETY (REPAIRS AND MAINTENANCE) FUNDING

One-time Health and Safety (Repairs and Maintenance) funding flows under detail code A375 - Health and Safety as it appears in the Program Description Schedule and Budget Schedule of your child care service Agreement/amended agreement.

Approved Health and Safety (Repairs and Maintenance) funding flows to your First Nation in two separate payments. First Nations that receive approval for 2021-22 Health and Safety (Repairs and Maintenance) funding are required to submit the following documents before the ministry can provide each health and safety payment:

- Payment 1: 75% of the total approved Health and Safety funding amount will flow upon receipt and processing of the signed five-year Agreement by the ministry or after an updated 2021-22 Budget Schedule that includes the funding is made available to the First Nation and has been processed by the ministry.
- Payment 2: 25% of the total approved health and safety funding amount will flow upon receipt and processing of the completed “Statement of Conformity and Attestation Form” by the ministry indicating that the approved project(s) have been completed. If the expenditure on a health and safety project is less than the approved funding amount, the ministry will adjust your 25% payment to reflect this underspending.

Note: the above payment schedule does not apply to re-opening funding. Where funding is provided to support child care re-opening costs, one payment will be provided to First Nations as per the regular payment schedule.

The Statement of Attestation and Conformity Form for Health and Safety (Repairs and Maintenance) funding (included in the service Agreement package) is due to the ministry by March 25, 2022. First Nations are encouraged to submit this form as soon as their projects are completed to ensure receipt of the second payment in a timely manner.

Health and Safety funding, payments of 25 per cent and 75 per cent, will flow to First Nations as part of the monthly child care payments. The timing of these payments will depend either on when the ministry receives and processes your signed Agreement or provides the revised Budget Schedule and the First Nation provides the completed Statement of Conformity and Attestation Form. If the Statement of Conformity and Attestation Form for Health and Safety (Repairs and Maintenance) funding is received after May 1, 2022, any remaining funding will be provided following a review of the 2021-22 Financial Statements (EFIS or Attestation Form).

Any questions regarding the ministry’s 2021-22 Health and Safety funding process can be directed to your Early Years Advisor.

FINANCIAL FLEXIBILITY

There is no flexibility associated with Health and Safety funding and the related allocation must be used for approved projects only.

REPORTING REQUIREMENTS

First Nations are required to report financial and service data to the ministry related to Health and Safety (Repairs and Maintenance) expenses. First Nations will provide this information as part of their year-end Financial Statements submission (EFIS or Attestation Form).

In addition to total expenses, First Nations are required to report on the Health and Safety (Repairs and Maintenance) data element outlined in the subsection below. This data element includes:

- The number of licensed programs funded for repairs and maintenance.

Please see the [Data Elements](#) subsection below for additional details on reporting requirements.

REQUIRED DOCUMENTATION

First Nations shall maintain service and financial records for each site where the service above is being provided.

FILE RETENTION

First Nations shall retain service and financial records, including all supporting documentation related to health and safety projects, for a period of seven years. The ministry may request, at any time, documentation (e.g., contracts, invoices, receipts) related to approved health and safety projects.

A377 – SPECIAL NEEDS RESOURCING

PURPOSE

Special Needs Resourcing (SNR) funding is to support the inclusion of children with special needs in licensed child care settings at no additional cost to parents/guardians.

ALLOCATIONS

SNR funding is available through detail code A377 - Special Needs Resourcing and A404 - Child Care Transformation. These allocations are available in the Budget Schedule of the child care Agreement, if applicable.

ELIGIBLE EXPENDITURES

Services and supports purchased through SNR funding are for children with special needs up to 13 years of age to support attendance in a licensed child care centre or home child care (licensed).

Please note that the *Child Care and Early Years Act, 2014* defines “child” as a person who is younger than 13 years old. However, families of children with special needs who are in receipt of a service or received financial assistance (subsidized child care) before August 31, 2017 will be allowed to continue to receive assistance until that child turns 18, provided that they meet other eligibility criteria that are unrelated to age (see [O. Reg. 138/15](#) made under the *Child Care and Early Years Act, 2014*). For example, if a person with special needs started to receive financial assistance at age 12 on August 30, 2017, he/she is eligible to continue receiving that financial assistance until he/she turns 18 in the year 2023. This means that these adolescents will not experience a financial assistance disruption based on their age.

First Nations may use SNR funding for the following expenses:

- Hiring or acquiring the services of a resource teacher/consultant or supplemental staff where necessary (including salary, benefits and training) to support the inclusion of children with special needs;
- Providing training for staff in licensed child care centres working with children with special needs to support inclusion; and/or
- Purchasing or leasing specialized/adaptive equipment and supplies to support children with special needs.

Resource teachers/consultants can be hired directly by First Nations or their services can be secured through a contract with an external agency specializing in supporting children with special needs. Resource teachers/consultants typically provide a wide range of supports for children with special needs in child care settings. These supports may include providing child care staff with program adaptation strategies, developing individual program plans, conducting developmental screens, providing referrals to community agencies and obtaining specialized equipment as required.

At a minimum, the ministry requires that resource teachers/consultants hold a diploma in Early Childhood Education (ECE) from an Ontario College of Applied Arts and Technology ECE program, or from an institution recognized by the College of Early Childhood Educators, are registered with the College of Early Childhood Educators, have additional training/experience/education related to working with children with special needs, and hold a first aid certificate. Additional requirements for resource teachers/consultants directly employed by child care licensees are outlined in section 55 of [O. Reg. 137/15](#) made under the *Child Care and Early Years Act, 2014*.

Resource teachers/consultants may work with several children in multiple child care locations located within the community and can also provide general training to individuals working with children with special needs.

First Nations may consider the following principles of service delivery for SNR:

- Reflective and responsive to individual, family and community strengths and needs.
- Accountable to the individual, family and community.
- Sensitive to the social, linguistic and cultural diversity of families and First Nation communities.
- Staffed by individuals with the appropriate range of skills and abilities necessary to respond effectively to the needs of children, their families and program staff.

FINANCIAL FLEXIBILITY

First Nations may exercise financial flexibility to offset SNR expenses by transferring funds, in their financial submissions, from A392 - Wage Subsidy to A377 - Special Needs Resourcing. First Nations may also expense Special Needs Resourcing under A404 - Child Care Transformation; funds do not need to be moved in or out of the Child Care Transformation detail code.

Special Needs Resourcing funding (A377) may be transferred into, but not out of, Capacity Building Funding (A405). Special Needs Resourcing funding (A377) may be transferred into A404 - Child Care Transformation where the expenses are related to child care re-opening.

Please Note: SNR is a priority for the ministry to ensure the inclusion of children with special needs in licensed child care settings at no additional cost to parents/guardians. This means that prior to the transfer of SNR funding, First Nations must ensure that all SNR requirements for children in licensed child care are met.

REPORTING REQUIREMENTS

First Nations are required to report financial and service data to the ministry related to SNR expenses. First Nations will provide this information as part of their year-end Financial Statements submission (EFIS or Attestation Form).

In addition to total expenses, First Nations are required to report on the SNR data elements outlined below in this guideline. These data elements include:

- The average monthly number of children (up to and including kindergarten) receiving services funded through SNR;
- The average monthly number of school-aged children receiving services funded through SNR;
- The number of full-time equivalent (FTE) staff providing services funded through SNR;
- The number of children served, up to and including age 12; and,
- The number of children served, age 13-18.

Please see the [Data Elements](#) subsection below for additional details on reporting requirements.

REQUIRED DOCUMENTATION

First Nations shall maintain service and financial records for each site where the service above is being provided.

FILE RETENTION

First Nations and TPAs shall retain service and financial records for a period of seven years.

A392 – WAGE SUBSIDY

PURPOSE

Wage Subsidy funding is intended to increase the salary and non-mandatory benefits of staff employed in regulated child care settings.

ALLOCATIONS

Wage Subsidy funding is available through detail code A392 - Wage Subsidy and A404 - Child Care Transformation. These allocations are available in the Budget Schedule of the child care Agreement, if applicable.

ELIGIBLE EXPENDITURES

Wage Subsidy funding is for eligible staff employed in a licensed child care centre or a home child care agency. These child care centres and home child care agencies must be licensed by the Ministry of Education in accordance with the *Child Care and Early Years Act, 2014*. First Nations may also use Wage Subsidy funding to increase payments to home child care providers contracted with a licensed child care agency.

First Nations have flexibility to determine how wage subsidies are distributed to staff within their child care programs. First Nations are encouraged to consider community priorities when determining how to distribute wage subsidies to their child care staff.

Some principles that First Nations may wish to consider in distributing wage subsidy funding include:

- Retaining qualified, stable staffing to increase convenience and reliability for parents;
- Supporting program quality to enable higher-quality, consistent services; and
- Distributing wage subsidies equitably and with transparency.

Child care staff are eligible to receive wage subsidy. First Nations are encouraged to allocate wage subsidies to staff that are in a permanent or contract position that is considered part of the child care program's regular staffing complement. The position can be full-time or part-time.

The following list provides examples of permanent positions typically found in a child care program that would be eligible for wage subsidy:

- Child Care Program Staff:
 - Child Care Supervisors
 - Registered Early Childhood Educators (RECEs)
 - Home Child Care Providers and Home Visitors
 - Director-approved Program Staff
 - Program Staff without RECE qualifications

- Child Care Non-Program Staff⁸:
 - Administrators or Finance Staff
 - Clerical Staff
 - Cooks
 - Housekeeping and Janitorial Staff
 - Bus Drivers

The following list provides examples of non-permanent positions that may not be eligible for Wage Subsidy funding:

- Individuals working on a short-term project, such as developing a parent handbook;
- Students or staff whose salaries are covered by employment programs;
- Individuals paid on a fee for service basis, such as an individual who provides accounting or janitorial services; or
- Individuals that receive an honorarium e.g. elders or artists that occasionally visit the program.

FINANCIAL FLEXIBILITY

First Nations may exercise financial flexibility to offset Wage Subsidy expenses by transferring funds, in their financial submissions, from A377 - Special Needs Resourcing to A392 - Wage Subsidy should the funding not be required to meet community SNR needs. First Nations may also expense Wage Subsidy under A404 - Child Care Transformation; funds do not need to be moved in or out of this detail code.

Wage Subsidy funding (A392) may be transferred into, but not out of, Capacity Building Funding (A405). Wage Subsidy funding (A392) may be transferred into Child Care Transformation (A404) where the expenses are related to child care re-opening.

Please Note: Wage Subsidy is a priority for the ministry to enhance staff stability and improve affordability of child care for families. This means that prior to the transfer of Wage Subsidy funding, First Nations must ensure that all wage subsidy requirements of eligible staff in a licensed child care centre or home child care agency have been met.

REPORTING REQUIREMENTS

First Nations are required to report financial and service data to the ministry related to Wage Subsidy funding. First Nations will provide this information as part of their year-end Financial Statements submission (EFIS or Attestation Form).

In addition to total expenses, First Nations are required to report on the wage subsidy data elements outlined in the subsection below. These data elements include:

- The number of full-time equivalent (FTE) program staff serving children 0-5 who receive Wage Subsidy funding;

⁸ Child care non-program staff would also include staff employed in a home child care agency head office.

- The number of full-time equivalent (FTE) program staff serving children 6-12 who receive Wage Subsidy funding; and
- The number of full-time equivalent (FTE) non-program staff who received Wage Subsidy funding.

Please see the [Data Elements](#) subsection below for additional details on reporting requirements.

REQUIRED DOCUMENTATION

First Nations shall maintain service and financial records for each site where the service above is being provided.

FILE RETENTION

First Nations and TPAs shall retain service and financial records for a period of seven years.

A394 – PAY EQUITY UNION SETTLEMENT

PURPOSE

To enable the province to continue to support eligible organizations with the cost of implementing proxy pay equity.

ALLOCATIONS

Pay Equity Union Settlement funding is available through detail code A394 – Pay Equity. This allocation is available in the Budget Schedule of the child care Agreement, if applicable.

ELIGIBILITY

As a result of the Memorandum of Settlement, the province announced additional proxy pay equity funding for eligible non-profit service providers. In order to be eligible, child care programs were required to:

- Have a proxy order from the Pay Equity Commission;
- Have posted pay equity plan(s) based on proxy comparisons;
- Have current and/or outstanding proxy obligations; and
- Receive funding to provide child care.

EXPENDITURE REQUIREMENTS

The province will continue to flow funding as agreed upon in the Memorandum of Settlement to First Nations, reached on April 23, 2003, for the provision of pay equity funding to child care programs in First Nations communities. Service providers are required to continue to meet their pay equity obligations.

REPORTING REQUIREMENTS

First Nations are required to report financial data to the ministry related to Pay Equity Union Settlement funding. First Nations will provide this information as part of their year-end Financial Statements submission (EFIS or Attestation Form).

REQUIRED DOCUMENTATION

First Nations shall maintain service and financial records for each site where the above is being provided.

FILE RETENTION

First Nations and TPAs shall retain service and financial records for a period of seven years.

A404 – CHILD CARE TRANSFORMATION

PURPOSE

Transformation funding is ongoing funding to support program viability and quality, and assists with the transformation of child care in First Nation communities.

First Nations are responsible for spending their Child Care Transformation funding in a way that best meets community needs and priorities. First Nations are encouraged to use the following guiding principles to inform transformation funding priorities:

- Transforming existing child care programs to enable increased access to higher-quality programs and services;
- Increasing convenience and reliability for parents; and
- Supporting programs that serve children with special needs.

ALLOCATIONS

Child Care Transformation funding is available through detail code A404 - Child Care Transformation. This allocation can be found in the Budget Schedule of the child care Agreement, if applicable.

ELIGIBLE EXPENDITURES

Child Care Transformation funding may be used to cover expenses related to Fee Subsidy, Wage Subsidy, and Special Needs Resourcing (SNR). It may also be used to purchase play-based materials and equipment for child care programs, IT upgrades that help facilitate internet connectivity for child care business purposes as well as child care planning.

Please refer to the following schedules for a description of these services:

- Fee subsidy - refer to detail code A370/A371 in the Program Description Schedule of the service Agreement and of this guideline;
- Wage subsidy - refer to detail code A392 in the Program Description Schedule of the service Agreement and of this guideline; and
- Special Needs Resourcing - refer to detail code A377 in the Program Description Schedule of the service Agreement and of this guideline.

Below are further details on eligible expenses related to play-based materials and equipment, IT upgrades, child care planning and child care re-opening.

Play-based Material and Equipment

- Play-based material and equipment funding is intended to help child care licensees create enriching environments with materials that promote children's learning and development through exploration, play and inquiry consistent with the views, foundations and approaches of ***How Does Learning Happen? Ontario's Pedagogy for the Early Years***. Please refer to the [Ministry of Education website](#) for additional information.
- Funding may be used to create indoor and outdoor spaces that invite children to investigate, imagine, think, create, solve problems, collaborate, communicate and make meaning from their experiences. Consider providing interesting and open-ended materials that children can use in many ways.
- Funding may be used to create environments that support children's connections to the natural world. Consider programs where they can engage in vigorous physical play in natural outdoor spaces and playgrounds that present manageable levels of challenge. Examples may include creating a natural playground space or adding a sandbox to the outdoor play area.
- Play-based material and equipment funding may also be used to purchase non-consumable supplies/equipment that supports the regular operation of the child care program (e.g. kitchen supplies).
- Play-based material and equipment funding may also be used for minor renovations, such as lowering sinks/countertops to provide easier access for children to wash their hands.

If you have any questions regarding the use of transformation funding for the purchase of play-based materials and equipment, please contact your Early Years Advisor.

IT Upgrades

- Transformation funding may be used to support the purchase of IT upgrades that supports modernization for business purposes.

Child Care Planning

- Funding may be used for planning related expenses, including staffing, research, data collection and analysis, and community engagement, that assist with the delivery of child care that is responsive to community needs, and support program viability and quality of licensed child care programs.

Costs such as the purchase of a bus or capital builds are not eligible expenditures. Child Care Transformation funding cannot be allocated to unlicensed settings.

Child Care Re-opening

- Funds may be spent on additional operating costs associated with re-opening of licensed child care. Examples include personal protective equipment (PPE), cleaning supplies, toys that can easily be cleaned/sanitized, salaries and wages for increased staffing (additional staff for screening etc.) as a result of re-opening.

FINANCIAL FLEXIBILITY

Child Care Transformation funding (A404) may be used for any of the expenses listed under eligible expenditures above. Child Care Transformation funding may also be transferred to Child Care Supervisor Network – Capacity Funding (A405) to assist First Nations communities invest in professional learning and development, networking and capacity building opportunities. This allocation can be found in the Budget Schedule of your 2021-22 child care service Agreement.

REPORTING REQUIREMENTS

First Nations are required to report financial and service data to the ministry related to Child Care Transformation expenses. First Nations will provide this information as part of their year-end Financial Statements submission (EFIS or Attestation Form).

First Nations are required to report on their total transformation expenditures. In addition to expenses, First Nations are required to report on the Child Care Transformation data elements outlined in the subsection below. These data elements include:

- The number of children supported by transformation funding;
- The number of children receiving SNR services up to age 12 funded through transformation;
- The number of children receiving SNR services ages 13-18 funded through transformation;
- The number of full-time equivalent (FTE) staff providing SNR services funded through transformation;
- The number of full-time equivalent (FTE) program staff serving children 0-5 who receive wage subsidy through transformation funding;
- The number of full-time equivalent (FTE) program staff serving children 6-12 who receive wage subsidy through transformation funding;
- The number of full-time equivalent (FTE) non-program staff who received wage subsidy through transformation funding; and
- The number of licensed child care programs that received funding for IT upgrades.

Please see the [Data Elements](#) subsection below for additional details on reporting requirements.

REQUIRED DOCUMENTATION

First Nations shall maintain service and financial records for each site where the service above is being provided.

FILE RETENTION

First Nations and TPAs shall retain service and financial records for a period of seven years.

A405 – CHILD CARE SUPERVISOR NETWORK – CAPACITY FUNDING

PURPOSE

The primary purpose of Child Care Supervisor Network – Capacity Funding is to support participation in First Nations Child Care Supervisor Networks and capacity building for Supervisors/staff to support the delivery of quality programs in First Nations licensed child care programs.

Capacity Funding is also intended to support professional learning and development opportunities that build the capacity of supervisors, program staff/caregivers, home visitors and home child care providers to support the provision of high-quality programs for children under 13 years of age in licensed child care settings. High-quality child care programs are child-centred and provide environments and experiences to engage children in active, creative and meaningful exploration and learning.

ALLOCATIONS

Child Care Supervisor Network – Capacity Funding is available through detail code A405 - Child Care Supervisor Network – Capacity Funding. This allocation can be found in the Budget Schedule of the child care Agreement, if applicable.

ELIGIBLE EXPENDITURES

Child Care Supervisor Network – Capacity Funding may be used to cover any of the eligible expenses below for Supervisors/staff in licensed child care settings. This funding cannot be allocated to unlicensed settings.

Professional learning and development opportunities may be provided to child care supervisors, program staff, resource teachers/consultants, supplemental special needs resourcing (SNR) staff, cooks, home child care providers, home visitors, other staff or parent advisory committees/parent councils of licensed programs.

Note: While Child Care Supervisor Network – Capacity Funding is intended to support licensed child care programs, partnerships with other community organizations and initiatives such as child and family programs are encouraged to promote inter-professional learning opportunities.

First Nations and TPAs are responsible for determining how this funding can be used to support the development of and participation in child care supervisor networks and capacity building for First Nation child care Supervisors and staff. First Nations and TPAs are encouraged to work with their child care Supervisors to determine how the funding can be used to support quality programming in their child care programs.

First Nations may wish to build on or complement existing capacity building initiatives to meet the professional learning strategy requirements under the Child Care and Early Years Workforce Funding. For more information, please refer to Section 6 of the guideline.

Child Care Supervisor Network – Capacity Funding may be used for:

- Transportation, meal and accommodation costs to attend supervisor meetings and network events⁹;
- Equipment and technology to support supervisor network meetings (e.g., teleconference lines and Adobe connect);
- Costs associated with the development and sharing of resources to support child care supervisors and child care programs; and/or
- Mentoring with First Nations Child Care Supervisor Network leaders.

First Nations and TPAs may also direct funding to support:

- Professional learning and development opportunities that align with the *Child Care and Early Years Act, 2014* regulations and ministry policy (e.g., workshops, mentoring and coaching, in-person or virtual networking opportunities that support continuous learning through questions, reflection and dialogue);
- Program-related professional learning opportunities that align with the views and approaches outlined in *How Does Learning Happen? Ontario's Pedagogy for the Early Years*, which promotes reflective practice and collaborative inquiry, and support the regulatory requirements under the *Child Care and Early Years Act, 2014* (e.g. College of Early Childhood Educators leadership initiatives, post-diploma training programs etc.);
- Establishment of professional learning communities of practice to support early years program staff; and/or
- Professional development opportunities related to child care program business administration (e.g., budgeting, leadership, human resource management, policy development, board governance, etc.).

Professional development opportunities related to the health, safety and well-being of children (e.g., nutrition, first aid, environmental health, communicable diseases, etc.):

- Relief/Release time and overtime to support staff in participating in professional development opportunities; and/or
- Travel costs to support attendance at professional development opportunities.

⁹ First Nations and TPAs are to refer to the [Ontario Public Service Travel, Meal and Hospitality Expenses Directive effective January 1, 2020](#) as a guide.

Some guiding principles that First Nations and TPAs may want to consider in determining how to spend this funding include:

- Supporting child care supervisors with opportunities to create and enhance First Nation Child Care Supervisor Networks;
- Increasing opportunities for child care supervisors to meet face-to-face to share knowledge, build relationships and learn from one another;
- Building capacity among child care supervisors and program staff; and,
- Supporting supervisors and licensed child care program staff in delivering high quality child care for children under 13 years of age.

Early Childhood Educations Qualifications Upgrade Program

The ministry funds the Early Childhood Education Qualifications Upgrade Program (ECE QUP) which supports individuals working within the early years sector who have been accepted to an Ontario College of Applied Arts and Technology to pursue their Early Childhood Education (ECE) diploma and become eligible to apply for membership with the College of Early Childhood Educators. Support is provided through education grants, travel grants, training allowances and book allowances.

First Nation, Métis and Inuit communities have identified challenges recruiting and retaining qualified early childhood educators to deliver culturally responsive programs. In an effort to support staff in child care and early years settings in upgrading their skills, the ECE QUP prioritizes applicants living and/or working in these communities.

The ECE QUP also includes a Leadership Grant Stream which was established to support professional development opportunities for program staff (e.g. RECEs designated to leadership positions and/or responsibilities).

For more information on the ECE QUP, please visit the program's website at <http://www.ecegrants.on.ca/>.

FINANCIAL FLEXIBILITY

Funding may be used for any of the categories listed above under eligible expenditures. First Nations and TPAs may transfer Child Care Transformation (A404) and Wage Subsidy (A392) funding allocations to Child Care Supervisor Network – Capacity Funding (A405) to assist First Nations communities in investing in professional development and capacity building opportunities that will maintain or enhance child care program quality on reserve. This allocation can be found in the Budget Schedule of your service Agreement, if applicable.

First Nations and TPAs may transfer Wage Subsidy funding (A392) into, but not out of Capacity Funding (A405). Wage Subsidy is a priority for the ministry to enhance staff stability and improve affordability of child care for families. This means that prior to the transfer of Wage Subsidy funding, First Nations must ensure that all wage subsidy requirements of eligible staff in a licensed child care centre or home child care agency have been met.

First Nations and TPAs may also transfer Special Needs Resourcing funding (A377) into, but not out of Capacity Funding (A405). SNR is a priority for the ministry to ensure the inclusion of children with special needs in licensed child care settings at no additional cost to parents/guardians. This means that prior to the transfer of SNR funding, First Nations must ensure that all SNR requirements for children in licensed child care are met.

Capacity Funding (A405) may be transferred into Child Care Transformation (A404) where the expenses are related to child care re-opening.

REPORTING REQUIREMENTS

First Nations and TPAs are required to report financial and service data to the ministry related to Child Care Supervisor Network – Capacity Funding expenses. First Nations will provide this information as part of their year-end Financial Statements submission (EFIS or Attestation Form).

In addition to total expenditure, First Nations and TPAs are required to report on the Child Care Supervisor Network – Capacity Funding data element outlined in the subsection below. This data element includes:

- The number of child care staff who were supported by this funding to participate in network meetings or engage in professional development activities.

Please see the [Data Elements](#) subsection below for additional details on reporting requirements.

REQUIRED DOCUMENTATION

FILE RETENTION

First Nations and TPAs shall retain service and financial records for a period of seven years.

A406 – WAGE ENHANCEMENT/HOME CHILD CARE ENHANCEMENT GRANT

PURPOSE

The purpose of the wage enhancement is to help retain registered early childhood educators (RECEs) and child care program staff, and support access to stable, high-quality child care programs for children in Ontario. The wage enhancement will also help close the wage gap between RECEs working in the Kindergarten program and RECEs/other child care program staff working in licensed child care settings.

In 2021-22, the wage enhancement will support an increase of up to \$2 per hour, plus 17.5 per cent benefits for eligible child care staff. In addition, the Home Child Care Enhancement Grant (HCCEG) will support an increase of up to \$20 per day for eligible home child care providers.

GOALS

The goals of the wage enhancement are to:

- Close the wage gap between RECE wages in the education sector and licensed child care sectors;
- Stabilize licensed child care operators by helping them retain RECEs/child care staff; and
- Support greater employment and income security.

These goals support the ministry's priorities to:

- Stabilize and transform the existing child care system to increase program reliability and choice for parents and support consistent, high-quality child care services to support children's learning and development; and
- Support licensed home child care agencies and strengthen the licensed home child care system.

FUNDING ALLOCATIONS

A Wage Enhancement/Home Child Care Enhancement Grant (HCCEG) amount has been included in the Budget Schedule of the 2021-22 service Agreement, if applicable. The mandatory requirement for wage enhancement applications was removed in 2018-19. Application forms will continue to be available to First Nations and TPAs with staffing changes resulting in the Wage Enhancement entitlement exceeding the notional allocation and requiring an amended 2021-22 service Agreement, or to those that have not previously applied for wage enhancement/HCCEG, on a case-by-case basis. Wage enhancement application forms are available upon request from your Financial Analyst. First Nations that have staffing changes are required to submit a wage enhancement/HCCEG application to the ministry by July 30, 2021.

ELIGIBILITY

All licensed child care centres and home child care agencies that opened before March 31, 2021 are eligible to apply for wage enhancement/HCCEG funding for 2021-22. All newly opened, expanded or licensed child care centres and home child care agencies with staffing changes are eligible to apply for wage enhancement/HCCEG funding in the same year the program begins operations.

Wage Cap

As the intent of the wage enhancement is to close the wage gap between RECEs working in the publicly funded education sector, and RECEs, child care program staff and providers in licensed child care settings, the ministry has established an hourly wage maximum of **\$28.31 per hour** as of January 1, 2021 for centre-based staff and home visitors, or an equivalent rate of **\$283.10** per day for full time Home Child Care providers (the cap for part-time providers is **\$169.86**).

This wage cap aligns with the school board Educator Salary Matrix for RECEs in the Kindergarten program. The cap applies when determining entitlement and for payments to staff and home child care providers.

Wage Enhancement: Child Care Centre Program Staff and Home Child Care Visitors

Note: Eligibility criteria is used to determine entitlement (based on 2020-21 entitlement) and to determine payments to staff in 2021-22. For licensees that open in the current fiscal year, please estimate the number of hours to be worked.

Full Wage Enhancement

To be eligible to receive the full 2021-22 wage enhancement of \$2 an hour plus 17.5 per cent in benefits, staff must:

- Be employed in a licensed child care centre or agency;
- Have an associated base wage, excluding prior year's wage enhancement, of \$26.31 or less per hour (i.e. \$2 below the wage cap of \$28.31); and
- Be in a position categorized as a child care supervisor, RECE, home child care visitor, or otherwise counted toward adult to child ratios under the *Child Care and Early Years Act* (CCEYA).

Child care program positions that are in place to maintain higher employee-child ratios than required under the CCEYA, and meet the eligibility outlined above, are also eligible for wage enhancement.

Partial Wage Enhancement

Where an eligible centre-based or home visitor position has an associated base wage rate, excluding prior year's wage enhancement, between \$26.32 and \$28.30 per hour, the position is eligible for a partial wage enhancement. The partial wage enhancement will increase the wage of the qualifying position to \$28.31 per hour without exceeding the cap.

- For example, if an RECE position has a base wage rate, excluding the previous year's wage enhancement, of \$26.90 per hour, the position would be eligible for wage enhancement of \$1.41 per hour.

Staff who received partial wage enhancement for the period between January 1 to March 31, 2021 may be eligible for an adjustment. Please contact your financial analyst for further information.

Ineligible Positions (Non-Program Staff):

- Cooks, custodial and other non-program staff positions are not eligible for wage enhancement funding.
- SNR-funded resource teachers/consultants and supplemental staff are not eligible for wage enhancement funding.

The only exception to the above is if the position spends at least 25 per cent of their time in program to support ratio requirements; in which case the staff would be eligible for wage enhancement for the hours worked in the eligible position supporting ratio.

Staff hired through a third party (i.e. temp agency) are not eligible for wage enhancement.

Home Child Care Enhancement Grant (HCCEG): Home Child Care Providers

Full Home Child Care Enhancement Grant

In order to be eligible to receive the full HCCEG of \$20 per day, home child care providers must:

- Hold a contract with a licensed home child care agency;
- Provide services to one child or more (e.g. the 'one' child or 'more' in care could be an agency placed child(ren) or a privately placed child(ren); excluding provider's own children);
- Provide full time services on average (6 hours or more a day); and
- Receive base daily fees, excluding prior year's HCCEG, of \$263.10 or less (i.e. \$20 below the cap of \$283.10).

Partial Home Child Care Enhancement Grant

In order to be eligible to receive the partial HCCEG of \$10 per day, home child care providers must:

- Hold a contract with a licensed home child care agency;
- Provide services to one child or more (e.g. the 'one' child or 'more' in care could be an agency placed child(ren) or a privately placed child(ren); excluding providers own children);
- Provide part time services on average (less than 6 hours a day); and
- Receive base daily fees, excluding prior year's HCCEG, of \$159.86 or less (i.e. \$10 below the cap of \$169.86).

Please note: Information on privately placed children must be considered when determining eligibility and payments for the HCCEG.

Home child care providers who received partial HCCEG for the period between January 1 to March 31, 2021 may be eligible for an adjustment. Please contact your financial analyst for further information.

Supplemental Grant

The ministry will provide an additional supplemental grant of \$150 for each eligible centre-based FTE or home visitor FTE and \$50 for each eligible home child care provider. The supplemental grant allows First Nations and TPAs some flexibility to provide and implement wage enhancement in a way that aligns with their regular operations.

The supplemental grant must be used to support staff, home visitors' and providers' hourly/daily wage or benefits.

It provides First Nations with the flexibility to cover salary shortfalls (e.g. due to increased hours in program, and/or new eligible staff/providers) and additional benefits, (e.g. vacation days, sick days, professional development (PD) days, and/or other benefits) once mandatory benefits are covered. Any funding that is not used for these purposes will be recovered.

APPLICATION PROCESS

In 2021-22, First Nations and TPAs with newly opened, expanded or licensed child care centres and home child care agencies with staffing changes, or who have not previously applied for wage enhancement/HCCEG, are required to complete the wage enhancement/HCCEG application form to receive the wage enhancement entitlement of up to \$2 plus 17.5 per cent benefits, or up to \$20 for the HCCEG.

Please note the base hourly wage rate or home child care provider fees entered in the application form should exclude prior year's wage enhancement/HCCEG amount.

Application forms are available upon request from your Financial Analyst. Please note completed and signed application forms are due to the ministry by **July 30, 2021**.

If the entitlement approved in the wage enhancement/HCCEG application form exceeds the allocation included in the 2021-22 service Agreement, a revised Budget Schedule will be provided.

The ministry will fund 100 per cent of the approved wage enhancement/HCCEG requests up to the entitlement amount generated by the application process.

ELIGIBLE EXPENDITURES

Wage enhancement/HCCEG funding (including the supplemental grant) is an enveloped allocation. Wage enhancement/HCCEG funding must be directed solely to licensed child care staff and home visitors (that meet eligibility criteria) to increase wages and benefits, and to home child care providers (that meet eligibility criteria) to increase daily income. Wage enhancement/HCCEG funding cannot be used for any other expenses, including expansion or reducing fees. Wage enhancement must be provided to eligible child care professionals in addition to their existing compensation and cannot be associated with quality assurance/program performance or merit processes.

First Nations may only use the funding for the intended purposes of:

- Increasing wages of eligible centre-based staff and home visitors by up to \$2 per hour plus 17.5 per cent benefits based on their current wage rate for all hours worked in program, including overtime hours;

Please note: the salary increase cannot exceed \$2 per hour in program and the wage cap of \$28.31 per hour. Operators may exceed 17.5 per cent for benefits if the supplemental grant is used to support additional benefit expenses.

- Providing a daily increase of up to \$20 for eligible licensed home child care providers based on current hours of service provided.

Please note: the daily wage increase cannot exceed \$20 and the daily cap of \$283.10 for full time providers and \$10 and the daily cap of \$169.86 for part time providers.

Benefits Funding and Flexibility

Benefits funding of 17.5 per cent supports operators in meeting statutory benefit requirements.

Once all statutory benefits requirements are met, any remaining funding within 17.5 per cent can be used to fund other benefit expenses paid by the employer on behalf of the employee.

Any residual benefits funding can be used to support wage enhancement salaries per the above eligible expenditures. Please note this is one-way funding flexibility only, that is, salary funding cannot be used for benefits.

First Nations cannot transfer funds between their regular child care allocation and their wage enhancement allocation. Any funding not used for the intended purpose will be recovered by the ministry.

PROGRAM CLOSURE

Where a First Nation applies for wage enhancement/HCCEG and the centre closes mid-year, First Nations are to support payments to eligible staff and/or home child care providers for hours worked before the closure.

If the program closes prior to the First Nation applying for wage enhancement/HCCEG, no funding should be transferred.

In cases of program transfers/amalgamations, the approved wage enhancement may be distributed to staff through the transferred/amalgamated program provided there are no substantial changes to either the program offered, or staff employed under the new arrangement, the transformation supports continuity of care and program viability, and the First Nation has mechanisms in place to ensure accurate information and accountability for the transfer of funding.

PAYMENTS TO STAFF AND PROVIDERS

Wage enhancement payments should be provided to eligible positions for each hour worked in 2021-22. First Nations have the flexibility to fund their current year's eligible positions, even if the position did not exist in 2020-21.

Similarly, HCCEG payments should be provided to eligible home child care providers for each day worked in 2021-22. Agencies have the flexibility to fund current year eligible providers, regardless of whether the provider had a contract with the agency in 2020-21. The compensation rate (partial or full) will be based on their current year average daily services.

The flexibility to provide wage enhancement/HCCEG to current staff and providers may cause a shortfall in funding for the year if First Nations choose to fund new positions or providers. If there is a shortfall in a First Nations entitlement, the First Nation can use the supplemental grant to fund the additional time in program for new or existing staff. The supplemental grant can also be used to fund sick days, professional development days and/or additional benefits, but cannot exceed an increase of \$2 an hour plus benefits for staff and home visitors or \$20 a day for home child care providers.

Since one of the goals of this initiative is to close the wage gap, if an eligible staff member or home child care provider receives an increase to their hourly wage or daily

fee (excluding prior year's wage enhancement/HCCEG amount) and their base wages/fees now exceed the wage cap in 2021-22, they are no longer eligible to receive wage enhancement/HCCEG funding.

If at any point a home child care provider stops serving children, the home child care agency must terminate the transfer of HCCEG funds to the provider.

Payment Method

First Nations are required to include wage enhancement in each staff pay cheque or HCCEG in each home child care provider fee transfer once funding is received and processed.

In addition, First Nations must notify staff or home child care providers of the amount provided to them through this initiative on staff pay cheques/home child care provider fee transfers, or through a separate letter, labeled as follows:

- Provincial child care wage enhancement; or
- Provincial home child care enhancement grant.

REPORTING REQUIREMENTS

First Nations will be required to report on the following expenses and service data elements in their Wage Enhancement Application Form, and Financial Statements submission (EFIS or Attestation Form):

Expenditures:

All expenditures below should include any funding from the supplemental grant.

- Full and partial wage enhancement funding including salary component and benefits component for:
 - RECEs
 - Supervisors
 - Other program staff
 - Home child care visitors
- Full and partial HCCEG required for home child care providers;
- Actual total wage enhancement salaries and benefits paid out for fully and partially eligible RECE, Supervisors, other program staff and home visitors related to ministry funding only; and
- Actual total HCCEG paid out for fully and partially eligible home child care providers.

Service Data:

- Number of fully and partially eligible RECEs, Supervisors, and non-RECE FTEs eligible for wage enhancement;
- Number of fully and partially eligible home visitor FTEs eligible for wage enhancement;

- Number of fully and partially eligible home child care providers receiving HCCEG;
- Number of child care centres or sites receiving wage enhancement; and
- Number of home child care agencies receiving HCCEG.

Please see the [Data Elements](#) subsection below for additional details on reporting requirements.

A407 – ADMINISTRATION FUNDING FOR WAGE ENHANCEMENT/HOME CHILD CARE ENHANCEMENT GRANT

PURPOSE

To support First Nations with the administration of the wage enhancement/HCCCEG initiative, the ministry is providing funding for administration in 2021-22. This allocation is to be used to fund the administrative effort associated with the wage enhancement/HCCCEG.

FUNDING ALLOCATIONS

Wage enhancement/HCCCEG administration allocations are based on the amount of administration funding allocated in 2019-20. The allocation is included in child care service Agreements.

Any unused 2021-22 wage enhancement administration funding will be recovered by the ministry.

ELIGIBLE EXPENDITURES

The wage enhancement administration allocation is to be used to fund the administrative effort associated with administering the wage enhancement/HCCCEG. First Nations are encouraged to use this funding to include wage enhancement and HCCCEG on regular payments to staff and providers. First Nations may also use this funding to support wage enhancement/HCCCEG administration, such as, upgrading payment systems, internal payment processes, training for staff related to this initiative, and internal processes to track data and expenditures.

REPORTING REQUIREMENTS

First Nations will provide this information as part of their year-end Financial Statements submission (EFIS or Attestation Form).

- Total 2021-22 administration funds spent.

The wage enhancement/HCCCEG administration grant provided in 2015-16 will **continue to be reported on because this was provided as a grant that could be carried forward**. Therefore, unused 2015-16 administration grant funding will not be recovered by the ministry. However, please note that unused administration funding provided to First Nations in 2021-22 will be recovered by the ministry.

First Nations and TPAs shall maintain service and financial records for each site where the service above is being provided.

FILE RETENTION

First Nations and TPAs shall retain service and financial records for a period of seven years.

A515 – SMALL WATER WORKS

PURPOSE

Small water works funding supports costs related to small water systems for licensed child care centres.

ALLOCATIONS

First Nations that have historically received small water works funding have received an allocation in 2021-22. This funding is available through detail code A515 – Small Water Works. This allocation can be found in the Budget Schedule of the child care Agreement, if applicable.

ELIGIBLE EXPENDITURES

Small water works funding is for licensed child care centres that are on small water systems. This funding should be used to support regular ongoing water testing and maintenance expenses, which are limited to the following expense categories – laboratory testing, chemicals, supplies/filters, courier costs, maintenance of water treatment equipment including replacement UV bulbs and training.

Costs related to the purchase and installation of systems and equipment are not eligible.

FINANCIAL FLEXIBILITY

Funding may be used for any of the categories listed above under eligible expenditures but cannot be moved to any other detail codes.

REPORTING REQUIREMENTS

First Nations are required to report financial and service data to the ministry related to small water works expenses. First Nations will provide this information as part of their year-end Financial Statements submission (EFIS or Attestation Form).

In addition to total expenditure, First Nations are required to report on the number of programs funded through small water works.

Please see the [Data Elements](#) subsection below for additional details on reporting requirements.

REQUIRED DOCUMENTATION

First Nations and TPAs shall maintain service and financial records for each site where the service above is being provided.

BASE FUNDING FOR LICENSED HOME CHILD CARE

PURPOSE

The government has increased operating funding to support a base funding model for licensed home child care agencies. Licensed home child care (LHCC) base funding is intended to serve families with children enrolled in home child care agencies and allow them to benefit indirectly from the funding.

The LHCC base funding supports the provision of stable, predictable funding to assist agencies with forecasting, planning, and actively recruiting more providers.

The goal of LHCC base funding is to reduce per diem charges and demonstrate that this reduction benefits both:

- providers, in the form of increased compensation; and
- parents, in the form of reduced fees.

ELIGIBLE EXPENDITURES

Funding may be used for ongoing costs, including: staff wages and benefits, lease and occupancy costs, utilities, administration, transportation for children, resources, nutrition, supplies, and maintenance. Ministry funding can only be used to offset salary costs over and above the licensees' regulatory requirements for minimum wage and mandatory benefits.

The LHCC base funding allocation is outlined in the Budget Schedule of the service Agreement, if applicable. The allocation has been calculated based on \$6,900 per active home as reported in the 2019 Child Care Licensing System (CCLS) licensing survey.

The ministry provides First Nations with the ability to use LHCC base funding amongst licensed home child care expense categories only. LHCC funds not spent on licensed home child care will be recovered by the ministry.

First Nations must have a policy and approach in place for allocating LHCC funding in their communities. First Nations may wish to use their previous funding policies to inform their allocation approach and are encouraged to adapt existing local practices where possible to support the implementation of the LHCC base funding initiative.

REPORTING REQUIREMENTS

First Nations will provide this information as part of their year-end Financial Statements submission (EFIS or Attestation Form).

In addition to total expenditure, First Nations are required to report on the LHCC base funding data element outlined in the subsection below. These data element include:

- Number home child care agencies receiving funding; and,
- Total licensed capacity of all programs supported (cumulative).

Please see the [Data Elements](#) subsection below for additional details on reporting requirements.

CHILDREN'S RECREATION PROGRAMS

This section is only applicable to communities using Fee Subsidies and Special Needs Resourcing (SNR) to subsidize funding for children's recreation programs.

PURPOSE

This section details the funding eligibility requirements for "children's recreation programs". All other current ministry protocols for the administration of Fee Subsidies and Special Needs Resourcing funding apply as well. Please see the Fee Subsidy and SNR sections of this guideline for further information.

ALLOCATIONS

The primary intent of child care funding is to support licensed child care. There is no separate allocation for children's recreation programs. Fee subsidy and SNR funds may be used to support children enrolled in children's recreation programs as follows:

- Funds flowed using detail code A371 Child Care Regular Fee Subsidies
- Funds flowed using detail code A377 Special Needs Resourcing
- Funds flowed using detail code A404 Child Care Transformation provided that they are spent on Fee Subsidies or SNR

Note that funds flowed using detail code A370 Child Care Regular Fee Subsidies may only be used to support children in licensed child care programs and not enrolled in children's recreation programs. This is because of the Canada-Ontario cost sharing arrangements under the *Memorandum of Agreement Respecting Welfare Programs for Indians*.

ELIGIBILITY REQUIREMENTS

Section 1 of Ontario Regulation 138/15 under the *Child Care and Early Years Act, 2014* defines "children's recreation program" as a program that is operated by:

- a) An organization recognized under Regulation 797 of the Revised Regulations of Ontario, 1990 (Recreation Programs) made under the *Ministry of Tourism and Recreation Act* as a children's recreation service provider by a resolution passed by the local service system manager, municipality, school board or First Nation; or
- b) An authorized recreational and skill building program as defined under the *Child Care and Early Years Act, 2014* and its regulations (see paragraphs 1 to 4 of subsection 6 (4) of the CCEYA and the criteria set out in section 3.1 of Ontario Regulation 137/15 made under the CCEYA); or
- c) A member of the Ontario Camps Association.

Fee subsidies may be provided to children enrolled in one of three types of “children’s recreation programs” described above who are four years old or older (or turning four in the current calendar year and enrolled on or after September 1).

Authorized recreational and skill building programs

“Authorized recreational and skill building programs” are defined in the CCEYA. An “authorized recreational and skill building program” is one that:

- Operates once a day for no more than 3 hours on weekdays
- Promotes recreational, artistic, musical or athletic skills or provide religious, cultural or linguistic instruction
- Is not operated in a person’s home
- Is operated by one of the following:
 - A local service system manager, a municipality, school board, First Nation, or the Métis Nation of Ontario;
 - An organization that delivers Ontario’s After School Program funded by the Ministry of Heritage, Sport, Tourism and Culture Industries (MHSTCI);
 - A member of the YMCA Canada or a member of Boys and Girls Clubs of Canada;
 - Operated by a member of a provincial sport organization or multi-sport organization recognized by MHSTCI, where the program’s activities are related to the sport or sports promoted by the organization;
 - An organization that is recognized by Parks and Recreation Ontario as a HIGH FIVE accredited organization;
 - Operated by a Friendship Centre that is a member of the Ontario Federation of Indigenous Friendship Centres;
 - Operated by an MHSTCI agency or attraction (e.g. Royal Ontario Museum, Ontario Science Centre);
 - Authorized by the local service system manager to offer child care on their service area provided that the program can demonstrate to the local service system manager that it offers programming that supports the health, safety and well-being of children; or
 - Authorized by a First Nation to offer child care on their territory provided that the program can demonstrate to the First Nation that it offers programming that supports the health, safety and well-being of children.

Programs where the primary purpose is to promote skill-based sports and recreation are not considered child care and do not require a licence. This exemption is set out in the CCEYA:

The care or supervision is provided as part of a program, the primary purpose of which is not to provide temporary care for or supervision of children but rather to promote recreational, artistic, musical or athletic skills or to provide religious, cultural or linguistic instruction. (Paragraph 7, Section 4(1) of the CCEYA)

These programs tend to be episodic programs and services of short duration and frequency. For example, this can include things such as:

- One hour lessons (e.g. dance, music, swimming)
- Team sports (e.g. hockey practice and games)
- Club activities that are offered once or twice a week (e.g. Girl Guides, 4-H)

The ministry looks at six factors to determine whether a program's primary purpose is recreational or child care: (i.e. frequency and duration; ages of children; programming content; transportation; the facilities, equipment and furnishings; and whether registration and administration is coordinated with one or more other programs).

To determine whether a program falls under the recreation exemption, please email: information.met@ontario.ca with a description of the program in relation to the factors noted above.

More information about determining a program's primary purpose can be found here: <http://www.edu.gov.on.ca/childcare/PrimaryPurpose.html>

Camps

Pursuant to Ontario Regulation 138/15, parents of children in "camps" - as defined in paragraph 9 of subsection 4 (1) of the Act (CCEYA) – who also meet other eligibility criteria are by regulation eligible for fee subsidy.

Eligible Camps:

- Operate for no more than 13 weeks in a calendar year.
- Operate on days where instruction is not typically provided for pupils in schools.
- Are not operated at a person's home.
- Are members of the Ontario Camps Association.

Children with Special Needs: Age Eligibility Transition

Under the *Day Nurseries Act*, parents of children with special needs could be eligible for fee subsidies for children up to 18 years of age. While the *Child Care and Early Years Act, 2014* defines a child as under the age of 13 years, to support continuity of care, children with special needs who were in receipt of a service or received financial assistance before August 31, 2017 will be allowed to continue to receive assistance/services until they turn 18 years, provided that they meet other eligibility criteria that are unrelated to age (see Ontario Regulation 138/15). For example, if a person with special needs started to receive financial assistance at age 12 years on August 30, 2017, they are eligible to continue receiving that financial assistance until they turn 18 years in the year 2023. These provisions mean that these adolescents will not experience a financial assistance/service disruption based on their age. Please see section 28 of Ontario Regulation 138/15 for the provisions that speak to this transition approach.

Program Requirements

First Nations are required to have program requirements in place that support the health, safety and well-being of children enrolled in children's recreation programs with whom they are entering into a purchase of service Agreement for the provision of fee subsidies and/or SNR. At a minimum these requirements should include standards related to the following health, safety and well-being provisions:

- 1) Liability Insurance
- 2) Safe Arrival and Departure of Children
- 3) Vulnerable Sector Check
- 4) Adult Supervision
- 5) Programming Quality Assurance (e.g. HIGH FIVE certification or Accredited by the Ontario Camps Association)

Children's recreation programs must also meet these requirements in order for First Nations to permit the provision of SNR to children enrolled in these programs. The programs may hire staff directly to provide SNR supports or First Nations should amend their service Agreements accordingly if supports are provided through an SNR agency.

REPORTING REQUIREMENTS

First Nations are required to report on the following data elements as part of their year-end Financial Statements submission (EFIS or Attestation Form) only if they are supporting children in recreation programs with fee subsidies and/or special needs resourcing:

- Average monthly number of kindergarten children served – fee subsidies and children's recreation;
- Average monthly number of school-age children served – fee subsidies and children's recreation;
- Number of kindergarten children served – fee subsidies and children's recreation;
- Number of school-age children served – fee subsidies and children's recreation;
- Number of children served, 0 to 12 years – special needs resourcing;
- Number of children served, age 13-18 – special needs resourcing;
- Average monthly number of children served up to and including Kindergarten – special needs resourcing; and
- Average monthly number of school-age children served – special needs resourcing.

Please see the [Data Elements](#) subsection below for additional details on reporting requirements.

REQUIRED DOCUMENTATION

CHILD CARE DATA ELEMENTS

First Nations are responsible for reporting on all data elements associated with the funding allocated through their service Agreement.

CHILD CARE REGULAR FEE SUBSIDIES – *CHILD CARE AND EARLY YEARS ACT*

DATA ELEMENTS:

Name: Average Monthly Number of Infants Served

Definition:

The average monthly number of infants benefiting from subsidized child care. Each infant is counted once every month. The number reported in each financial submission cycle is the year-to-date average (mean) of the number of infants benefiting from subsidized child care in each month. For infants, younger than 18 months of age. Each child will move up to the next age group according to their birth date.

Frequency: Allocation \$500,000 and Above: Financial Statements (EFIS – Schedule 1.1)

Allocation Below \$500,000: Financial Statements (Attestation)

Name: Average Monthly Number of Toddlers Served

Definition:

The average monthly number of toddlers benefiting from subsidized child care. Each toddler is counted once every month. The number reported in each financial submission cycle is the year-to-date average (mean) of the number of toddlers benefiting from subsidized child care in each month. For toddlers, 18 months of age or older but younger than 30 months of age. Each child will move up to the next age group according to their birth date.

Frequency: Allocation \$500,000 and Above: Financial Statements (EFIS – Schedule 1.1)

Allocation Below \$500,000: Financial Statements (Attestation)

Name: Average Monthly Number of Preschoolers Served

Definition:

The average monthly number of preschoolers benefiting from subsidized child care. Each preschooler is counted once every month. The number reported in each submission is the year-to-date average (mean) of the number of preschoolers benefiting from subsidized child care in each month. For preschoolers, 30 months of age or older but younger than 4 years of age. Each child will move up to the next age group according to their birth date.

Frequency: Allocation \$500,000 and Above: Financial Statements (EFIS – Schedule 1.1)

Allocation Below \$500,000: Financial Statements (Attestation)

Name: Average Monthly Number of Kindergarten Children Served

Definition:

The average monthly number of Kindergarten children benefiting from subsidized child care (includes JK and SK). Each child is counted once every month. The number reported in each financial submission cycle is the year-to-date average (mean) of the number of Kindergarten children benefiting from subsidized child care in each month. For Kindergarten children who are 44 months of age or older as of August 31st of each year, up to and including 6 years of age.

Frequency: Allocation \$500,000 and Above: Financial Statements (EFIS – Schedule 1.1)

Allocation Below \$500,000: Financial Statements (Attestation)

Name: Average Monthly Number of School-Aged Children Served

Definition:

The average monthly number of school-aged children benefiting from subsidized child care (includes Junior age). Each child is counted once every month. The number reported in each financial submission cycle is the year-to-date average (mean) of the number of school-aged children benefiting from subsidized child care. For school-aged children who are 68 months or older but younger than 13 years of age (under 18 for children with special needs).

Frequency: Allocation \$500,000 and Above: Financial Statements (EFIS – Schedule 1.1)

Allocation Below \$500,000: Financial Statements (Attestation)

Name: Number of Children Served

Definition:

The number of children benefiting from subsidized child care (Ontario Works and Transformation). Each child is counted only once in the fiscal year.

Data Type: Service Specific - Cumulative

Frequency: Allocation \$500,000 and Above: Financial Statements (EFIS – Schedule 1.1)

SECTION 4

ONTARIO WORKS CHILD CARE

SECTION 4: ONTARIO WORKS CHILD CARE

PURPOSE

Ontario Works (OW) Child Care funding is to be used to enable OW participants to work or engage in employment assistance activities while their children are being cared for in a safe and nurturing environment.

ALLOCATIONS

First Nations and TPAs can access two types of OW child care funding – Ontario Works Formal and Ontario Works Informal, which are described in detail below. OW Child Care funding is available through detail codes A402/A403 - Ontario Works Child Care. This allocation can be found in the Budget Schedule of the child care Agreement, if applicable.

ELIGIBLE EXPENDITURES

OW child care funding covers the cost of child care for children in First Nations communities whose parents are eligible for income assistance under the Ontario Works Act, 1997 (OWA) and are employed and/or participating in employment assistance activities under the OWA. OW child care may be provided for children under the age of 13, as defined by the *Child Care and Early Years Act, 2014*.

Please note that the *Child Care and Early Years Act, 2014* defines “child” as a person who is younger than 13 years old. However, families of children with special needs who are in receipt of a service or received financial assistance (subsidized child care) before August 31, 2017 will be allowed to continue to receive assistance until that child turns 18, provided that they meet other eligibility criteria that are unrelated to age (see O. Reg. 138/15 made under the *Child Care and Early Years Act, 2014*). For example, if a person with special needs started to receive financial assistance at age 12 on August 30, 2017, he/she is eligible to continue receiving that financial assistance until he/she turns 18 in the year 2023. This means that these adolescents will not experience a financial assistance disruption based on their age.

Child care is an essential support that allows OW participants to partake in employment assistance activities in order to make the transition to employment and achieve financial independence. First Nations and TPAs who receive OW Child Care funding are designated OW delivery agents under the OWA. In addition, the First Nation being funded directly or TPA designated to serve First Nations communities must be delivering the full OW program (i.e. financial assistance and employment assistance).

In First Nation communities with a licensed child care centre, OW and Child Care Administrators are encouraged to work collaboratively to ensure that child care supports are available for OW participants and to determine the child care services appropriate for OW participants within their communities while protecting confidentiality of families.

ONTARIO WORKS FORMAL CHILD CARE

Ontario Works Formal Child Care funding may cover the cost of licensed child care and home child care services provided to children of OW participants in First Nation communities. Ontario Works Formal child care funding is a type of fee subsidy, which is financial assistance provided on behalf of parents for the cost of licensed child care services or home child care services up to the actual cost of the licensed child care (as specified in section 8.7 of the [Ontario Works Policy Directives](#)).

Ontario Works Formal Child Care funding may be provided for children in attendance at a licensed child care centre operated by a First Nation/TPA or for the purchase of child care or home child care services for children whose parents are eligible for income assistance under the OWA (as defined in [O. Reg. 138/15](#)).

ONTARIO WORKS INFORMAL CHILD CARE

Ontario Works Informal Child Care funding may cover the cost of informal (unlicensed) child care provided to children of OW participants in First Nation communities. Informal child care provides an additional option for parents requiring more flexible arrangements for part time, short term and irregular care arrangements to meet OW participation requirements. The payment level to OW participants for informal care is the actual cost of the informal child care up to the prescribed maximum per child (as specified in [section 8.7 of the Ontario Works Policy Directives](#)). Currently, the maximum benefit amount is \$600 per month per child.

Please refer to the Ministry of Children, Community and Social Service's Ontario Works Policy Directives for more information about OW formal and informal child care supports.

The Ministry of Education is taking steps to prioritize and promote the use of licensed child care options for OW participants. The ministry encourages First Nations and TPAs to promote the use of licensed child care for OW participants and to document where OW participants are either unable to secure licensed child care or licensed child care does not effectively support the participants' activities as documented in the OW Participation Agreement. Information on the differences between unlicensed and licensed child care options can be found in the Ontario Works Child Care information sheet included in your service Agreement package or on the [Ministry of Education website](#).

COST-SHARING REQUIREMENTS

Ontario Works Formal Child Care (A402) is cost-shared on an 80% provincial / 20% First Nations basis under the *Child Care and Early Years Act, 2014*. Ontario Works Informal Child Care (A403) is funded 100% by the Province under the *Child Care and Early Years Act, 2014*.

FINANCIAL FLEXIBILITY

The Ontario Works Formal (A402) and Informal (A403) detail codes are combined and First Nations receive one allocation under Ontario Works Child Care - A402/A403 in the Budget Schedule of the service Agreement. The blending of the Ontario Works Formal (A402) and Informal (A403) detail codes provides First Nations and TPAs with the ability to spend their allocation in a way that best meets community needs. Although First Nations and TPAs receive a combined allocation under A402/A403, they will be required to report their expenditures on A402 and A403 separately in their Financial Statements submission.

The calculation of the First Nation or TPA's entitlement under Ontario Works Child Care - A402/A403 will take into account the different cost sharing requirements for the two detail codes. See the example below.

Ontario Works Child Care (A402/A403) may be transferred into Child Care Transformation (A404) where the expenses are related to child care re-opening.

Ontario Works Child Care Funding: Example of Entitlement Calculation

A First Nation is entitled to receive a maximum combined Ontario Works child care allocation of \$30,000. Based on community need, the First Nation has determined that 1/3 of their allocation will be used for Formal Child Care (A402) and 2/3 of their allocation will be used for Informal Child Care (A403).

A402/A403 OW Child Care Allocation \$30,000¹⁰

Community Need Analysis:

A402 Ontario Works Formal Child Care: $(\$30,000 \times 1/3) = \$10,000$

A403 Ontario Works Informal Child Care: $(\$30,000 \times 2/3) = \$20,000$

Costs that must be incurred in order to receive the full allocation:

	EDU Share	First Nation Share	Total Costs Incurred ¹¹
A402 Ontario Works - Formal Child Care (80/20 Cost Share)	\$10,000	\$2,500	\$12,500
A403 Ontario Works - Informal Child Care (100% funded by EDU)	\$20,000	\$0	\$20,000
Total	\$30,000	\$2,500	\$32,500

¹⁰ As outlined in the Budget Schedule of the child care service Agreement.

¹¹ If the cost incurred by the First Nation is less than \$32,500, the amount of funding the First Nation receives from the ministry will decrease.

REPORTING REQUIREMENTS

First Nations and TPAs are required to report financial and service data to the ministry related to OW Child Care. First Nations and TPAs will provide this information as part of their year-end Financial Statements submission (EFIS or Attestation Form).

In addition to total expenses, First Nations are required to report on the OW data element outlined in the subsection below. This data element includes:

Formal Child Care:

- Number of Children Served – Ontario Works Formal
- Number of Participants Served - Ontario Works Formal
- Average Monthly Number of Children Served – Ontario Works Formal

Informal Child Care:

- Number of Children Served – Ontario Works Informal
- Number of Participants Served – Ontario Works Informal
- Average Monthly Number of Children Served – Ontario Works Informal

REQUIRED DOCUMENTATION

First Nations and TPAs shall maintain service and financial records for each site where the service above is being provided.

FILE RETENTION

First Nations and TPAs shall retain service and financial records for a period of seven years.

OW FORMAL CHILD CARE DATA ELEMENTS:

Name: Number of Children Served - Ontario Works Formal

Allocation Below \$500,000: Financial Statements (Attestation)

SECTION 5

FIRST NATIONS CHILD AND FAMILY PROGRAMS

SECTION 5: FIRST NATIONS CHILD AND FAMILY PROGRAMS

PURPOSE

First Nations child and family programs offer high-quality, free drop-in child and family programs for parents, caregivers and children. They provide welcoming environments where families, children, and caregivers can learn, grow and connect together.

First Nations Child and Family Programs objectives are intended to:

- Increase access to culturally relevant early years programs and services for First Nations children and families on reserve;
- Enhance First Nations control of service design and delivery;
- Provide increased opportunities for First Nations children to learn about their culture and language from an early age; and,
- Improve outcomes for First Nation children and families including culturally relevant healthy child development, and parent and family supports.

ALLOCATIONS

Child and family program allocations are available in the Budget Schedule of the service Agreement, if applicable.

Child and Family Program funding may be transferred into Child Care Transformation (A404) where the expenses are related to child care re-opening.

PEDAGOGICAL FRAMEWORK FOR CHILD AND FAMILY PROGRAMS

Child and family programs are expected to provide programs that reflect the view of children, parents, caregivers and educators as competent, capable, curious and rich in potential and experience. Guided by *How Does Learning Happen? Ontario's Pedagogy for the Early Years, 2014* (HDLH), child and family programs provide an environment that engages parents and caregivers as co-learners and leaders in influencing positive experiences and outcomes for children, families and the community.

First Nations offering child and family programs and services are expected to use HDLH to guide the development and delivery of local programs. HDLH supports the adoption of a common pedagogical approach across early years settings, based on the four foundations for learning: belonging, well-being, engagement and expression. The following documents are available to help strengthen program quality in early years settings, including child and family programs:

- [How Does Learning Happen? Ontario's Pedagogy for the Early Years](#)
- [Building on How Does Learning Happen?](#)
- [Think, Feel Act: Lessons from Research about Young Children](#)

CORE SERVICES

To achieve the intended goals and outcomes of child and family programs, the ministry has identified a suite of core services that must be available to children and families across the province. First Nations are required to manage the local delivery of these core services related to:

- supporting early learning and development,
- engaging parents and caregivers, and
- making connections for families.

First Nations may consider alternate delivery models and frequencies of child and family programs in order to meet the unique needs of a community, such as size, number of children and families, and available infrastructure. A First Nation may wish to support a child and family program that is centre-based (e.g., family drop-in program delivered throughout the week at the same location), and/or delivered on the land, and/or use a mobile delivery approach (e.g., outreach).

Supporting Early Learning and Development

Child and family programs offer drop-in and other programs and services that build responsive adult-child relationships, encourage children's exploration, and promote play and inquiry based on the pedagogy in *How Does Learning Happen?*

Early learning and development programs are most effective when the context for learning is foregrounded in relationships and focused on supporting the development of strategies, dispositions, and skills for lifelong learning through play and inquiry.

Engaging Parents and Caregivers

Child and family programs are encouraged to develop programs that cultivate authentic, caring relationships and connections that create a sense of belonging. This means that wherever possible, engagement with parents and caregivers should occur with children present. Engaging with parents and caregivers also includes:

- Inviting conversations and information sharing about children's interests, child development, parenting, nutrition, play and inquiry-based learning, and other topics that support their relationship with their child(ren).
- Providing outreach opportunities that are responsive to community needs. This includes connecting with parents and caregivers who could benefit from child and family programs and services but are not currently accessing services for a variety of reasons.
- Collaborating with other support programs to enhance parent and caregiver well-being, enrich adult-child relationships and to support parents and caregivers in their role(s).

As noted above, parent and caregiver engagement may take place in a variety of formats depending on the needs of individuals within the community. Engagement may include group discussions, informal one-on-one engagement, printed and electronic resources or other engagement opportunities as appropriate.

Making Connections for Families

Child and family programs should continuously look for opportunities to facilitate stronger relationships within their local community and assist parents and caregivers in accessing services and supports that respond to a family's unique needs. This includes:

- Ensuring child and family program staff have relationships with community partners and an in-depth knowledge of their community resources to allow for seamless transitions (warm hand-offs) for families who may benefit from access to specialized or other services.
- Responding to a parent/caregiver concern about their child's development through conversations and observations. In some cases, staff may direct parents/caregivers to seek additional supports from primary care or other regulated health professionals.
- Sharing information and facilitating connections with specialized community services (such as children's rehabilitation services), coordinated service planning, health, education, and child care.
- Providing information about programs and services available for the whole family beyond the early years.

First Nations have the flexibility to determine how these services are delivered, the design and development of programs to meet core services, and who will deliver child and family programs and services.

SERVICE DELIVERY METHODS

First Nations have the flexibility to offer child and family programs and services through a variety of service delivery methods (e.g. mobile services, virtual resources including those provided by phone).

Child and family programs and services are intended to be community-based and must never be offered within individual homes.

Mobile Services

First Nations can offer programs and services outside of centres to further integrate child and family programs with broader community services and to enhance service access. Mobile programs often involve "set-up and take-down" and operated in a shared space.

Mobile services may have regular or irregular days, times and locations of operation. First Nations must establish an appropriate mechanism to communicate to parents and caregivers about these services and their locations, dates and times of operation.

First Nations may also consider coordinating transportation options to increase program accessibility where necessary and feasible.

Virtual Services and Resources

First Nations may provide online resources, information and other services for parents and caregivers related to the suite of child and family programs and services (e.g. website, social media, Skype services). These may be particularly beneficial for communities with disperse populations or multiple languages. Information about topics such as children and family programs, child development and play and inquiry-based learning can also be provided by telephone.

OPTIONAL PROGRAMS AND SERVICES

The following programs and services should only be considered once the child and family programs' core service expectations are being met on a regular and consistent basis.

Child Minding

Child and family programs may offer child minding services during parent/caregiver programs or to allow parents to access other community services (e.g., postpartum depression support programs, employment and training services), provided that parents/caregivers remain on-site in accordance with requirements under the *Child Care and Early Years Act, 2014*.

Respite Child Care

Respite child care is intended to support parents who require emergency short-term and/or occasional care for their children. First Nations have the option to offer respite child care in child and family programs.

Respite child care may be funded using existing provincial funding for child and family programs. First Nations who choose to exercise this option determine which location would offer this service and be funded for respite child care based on community needs. First Nations should prioritize respite child care for families in their communities.

If provincial child and family program funding is insufficient to cover all expenses related to respite child care, First Nations may establish fees for respite care or find alternative funding sources to partially or fully cover the costs of delivering this service. Where a fee is charged, respite child care must be offered as a not-for-profit, full cost recovery program.

Respite child care should only be considered once the child and family program's core service expectations are being met on a regular and consistent basis in a community. Please refer to the [Core Services](#) section for further information.

Child and family programs that provide respite child care must comply with legislative and regulatory requirements for unlicensed child care included in the *Child Care and Early Years Act, 2014*:

- Providing care for no more than 5 children at any one time (section 6 (3) 2 of *Child Care and Early Years Act, 2014*);
- The group of children must not include more than three children who are younger than two years old (section 6 (3) 2 of *Child Care and Early Years Act, 2014*);
- Respite child care can only be provided at one premise per corporation (section 7 of *Child Care and Early Years Act, 2014*);
- Child and family programs must disclose to parents that they are unlicensed and retain a record of that disclosure (section 12 of *Child Care and Early Years Act, 2014*);
- Providing receipts for payment, when requested (section 15 of *Child Care and Early Years Act, 2014*);
- Parents must not be prevented from accessing their children or the premises where respite child care is provided (with limited exceptions listed in section 10 (1) and 10 (2) of *Child Care and Early Years Act, 2014*); and
- Individuals providing respite child care at a child and family program site must not have been convicted of an offence identified in section 9 of the *Child Care and Early Years Act* or have had their authority to practice restricted by the College of Early Childhood Educators, the Ontario College of Teachers or the College of Social Workers and Social Service Workers (section 9 of *Child Care and Early Years Act, 2014*).

In addition, child and family programs must disclose to parents that children may be on the premises with parents/caregivers who have not submitted a Vulnerable Sector Check.

Under section 30 (1) of the *Child Care and Early Years Act, 2014*, the ministry has the authority to enter and inspect a premise where it suspects on reasonable grounds that child care is provided.

Respite child care can only be provided at one premise per First Nation. First Nations are responsible for ensuring that up-to-date records of the name and address of the child and family program providing respite child care is reported to the ministry. Please send your updates to tpa.edu.EarlyLearning@ontario.ca and copy your Early Years Advisor.

REGISTERED EARLY CHILDHOOD EDUCATOR STAFFING REQUIREMENTS

Programming in child and family programs should be culturally responsive and designed to foster positive outcomes and support nurturing relationships for children, parents and caregivers based on the latest evidence and research. Registered Early Childhood Educators (RECEs) play a key role in delivering early years programs. RECEs have specialized knowledge and expertise related to child development as well as play and inquiry-based learning that is essential to delivering high-quality early years programs and services, such as drop-in programs in child and family programs. As regulated professionals, RECEs are required to practice in accordance with a Code of Ethics and Standards of Practice which guide their relationships with children and families.

First Nations are required to ensure that core services related to supporting early learning and development at every child and family program are overseen by a RECE. RECEs must be members in good standing of the College of Early Childhood Educators. The ministry recommends RECE qualifications for all staff delivering services related to early learning and development.

Aligned with the other core services, First Nations have the flexibility to determine if additional staff with specialized skill sets may be responsive to community needs. It is expected that staff will engage in continuous professional learning opportunities to keep informed of the latest research on adult education, child development, play and inquiry-based pedagogy, and other relevant topics.

RECE Exemption

Child and family programs are encouraged to employ at least one RECE in every program by April 1, 2023. Where a child and family program has tried but is unable to recruit at least one RECE to oversee core services related to supporting early learning and development, First Nations may grant an exemption from the requirement.

This provision does not apply to persons that:

- Have been members of the College of Early Childhood Educators in the past, but have resigned or had their membership suspended, cancelled or revoked, or who have let their membership lapse.
- Have satisfied the educational requirements to be registered as members of the College but have not become members.

In determining whether to grant an exemption, First Nations should consider the proposed candidate's experience and expertise including previous experience in child and family programs, membership in another relevant regulated profession (e.g. social work, nursing, etc.) and any other factors the First Nation deems relevant in consultation with the program.

It is expected that staff with exemptions will also engage in continuous professional learning opportunities to keep informed of the latest research on adult education, child development, play and inquiry-based pedagogy, and other culturally relevant topics.

First Nations must review these exemptions on an annual basis to monitor compliance with this requirement, identify challenges and develop strategies in meeting this requirement. This may include transition planning, ensuring capacity to deliver core services related to early learning and development, and human resource approaches (e.g. recruitment and staffing strategies, qualifications upgrading). Exemptions are not meant to be extended indefinitely.

First Nations must document the reasons for providing an exemption. They will also be required to report the number of staff that have been provided an exemption through financial reporting.

Grand-Parenting Provision

First Nations may also grant an exemption from the RECE requirement for child and family programs employing a staff person to oversee core services who is not a RECE but who has at least 10 years of experience working in a child and family program setting as of January 1, 2019. This provision is intended to support the retention of long-tenured child and family program staff in their positions, including the rehiring of staff who have recently left their position, but where that position has not yet been filled.

In order to qualify under this grand-parenting provision, a staff person must have been employed for a total of 10 years or more, as of January 1, 2019 in one or more of the following child and family programs:

- Ontario Early Years Centres
- Parenting and Family Literacy Centres
- Child Care Resources Centres
- Better Beginnings, Better Futures

This provision does not apply to persons that:

- Have been members of the College of Early Childhood Educators in the past, but have resigned or had their membership suspended, cancelled, revoked, or who have let their membership lapse.
- Have satisfied the educational requirements to be registered as members of the College but have not become members.

In addition, this provision does not apply to new hiring for positions that will oversee the delivery of core services related to supporting early learning and development. For any new hiring for such positions, child and family programs are required to recruit a RECE. Where they are unable to do so, First Nations may grant a RECE exemption as described above.

First Nations will be required to report the number of staff that have been provided an exemption or qualify under the grand-parenting provision through financial reporting.

ECE Qualifications Upgrade Program

The ministry funds the Early Childhood Education Qualifications Upgrade Program (ECE QUP) which supports individuals working within the early years sector who have been accepted to an Ontario College of Applied Arts and Technology to pursue their Early Childhood Education (ECE) diploma and become eligible to apply for membership with the College of Early Childhood Educators. Support is provided through education grants, travel grants, training allowances and book allowances.

First Nation, Métis and Inuit communities have identified challenges recruiting and retaining qualified early childhood educators to deliver culturally responsive programs. In an effort to support staff in child care and early years settings in upgrading their skills, the ECE QUP prioritizes applicants living and/or working in these communities.

The ECE QUP also includes a Leadership Grant Stream which was established to support professional development opportunities for program staff (e.g. RECEs designated to leadership positions and/or responsibilities).

For more information on the ECE QUP, please visit the program's website at <http://www.ecegrants.on.ca/>.

ADDITIONAL CHILD AND FAMILY PROGRAM REQUIREMENTS

Health, Safety and Well Being

First Nations must ensure that appropriate policies and procedures are in place to ensure that child and family programs are delivered in a way that promote the health, safety and well-being of children and families being served. This includes ensuring that policies and procedures are implemented regarding:

- Vulnerable sector checks
- First aid
- Emergency plans
- Sanitation and maintenance
- Workplace health and safety relating to staff
- Complaints and resolutions processes
- Reporting serious incidents to the ministry and processes for determining appropriate, if any, response required.

Where an incident has occurred that may result in media attention, the First Nation is required to report this to the ministry. First Nations may contact their Early Years Advisor.

Child and family programs must be operated in accordance with all federal, provincial and municipal legislation and regulations as well as ministry policies and guidelines.

Duty to Report

Everyone, including members of the public and professionals who work closely with children, is required by law to report suspected cases of child abuse or neglect. Anyone with reasonable grounds to suspect that a child is or may be in need of protection must report it to a children's aid society.

More information on the duty to report, what happens when a report is made and how to recognize signs of abuse and neglect can be found at the Ministry of Children, Community and Social Services [Children's Aid webpage](#).

Program Vehicles

Vehicles may only be used for the purposes of transporting children and families to access child and family programming and transporting program supplies. Where transportation is being provided, policies and procedures must be in place to ensure the safe operation of the vehicle. This includes:

- A valid driver's licence
- Insurance
- The vehicle must be in a state of good repair and in safe mechanical condition
- Ensuring exterior lights are not obstructed
- Checking weather and road conditions before departure
- Appropriate attire (e.g. helmets, life jackets, car seats)
- Emergency kits
- What to do in case of emergency (e.g. collision, mechanical failure, weather)
- Ensuring passengers are aware of appropriate behaviour while riding in the vehicle
- Ensuring cleanliness in the interior, and safe and secure storage of any belongings and baggage that is brought onto the vehicle

ELIGIBLE EXPENDITURES

Operating

First Nations must prioritize funding to deliver core services that are responsive to local need. Funding may be used for ongoing costs including:

- Funding to support salary and benefit expenditures for child and family program staff to deliver core services.
- Hiring or acquiring the services of a special needs resource consultant to support the delivery of core services to children with special needs and their families/caregivers, specifically making connections for families to specialized services (e.g. screening, early intervention, resources and supports).
- Lease and occupancy costs for child and family programs, rental fees for mobile services¹² and other operating costs such as utilities.
- Service provider administration costs.
- Transportation services to support outreach and participation in programs. This can include costs for public transit, gas, and general auto repair and maintenance.
- Resources for families and caregivers related to early learning and development (e.g. materials for inquiry-based play), additional community services and supports, information to support parents and caregivers in their role.
- Supplies to support the delivery and daily operation of programs as well as maintenance costs related to the general upkeep, safety, and maintenance of child and family program facilities.

¹² This may include the close-ended leases of a vehicle to support the delivery of Child and Family Programs. Funding does not support transfer of ownership and/or purchase of vehicle during or at end of lease.

Professional Learning

In 2021-22, the ministry will continue to support professional learning and development opportunities related to the capacity building of staff for child and family programs under the operating allocation. First Nations have the flexibility and discretion to spend as much of their operating allocation towards professional learning to meet the needs of their community.

- Costs to support professional learning and development opportunities for program staff that may:
 - build the capacity of program staff to provide culturally relevant child and family programs;
 - align with implementing and practicing pedagogical approaches described in *How Does Learning Happen?*;
 - relate to core service delivery and well-being of children and families such as culturally-relevant healthy child development, adult and parent education, community development and outreach, culturally-appropriate programming, health and safety (e.g. safe food handling, first aid); and/or
 - relate to business administration (e.g. program management, human resources, budgeting, leadership, governance, policy development).

- Eligible expenses include:
 - Registration fees to attend professional learning events;
 - Transportation, meal and accommodation costs to attend professional learning events and meetings¹³;
 - Equipment and technology to support professional learning activities and meetings;
 - Costs associated with the development and sharing of resources to support program staff;
 - Establishing communities of practice to support program staff; and/or
 - Relief and release time to support staff in participating in professional learning activities.

First Nations may also wish to build on or complement existing capacity building initiatives in their communities to implement professional learning strategies for child and family program staff and supervisors as outlined in Section 6 of this guideline.

Administration Funding

A maximum of 10% of the child and family program allocation may be used towards administration expenses. Administration expenses must represent actual expenses incurred for program administration and may not be expressed solely in terms of a percentage of program expenditures.

¹³ First Nations are to refer to the [Ontario Public Service Travel, Meal and Hospitality Expenses Directive effective January 1, 2020](#) as a guide.

INELIGIBLE EXPENDITURES

Funding may not be used to support direct specialized services. This includes programs and services offered by regulated health professionals working within their scope of practice (e.g. occupational therapy, audiology and speech language pathology, physiotherapy).

This also includes early intervention and screening programs and services that are funded by other ministries and/or levels of government.

REPORTING REQUIREMENTS

First Nations are required to report financial and service data to the ministry related to child and family program expenses. First Nations will provide this information as part of their year-end Financial Statements submission (EFIS or Attestation Form).

In addition to total expenses, First Nations are required to report on child and family programs data elements outlined below:

- Number of child and family program sites
- Number of individual children served in a fiscal year
- Number of visits made by children
- Number of parents/caregivers served in a fiscal year
- Number of visits made by parents/caregivers
- Program Locations
- Number of FTE program staff
- Number of FTE non-program staff
- Number of FTE program staff who are RECEs
- Number of FTE program staff receiving RECE exemptions (excluding the grand-parenting provision)
- Number of FTE program staff receiving RECE exemptions through the grand-parenting provision
- Confirmation that programming is guided by *How Does Learning Happen?*

REQUIRED DOCUMENTATION

First Nations shall maintain service and financial records for each site where the service above is being provided.

FILE RETENTION

First Nations shall retain service and financial records for a period of seven years.

SERIOUS OCCURRENCE PROTOCOL

First Nations that are funded for child and family programs are required to report serious occurrences to the Ministry of Education. First Nations are required to submit to the ministry Serious Occurrence Reports (SORs) for serious occurrences that take place in child and family programs if they fall within any of the categories below. First Nations must submit SORs to the ministry within 24 hours of being made aware of a serious occurrence:

1. Death of a child;
2. Allegation of abuse and/or neglect;
3. Life-threatening injury or illness
4. Missing or unsupervised child(ren); or
5. Unplanned disruption of normal operations (e.g. fire, flood, gas leak, detection of carbon monoxide, outbreak, lockdown, other emergency relocation or temporary closure)
6. Confirmed case of COVID-19

Please submit your SOR by email to EYIBSOR@ontario.ca copying your Early Years Advisor. The ministry will acknowledge receipt of your SOR, review all information, and contact you if any follow up is required. First Nations should use the Ministry of Education’s Child and Family Programs Serious Occurrence Report Form to report a serious occurrence. The Serious Occurrence form is included in the annual service Agreement package.

The summary below outlines the ministry’s protocol that First Nations are to follow for ministry-funded child and family programs when a serious occurrence has taken place:

DATA ELEMENTS

Name: Total Number of Child and Family Centre Sites

Definition:

The number of physical locations where there are Child and Family Programs. Child and Family Programs offer core services year-round, at least five days a week, including either Saturday or Sunday (either through one or multiple locations). All locations should be included in reporting the total number of Child and Family Program Sites.

Frequency: Allocation \$500,000 and Above: Financial Statements (EFIS Schedule – First Nations Child and Family Programs Service Data)

Allocation Below \$500,000: Financial Statements (Attestation)

Name: Number of Children Served

Definition:

Number of children age 0-6 that received services at some point during the fiscal year (counted once for being served in an early learning activity either in person or through a virtual program). e.g. if 4-year-old John participated in both an in-person and virtual child and family program in 2021-22, John would be counted once. If John only participated in a virtual program in 2021, John would be counted once.

Frequency: Allocation \$500,000 and Above: Financial Statements (EFIS Schedule – First Nations Child and Family Programs Service Data)

Allocation Below \$500,000: Financial Statements (Attestation)

Name: Number of Visits made by Children

Definition:

The total number of visits that children age 0-6 made to a child and family program in person and/or virtually (count each time a child attended an in-person and/or virtual program that was designed to engage children in an early learning activity)..

Frequency: Allocation \$500,000 and Above: Financial Statements (EFIS Schedule – First Nations Child and Family Programs Service Data)

Allocation Below \$500,000: Financial Statements (Attestation)

Name: Number of Parents/Caregivers Served

Definition:

The number of parents/caregivers who actively participated in an in-person or virtual program, either with their children or separately (count unique parent/caregivers served once in a fiscal year in person or virtually) e.g. if a parent of 4-year-old John participated in both an in-person and virtual child and family program in 2021-22, the parent would be counted once. If the parent only participated in a virtual program in 2021-22, the parent would be counted once.

Frequency: Allocation \$500,000 and Above: Financial Statements (EFIS Schedule – First Nations Child and Family Programs Service Data)

Allocation Below \$500,000: Financial Statements (Attestation)

Name: Number of Visits Made by Parents/Caregivers

Definition:

Total number of visits made by parents/caregivers who were served through an in-person and/or virtual program (count each time a parent/caregiver attended an in-person and/or virtual program that was designed to engage parents/caregivers with their children or separately).

Frequency: Allocation \$500,000 and Above: Financial Statements (EFIS Schedule – First Nations Child and Family Programs Service Data)

Allocation Below \$500,000: Financial Statements (Attestation)

Name: Number of FTE Program Staff

Definition:

The number of FTE staff who are involved in the development, design and delivery of Child and Family Programs. FTE is based on a minimum of 35 hours per week.

Frequency: Allocation \$500,000 and Above: Financial Statements (EFIS Schedule – First Nations Child and Family Programs Service Data)

Allocation Below \$500,000: Financial Statements (Attestation)

Name: Number of FTE Non-Program Staff

Definition:

The number of FTE non-program staff (including cooks, drivers, housekeeping, clerical, and financial staff and chief administrators) employed at Child and Family Programs. FTE is based on a minimum of 35 hours per week. This excludes FTEs who deliver planning and data analysis services.

Frequency: Allocation \$500,000 and Above: Financial Statements (EFIS Schedule – First Nations Child and Family Programs Service Data)

Allocation Below \$500,000: Financial Statements (Attestation)

Name: Number of FTE Program Staff that are Registered Early Childhood Educators (RECE)

Definition:

The number of FTE program staff who hold an RECE. FTE is based on a minimum of 35 hours per week.

Frequency: Allocation \$500,000 and Above: Financial Statements (EFIS Schedule – First Nations Child and Family Programs Service Data)

Allocation Below \$500,000: Financial Statements (Attestation)

Name: Number of FTE Program Staff Receiving Registered Early Childhood Educator (RECE) Exemptions (excluding the grand-parenting provision)

Definition:

The number of FTE program staff exemptions that have been granted exemptions from the RECE requirement (excluding the grand-parenting provision). FTE is based on a minimum of 35 hours per week.

Frequency: Allocation \$500,000 and Above: Financial Statements (EFIS Schedule – First Nations Child and Family Programs Service Data)

Allocation Below \$500,000: Financial Statements (Attestation)

Name: Number of FTE Program Staff Receiving RECE) Exemptions through the Grand-Parenting Provision

Definition:

The number of FTE program staff that have been granted an exemption from the requirement of having an RECE because they have 10 or more years of experience working in one or more of the following: Ontario Early Years Centres, Parenting and Family Literacy Centres, Child Care Resource Centres, and/or Better Beginnings, Better Futures.

Frequency: Allocation \$500,000 and Above: Financial Statements (EFIS Schedule – First Nations Child and Family Programs Service Data)

Allocation Below \$500,000: Financial Statements (Attestation)

Name: Programming guided by *How Does Learning Happen?*

Definition:

Confirmation that Child and Family Programs are guided by and align with the foundations in *How Does Learning Happen?*

Frequency: Allocation \$500,000 and Above: Financial Statements (EFIS Schedule – First Nations Child and Family Programs Service Data)

Allocation Below \$500,000: Financial Statements (Attestation)

SECTION 6: CHILD CARE AND EARLY YEARS WORKFORCE FUNDING

PURPOSE

This section of the guideline provides an overview of the objectives, expectations, eligibility and reporting requirements for the one-time federal investment in the Child Care and Early Years Workforce Funding (Workforce Funding).

Please refer to Schedule C for your 2021-22 Child Care and Early Years Workforce allocation. Please note, any unspent funding in 2021-22 as per the prescribed expenditures below will be recovered by the Ministry.

KEY OBJECTIVES

The Workforce Funding supports the retention and recruitment of a high-quality child care and early years workforce. Key objectives of this funding are to:

- **Sustain** the existing child care and early years workforce to ensure a more stable and high-quality early years and child care system.
- **Enhance** access to opportunities for the workforce that promote retention and recruitment, including professional development, training, and qualification upgrade programs.
- **Grow** the number of qualified staff in the early years and child care workforce to increase access to high quality licensed child care for families.
- **Attract** and support the development of an increasingly diverse workforce to more effectively reflect the children and families accessing early years and child care programs.

TARGETED INITIATIVES

This funding is to be used to support the following initiatives:

1. Development of a Professional Learning Strategy that includes two (2) professional learning days for eligible staff and mentorship opportunities; and
2. Workforce Capacity and Innovation Fund to support innovative recruitment and retention strategies.

First Nations must prioritize their funding to implement the Professional Learning Strategy requirements prior to developing and supporting strategies under the Workforce Capacity and Innovation Fund.

1. PROFESSIONAL LEARNING STRATEGY

PURPOSE

This funding is to be used by First Nations to build on existing approaches and/or implement new professional learning strategies that include two (2) professional learning days (PL) for eligible staff and home child care providers in licensed care (centre-based and home-based) and child and family programs as well as mentorship opportunities for ECE students and/or staff.

CONTEXT

The COVID-19 pandemic has challenged the child care and early years workforce in many ways. Access to continuous professional learning opportunities can support higher levels of staff/provider engagement, growth, recognition, professional efficacy, improve satisfaction and promote more meaningful relationships and experiences for children, educators and families in child care and early years settings.

The *Child Care and Early Years Act, 2014* (CCEYA), sets out the authority for the Minister of Education to issue policy statements related to the operation of child care and early years programs and services. In 2015, the Minister of Education issued a policy statement naming *How Does Learning Happen? Ontario's Pedagogy for the Early Years* as the provincial framework to guide pedagogical practices in licensed child care settings across Ontario. Additional regulations under the CCEYA were put into place to support implementation of *How Does Learning Happen?*

The College of Early Childhood Educators (CECE) requires Registered Early Childhood Educators (RECEs) to develop and implement self-directed Continuous Professional Learning (CPL) Plans to support ongoing professional growth and development for its members. The Professional Learning Strategy, which includes two PL days will further support RECEs in meeting their CPL goals.

ELIGIBILITY

First Nations must prioritize funding to provide the following staff with the opportunity to participate in two professional learning days:

- Program staff and supervisors in licensed child care centres (RECE, Non-RECE and Director Approved)
- Home Visitors and providers in home child care agencies
- Program staff and supervisors in child and family programs

First Nations may also support professional learning days for additional staff, such as non-program staff, resource consultants (resource teachers), and authorized recreation and skill building program staff (if applicable), to meet local professional learning priorities within approved funding allocations.

IMPLEMENTATION

First Nations may build on or complement existing capacity building initiatives to implement their professional learning strategies.

First Nations have flexibility to determine how to implement the two professional learning days to align with community priorities and local needs. First Nations should consider the following when developing and implementing professional learning days:

- Timing and approach to implementation based on the availability of supply staff;
- Priority areas for professional learning (e.g. supporting mental health and well-being; inquiry-based learning; Indigenous pedagogies);
- Supporting equitable access for all eligible staff, providers and supervisors in licensed child care programs and child and family programs;
- Approaches that minimize disruption for families, where necessary, through timely communication to provide families with sufficient time to plan for alternate care on professional learning days where programs will be closed (e.g., include the dates in the annual parent handbook; reminders in newsletters, choosing dates that typically have low enrolment, etc.); and
- Supporting continuous professional learning approaches that are evidence-based, by applying new learning to practice and aligned to HDLH (e.g. communities of practice, mentoring, reflective practice networks, view of children, educators and families from a strength-based lens).

PRIORITIES

First Nations are encouraged to embed some or all of the following priority areas into the development of their professional learning strategies:

- Early years and child care pedagogical practises aligned with *How Does Learning Happen?*
- Mental health and well-being for children, families and staff
- Anti-racism and inclusive practices
- Incorporating Indigenous perspectives and pedagogies
- Supporting children with special needs through inclusive approaches
- Health and safety practices

Additional priority areas for professional learning may be determined locally.

Professional learning priorities may be offered in an integrated manner. For example, early years and child care pedagogical practices could be integrated with anti-racism and inclusive practices.

Mentoring

- First Nations are encouraged to work with partners (ECE post-secondary diploma and degree programs, Indigenous Education Institutes, professional learning organizations) to enhance access to local mentorship opportunities for individuals who may benefit the most (e.g., ECE diploma students and/or new staff and supervisors).
- First Nations may build on existing mentoring strategies and/or pilot new mentoring approaches.

MINISTRY RESOURCES

The following Ministry of Education (ministry) resources are available to support professional learning and have been developed to strengthen quality in early years settings:

- Provincial Guidelines for Early Years Professional Learning (to be released)*
- [How Does Learning Happen? Ontario's Pedagogy for the Early Years](#);
- [Introductory Guides](#) to *How Does Learning Happen? Ontario's Pedagogy for the Early Years*;
- [Think, Feel, Act: Lessons from Research about Young Children](#) research briefs and videos;
- [Think, Feel, Act: Empowering Children in the Middle Years](#) research briefs; and,
- [Building on How Does Learning Happen? Pedagogical Approaches to Re-opening Early Years and Child Care Programs in Ontario](#) to help providers and staff plan ways to engage with children while adhering to health and safety measures.

The ministry provides funding to the organizations below to support Indigenous professional learning strategies in First Nations communities. First Nations may wish to connect with these organizations to obtain resources, collaborate and plan complementary supports. For more information, you may contact:

- [Firefly](#) – supports professional learning for child care and early years staff in First Nation communities; and
- [the Ontario Aboriginal Head Start Association](#) – supports professional learning for child care and early years staff.

*Note: A new provincial resource for professional learning is currently being developed to support system and pedagogical leaders as they work to implement evidenced-based professional learning opportunities for early years professionals across the sector.

ELIGIBLE EXPENSES

First Nations must use this funding only for eligible expenses. First Nations have discretion to support the following expenses:

- Release time/supply staff to support the participation of eligible staff in professional learning days and/or mentorship programs;
- Wages and benefits for additional hours worked to participate in professional learning days (e.g., evening and/or weekend professional learning sessions);
- Costs associated with waiving parent fees on professional learning days;
- Costs associated with the development and implementation of professional learning resources and mentorship approaches; and
- Travel costs (in accordance with the Ontario Public Service Travel Directive) to support attendance at professional learning opportunities.

2. WORKFORCE CAPACITY AND INNOVATION FUND

PURPOSE

First Nations are encouraged to engage and collaborate with community partners to build and implement innovative strategies to support the recruitment and retention of the child care and early years workforce. These strategies must be aligned with the key objectives of the Workforce Funding – Sustain, Enhance, Grow and Attract.

PARAMETERS

- This funding must be used to support and build upon recruitment and retention strategies based on local priorities.
- Strategies should focus on reducing barriers to becoming RECE qualified and supporting access to additional qualifications.
- Funding is subject to reporting and accountability measures.
- This funding cannot be used to increase compensation entitlements including, but not limited to: wage and salary rates, increases to benefits (including vacation) or to introduce new compensation entitlements such as one-time payments (e.g., bonuses).

ELIGIBLE EXPENSES

First Nations must use this funding only on eligible expenses. First Nations have the discretion to support expenses and costs associated with the following:

- The development of a collaborative workforce strategy with concrete timelines to enact recruitment and retention strategies;
- Establishment of innovative partnerships with education, employment initiatives and/or training institutions, such as schools, Ontario Colleges of Applied Arts and Technology and Indigenous Education Institutes to increase the number of qualified staff in the early years and child care workforce;
- Building an equity-based workplace - strategies and incentives to support diversity and inclusion in the child care and early years workforce;
- Programs that offer grants (e.g., tuition/travel for education/training) for new RECE students and/or non-RECE program staff who do not meet the criteria for the ECE Qualification Program to obtain additional qualifications (individuals not currently employed in child care and in child and family programs);
- Retention and recruitment resource development and implementation (e.g., RECE employment opportunities, career maps);
- Development and implementation of local quality initiatives and/or professional learning initiatives (e.g., anti-bias/anti-racism actions that support belonging and well-being, engagement and expression) that complement professional learning and development strategies;
- Promotion and marketing of Registered Early Childhood Educators as a valued profession and the range of career options available;
- Strategies that support continuity and sustainability in employment (e.g., extending working hours for before and after school program staff to cover release time and/or planning time during the day); and
- Measuring and reporting impacts of the recruitment and retention strategies.

FUNDING METHODOLOGY

Workforce Funding has been allocated to First Nations based on their proportionate share of the total 2021-22 child care and/or child and family program allocations.

First Nations are permitted to use up to 10 per cent of the funding allocation on administration expenditures associated with planning, implementing and administering the Workforce Funding.

Any funding not spent on the prescribed expenditures will be recovered by the ministry.

PLANNING REQUIREMENTS

First Nations are encouraged to consider the following when planning to spend their Workforce Funding:

Child Care and Early Years Workforce Funding Planning
1. What strategies are identified and when can they be implemented?
2. Who should be engaged or will be involved in the development of the strategies?
3. How do the strategies align with provincial priorities for the workforce strategy (Support, Enhance, Grow and Attract)?
4. What outcomes/targets do you plan to achieve, including, but not limited to: <ul style="list-style-type: none">• a description of the impact on RECE retention/recruitment;• the number of RECEs required locally for licensed child care and child and family programs;• the number of RECEs targeted to be retained and/or recruited locally.
5. What are the identified next steps to implementing the strategies?

Early Years Advisors at the ministry will work with First Nations to support their planning and tracking of outcomes for the Child Care and Early Years Workforce Funding for 2022 and 2023.

REPORTING REQUIREMENTS

First Nations will report expenditure and service data related to the Workforce Funding through regular reporting processes. First Nations will provide this information for child care and child and family programs, where applicable, as part of their year-end Financial Statements submission (EFIS or Attestation Form). Expenditure reporting includes:

- Total adjusted gross expenditures – Professional Learning Strategy
- Total adjusted gross expenditures – Workforce Capacity and Innovation Fund
- Total adjusted administration expenditures

Ontario is also required to provide data to the Government of Canada under the Early Childhood Workforce Agreement. To support the ministry with this reporting and accountability for funding, First Nations will be required to report on the following related to the Workforce Funding:

A. Review Engagement Report

To XXX,

At the request of <name of First Nation or TPA>, we have reviewed the Schedules of Revenues and Expenditures for Child Care Services (and for Child and Family Programs, if applicable) for the year ended March 31, 2022. These schedules meet the financial reporting requirements specified by the Ministry of Education (see note 1(b)). Our review was made in accordance with Canadian generally accepted standards for review engagements and accordingly consisted primarily of enquiry, analytical procedures and discussions related to information supplied to us by the First Nations.

A review does not constitute an audit and consequently we do not express an audit opinion on this financial information.

Based on our review, nothing has come to our attention that causes us to believe that this financial information is not, in all material aspects, in accordance with the <name of First Nation or TPA>'s basis of accounting.

The schedule(s) of revenue and expenditures has/have been prepared solely for the information and use of the addressee and the Ministry of Education for the stated purpose and should not be used by anyone other than the specified users, or used for any other purpose.

APPENDIX B:
INELIGIBLE EXPENDITURES

APPENDIX B: INELIGIBLE EXPENDITURES

Amortizations

Amortizations (tangibles and intangibles) are ineligible expenditures under the ministry's modified accrual basis of accounting.

Bonuses, Gifts and Honoraria

Bonuses (including retiring bonuses), gifts and honoraria paid to staff are ineligible expenses except when they are provided as a retroactive wage increase that will be maintained the following year.

Capital Expenditures

Capital expenditures are ineligible expenditures.

Capital Loans

Principal and interest on capital loans are ineligible expenditures.

Donations and Transfers

Donations and/or transfer of funds made by the First Nation or TPA to other charitable institutions/organizations are ineligible expenditures.

Interest on Operating Loans

Interest on operating loans is an ineligible expenditure.

Lease/Rental Costs when paid to Non-Arm's Length Corporations

Lease/Rental Costs arising from transactions not conducted at arm's length are ineligible unless transacted at fair market value. Lease/Rental Costs when paid to Non-Arm's Length Corporations which are reasonable are eligible with prior ministry approval, provided expenditures do not exceed those that would be paid if the transaction were at arm's length.

Mortgage Financing

Principal and interest payments are ineligible expenditures.

Non-Cash Transactions

The modified accrual basis of accounting does not recognize non-cash transactions such as amortization, charges/appropriations to reserves or allowances as these

expenditures do not represent an actual cash expenditure related to the current period. Non-cash transactions include: provisions for pension expenses; provisions for unused sick leave and wage settlements; provisions for travel expenses; provisions for repairs or replacements; provisions for bad debts; retainer fees for legal services; provisions for amortization. However, related payments are eligible.

Professional Organization Fees

Fees paid on behalf of staff for membership in professional organizations as a condition of employment are ineligible expenditures.

Property Taxes

Property taxes are ineligible expenditures.
