## **STEPS FOR COMPLETION**

The following steps will guide you in completing your Financial Statements submission.

## STEP # 1: COMPLETION OF SCHEDULE 1.1

### CONTRACTUAL SERVICE TARGETS – GENERAL FUNDING

#### PURPOSE

Schedule 1.1 captures the contractual service targets which were included in your service agreement with regards to the general funding. The definitions of these service targets can be found in the *Ontario Child Care Service Management and Funding Guideline 2019. Section 2: Ministry Business Practice Requirements, “Service/Contractual Targets.”*

Schedule 1.1 contains four tabs:

1. Service Targets – As per your 2019 service agreement.
2. Service Data – The actual service data for the calendar year (January 1 to December 31).
3. Reconciliation – This tab provides a comparison between the Service Targets and Service Data tabs for the calendar year.
4. Notes – Comments regarding targets may be entered here.

Should the CMSM or DSSAB not meet each of the three contractual service targets by 10% or more and 10 children or more in aggregate, the Recipient’s entitlement will be reduced by 1% to reflect the underachievement of contractual service targets. This one-time funding adjustment only applies at the **2019 Financial Statements** Submission.

#### HOW TO COMPLETE

In EFIS 2.0, under SUBMISSION INPUT AND QUERY, expand INPUT AND RESULTS, and then select “Schedule 1.1 – Contractual Service Targets”

CMSMs and DSSABs are required to report their actual service level for each category listed pertaining to the three contractual service targets, where applicable.

##### **Tab 1** – Service Targets

There is **no data entry required** on this tab as all the required data will be automatically populated from your 2019 service agreement.

##### **Tab 2** – Service Data (January to December)

In this tab, CMSMs and DSSABs are required to enter the total level of service (January to December) by age group.

Please note that the data entered in this tab should be the levels that have been supported with the provincial funding and required cost share only.

\* EXAMPLE OF HOW TO COUNT AVERAGE MONTHLY NUMBER OF CHILDREN (JANUARY – DECEMBER):

The number of children who received services in January is 50. The number in February was 48, the number in March was 55, the number in April was 54, the number in May was 56, the number in June was 55, the number in July is 58, the number in August is 60, the number in September is 50, the number in October is 52, the number in November is 54, and the number in December is 48. The average monthly number of children reported at the end of December would be 53.3  $[(50+48+55+54+56+55+58+60+50+52+54+48)/12]$  which is an average of the year, January through December.

**\*IMPORTANT\***

Please avoid double counting of children where possible. A child should only be counted once between general (Schedule 1.1), Expansion Plan (Schedule 1.1A) and ELCC (Schedule 1.1B).

**Tab 3 – Reconciliation**

This tab compares the targets as indicated in the service agreement to the total level of service within the calendar year. If targets are not met, funding adjustments will be calculated in this tab. Should the CMSM or DSSAB not meet all three contractual service targets by 10% or more and 10 children or more in aggregate, the Recipient’s entitlement will be reduced by 1% to reflect the underachievement of contractual service targets. This one-time funding adjustment will be processed upon review of the **2019 Financial Statements** Submission.

**\*TIP:** The service levels included in this schedule should be reflective of the level of funding received by the Ministry of Education and your CMSM/DSSAB’s required cost share. If the CMSM/DSSAB is providing services with funds over the required cost sharing provisions, the Ministry does not require those children to be included in contractual service targets in Schedule 1.1.

**Tab 4 – Notes**

Please enter any comments regarding targets in the notes tab.

## STEP # 2: COMPLETION OF SCHEDULE 1.1A

### CONTRACTUAL SERVICE TARGETS – EXPANSION PLAN

Schedule 1.1A contains four tabs:

1. Service Targets – As per your 2019 service agreement.
2. Service Data – The actual service data for the calendar year (January 1 to December 31).
3. Reconciliation – This tab provides a comparison between the Service Targets and Service Data tabs for the calendar year.
4. Notes – Comments regarding targets may be entered here.

The Ministry will work with CMSMs and DSSABs to track progress in meeting or exceeding Expansion Plan targets to date, as well as plans to support the reduction of fees and/or greater access through this investment. The Ministry will compare the Expansion Plan target from the CMSM or DSSAB’s service agreement to its financial reporting submission.

Should a CMSM or DSSAB not meet the Expansion Plan target total by 10% or more and 10 children or more, the Recipient’s Expansion Plan entitlement will be reduced by 1% to reflect the underachievement of the Expansion Plan target. This one-time funding adjustment will be processed upon review of the **2019 Financial Statements** submission.

**\*TIP:** Service data for average monthly number of children are required to be entered with 1 decimal place only. Service data for number of children are required to be entered with no decimal places.

**\*TIP:** If you are unsure of the validation format of a particular cell in a specific schedule, refer to MY TASK LIST, click on the VALIDATION FORMATS folder and then the schedule, for guidance.

## STEP # 10: COMPLETION OF SCHEDULE 1.4

### PRIOR YEAR EXPENDITURES

#### PURPOSE

Schedule 1.4 captures information regarding prior year expenditures by age group and expense categories. This information is used to determine incremental expenditure adjustment, if any, as Expansion Plan and ELCC are enveloped and their mandate requires that the funding can only be spent on incremental expenditures (i.e. additional expenditures above the previous year's expenditures less municipal over contributions).

#### HOW TO COMPLETE

Under SUBMISSION INPUT AND QUERY, expand INPUT AND RESULTS, and then select "Schedule 1.4 – Prior Year Expenditures"

This schedule captures the 2018 adjusted gross expenditures based on your 2018 Financial Statements Submission. There is **no data entry required** by the CMSM/DSSAB.

This schedule provides a breakdown of the CMSM/DSSAB's 2018 adjusted gross expenditures by age group and expense categories. This breakdown will be used as a baseline to calculate incremental expenditures over prior year's less municipal contributions above the minimum cost share requirement for both Expansion Plan and ELCC.

The total adjusted gross expenditures as reported in the 2018 Financial Statements have been prepopulated. The expenditures include only the 2018 expense categories that are also applicable to the Expansion Plan and ELCC, excluding administration.

The following expense categories have been included:

1. General Operating
2. Fee Subsidy – Regular
3. Fee Subsidy – Camps and Authorized Recreation
4. Ontario Works and LEAP – Formal
5. Ontario Works and LEAP – Informal
6. Special Needs Resourcing
7. Repairs and Maintenance
8. Play-Based Material and Equipment
9. Capacity Building
10. Transformation
11. Total Sectors
12. Expenditure Funded by Municipal Over Contributions

The Total Sector Adjusted Gross Expenditures are reduced by the Expenditures Funded by Municipal Over Contributions to calculate the Expenditures funded by the Ministry and minimum cost share requirement only (e.g. Expenditures Net of Municipal Over Contribution).

## **STEP # 11: COMPLETION OF SCHEDULE 2.2**

### **STAFFING (CHILD CARE ADMINISTRATION) – GENERAL FUNDING**

#### **PURPOSE**

Schedule 2.2 captures information on the number of staff, full-time equivalency (FTE), and salaries and benefits of positions that support the administration of child care services in the service agreement with regards to the general funding only. Any administration costs that can logically be assigned to administering child care services in the service agreement (e.g. fee subsidy, special needs resourcing, general operating, etc. included in the Service Description Schedule) are considered program administration costs.

This schedule is where CMSMs and DSSABs are to include staffing charge backs from central departments (e.g. IT, HR, Finance, etc.). Where possible, the number of staff and FTE for these charge back costs should be provided in this schedule.

It is important to include **all staffing expenditures** funded by the general funding and other external sources.

#### **\*IMPORTANT\***

Do not include any staffing expenditures related to Wage Enhancement that are funded through the 2019 Wage Enhancement or Wage Enhancement Administration allocations. Do not include any staffing expenditures related to the Expansion Plan or ELCC that are funded through the 2019 Expansion Plan and ELCC allocations.

#### **HOW TO COMPLETE**

Under SUBMISSION INPUT AND QUERY, expand INPUT AND RESULTS, and then select “Schedule 2.2 – Staffing (Child Care Administration)”

In deciding if the staffing should be reported on Schedule 2.2, ask the following question:

“Would the position still exist if the directly delivered child care or SNR program closed?”

If the position would continue to exist, report the position on Schedule 2.2.

Schedule 2.2 consists of 2 tabs:

1. Working Hours
2. Total

## **Tab 1 – Working Hours**

Please confirm whether or not there is a standard work week across all positions related to administration. If there is a standard work week, please enter the number of hours. If there is no standard work week across all positions (i.e. part-time and full-time positions), please select “no” by clicking in the cell and do not enter the hours in a standard work week.

## **Tab 2 – Total**

Please enter the positions description (title), number of staff, number of FTEs, salaries, and total benefits expenditure based on the actuals from January to December.

**\*TIP:** When entering the number of staff, a whole number is required to designate an individual whether he/she is full-time or part-time.

**\*TIP:** Do **not include** the benefits portion in the salaries column. Benefits should be reported in aggregate in the “Benefits Subtotal” column.

- When entering the total benefit costs for the individuals reported, this line should include mandatory benefits (i.e. CPP, EI, and EHT), benefit plan costs (i.e. ADD, LTD, extended health, dental) as well as other benefits (i.e. WSIB, maternity top-up).

**\*TIP:** An error message will result if the FTE of staff reported exceeds the number of staff that has been entered.

### **\*IMPORTANT\***

All error messages must be cleared in order to promote your submission to active.

## STEP # 12: COMPLETION OF SCHEDULE 2.3

For this schedule, the CMSMs and DSSABs must report the actual expenditures by auspice and age group. The detailed descriptions of each category are outlined in the *Ontario Child Care Service Management and Funding Guideline 2019*.

#### Tab 1 – By Auspice

This tab will require input on the adjusted gross expenditures for child care programs by auspice (i.e.: Non-profit, Profit, Directly Operated, Other).

- The **Non-Profit Operations** section represents payments flowed to non-profit child care operators.
- The **Profit Operations** section represents payments flowed to for-profit child care operators.
- The **Directly Operated** section represents expenditures for child care programs (i.e. licensed centre-based or home-based child care programs or special needs resourcing services) that are directly operated by the CMSM or DSSAB.
- The **Other** section represents expenditures incurred by the CMSM or DSSAB in its role as service system manager. Ontario Works Informal care and Administration must be reported under the “Other” auspice.

## Tab 2 – By Type of Setting

This tab will require input on the adjusted gross expenditures for child care programs by the type of setting (i.e., centre based, home based, other setting).

- **Centre-Based** – These include nursery schools, full-day care, extended hours care, and before- and after-school programs. Child care centres operate in a variety of locations including workplaces, community centres, schools and places of worship.
- **Home-Based** – The Ministry licenses private-home day care agencies. Those agencies then contract individual caregivers who offer child care out of their own home.  
**Note:** The ministry provides CMSMs and DSSABs with flexibility to use LHCC base funding amongst home child care expense categories only. LHCC funds not spent on licensed home child care will be recovered by the ministry as part of the overall recovery for the general allocation. The overall recovery for the general allocation will be calculated as the greater of the recovery from “total sectors excluding SWW, TWOMO and adjustments” in schedule 3.1 in EFIS and the recovery calculated for LHCC.
- **Other** – Report expenditures that are not related directly to Centre based and Home based (i.e. Administration)

## Tab 3 – By Age

This tab captures information on gross expenditures and revenue streams for child care programs by the following age groups:

- Infant to Preschooler
- Kindergarten
- School Aged
- Unspecified

## GROSS EXPENDITURES

Gross expenditures are defined as total expenses regardless of whether the funding is provided by the Ministry, municipal contributions, or other offsetting revenues.

CMSM/DSSABs are to include all expenses for child care services funded by the general funding and other external sources. However, please **DO NOT** include any expenditures for Expansion Plan, ELCC, Wage Enhancement, TWOMO (only applicable to DSSABs), Fee Stabilization Support, and Indigenous-led Programs in Schedule 2.3.

## General Operating

Enter the actual amount of funding, by age group, to licensed child care operators to address on-going operating costs such as staffing, wages, benefits, lease and occupancy costs, utilities, administration, transportation for children, resources, nutrition, supplies and general maintenance.

- Transportation costs previously reported under system needs should be reported under this category provided the expenditure is in alignment with the *Ontario Child Care Service Management and Funding Guideline 2019*.
- If funding continues to be flowed through general operating funding to support historical pay equity expenditures such as job-to-job and proportional value, these expenditures are to be reported as such. There will be no separate reporting of historical pay equity expenditures. Proxy pay equity pursuant to the 2003 Memorandum of Settlement is to be reported within this schedule on a separate line.

## Fee Subsidy

Enter the actual amount of funding to be flowed for Fee Subsidy by age group. Fee subsidy is required to be split out by regular as well as Camps and Children's Recreation.

## Ontario Works and LEAP

Enter the actual amount of funding to be flowed to child care operators by age group to support Ontario Works participants including LEAP participants as well as Ontario Disability Support Program (ODSP) recipients in approved employment assistance activities. The total expenditures must be broken down into "formal" or "informal" expenses and by age group.

## Pay Equity Memorandum of Settlement

CMSMs/DSSABs are to report the actual expenses related to proxy pay equity pursuant to the 2003 Memorandum of Settlement within this tab, on the line: "Pay Equity Memorandum of Settlement". This amount should be reported under the Unspecified Age Group column.

## Special Needs Resourcing

Enter the actual amount of funding, by age group, to service providers and agencies for eligible costs such as resource teachers/consultants, staffing and benefit costs, training, resources, intensive supports, and other items such as purchasing or leasing specialized/adaptive equipment and supplies to support the inclusion of children with special needs.

## Administration

Enter the actual administrative costs under Unspecified Age Group column.

Do not include any administration expenditures related to Wage Enhancement, Indigenous-led Programs and Fee stabilization support that are reported in separate schedules.

Please note that the expenditure benchmark for administration is a **maximum ceiling of ten percent** of the CMSM or DSSAB's total general allocation, less Other allocations with the exception of Small Water Works and Base Funding for Licensed Home Child Care as per the service agreement. The ten percent administration ceiling includes the CMSM or DSSAB's 50/50 cost sharing amount noted in its budget schedule. Should a CMSM or DSSAB choose to exceed benchmark limits, any additional expenditure must be 100% Municipal contributions. If the additional spending over and above the maximum allowable expenditure is not from 100% Municipal contributions, the Ministry will recover the overspent funds equal to the amount of overspending on administration above the maximum allowable expenditure.

Further details of the description of these types of expenses can be found in the *Ontario Child Care Service Management and Funding Guideline 2019, Section 7: Core Service Delivery, "Administration Expense"*.

## Repairs and Maintenance

Enter the actual amount of funding to be flowed, by age group, to support child care service providers and home providers that are not in compliance or may be at risk of not being in compliance with licensing requirements under the Child Care and Early Years Act, 2014.

## Play-Based Material & Equipment

Enter the actual amount of funding to be flowed, by age group, to support non-profit and for-profit child care operators to purchase non-consumable supplies/equipment that support the regular operation of the child care program.

## Capacity Building

Enter the actual amount of funding flowed, by age group, to licensed child care centres to support professional development opportunities. Staff training and quality initiatives previously reported under system needs should be reported here as long as the expenditure is in alignment with the *Ontario Child Care Service Management and Funding Guideline 2019*.

Following the recording of expenditures, is the entry of **Required Parental Contributions** in the next column. In this column please enter the total of the required parental contributions (all auspices) and parental full fee revenue (directly operated centres only).

Required Parental Contributions are for subsidized child care spaces where the parents are required to pay a portion of the cost, which is determined through income testing. These child care spaces are not 100% subsidized by the CMSM/DSSAB. Please note that the amount for required parental contributions should **never** be zero unless the CMSM or DSSAB only has children that are 100% fully subsidized.

Parental Full Fees (only applicable for directly operated centres) are the amount of parental full fee revenue where the parents are paying the full cost of the space in order for their child to attend the centre. This amount should **never** be zero unless the CMSM or DSSAB has no parents that pay the full cost of a space. Please enter parental full fee amounts in the **Required Parental Contribution column**.

### OTHER OFFSETTING REVENUES

Enter all other offsetting revenues, where applicable. This is the area where revenues from sources external to the CMSM or DSSAB are reported. **Please do not include your legislated provincial/municipal cost sharing requirement or any 100% municipal contributions in excess thereof.**

#### HOW TO COMPLETE

Under SUBMISSION INPUT AND QUERY, expand INPUT AND RESULTS, and then select “Schedule 2.7 – TWOMO REIMBURSEMENT”

This schedule is broken down as follows:

1. Calculation of TWOMO Levy = Total Approved DSSAB Budget less Other Sources of Revenue (Provincial, Federal & Other Funding)

\* The TWOMO share of the municipal levy is determined using the municipal attribution or ‘share’ percentage

2. Calculation of the Ministry’s Portion of TWOMO Levy = The Total Approved TWOMO Levy (calculated from above) less Non- EDU Related Allocation (By Ministry and Program)

\*\* The percentage of municipal levy that the child care program allocation represents is used to calculate the MEDU portion of the TWOMO levy.

The Ministry acknowledges that your DSSAB’s calculation of TWOMO may differ from the template presented; DSSABs are asked to try and use the Ministry template however if problems exist, please contact your Financial Analyst to discuss.

**\*TIP:** TWOMO costs should only include the share of costs funded by the Ministry of Education. For detail codes funded by the Ministry of Children, Community and Social Services (MCCSS), the costs should not be reported in the budget submission but rather reported separately to MCCSS.

## STEP # 16: COMPLETION OF SCHEDULE 3.0

**Note:** Wage Enhancement/HCCEG allocation will be capped at the notional allocation included in the 2019 service agreement unless the amount reported through the Interim Report submission exceeds the notional allocation, which will require an amended budget schedule. The Ministry will not adjust allocations beyond Interim Report Submission.
- **Fee Stabilization Support allocation** – The Ministry provided CMSMs/DSSABs incremental funding in 2019 (January to March) which supported improved wages and other compensations for the licensed child care workforce, affordability for families, and to address potential fee increases. As of March 31<sup>st</sup>, 2019, the funding commitment to Fee Stabilization Support has ended.
- **Indigenous-led Programs allocation** – This funding is provided by the Ministry on an application basis and must be used only for projects identified in the approved application.

\* Any expenditure for School-Aged children exceeding 20% of the ELCC allocation will be funded by municipal contributions.

**Note 1:** The total SNR expenditures are used to assess against the SNR minimum required spending threshold.

**Note 2:** Administration expenditure exceeding 10% of the ELCC allocation will be funded by municipal contributions.

**Note 3:** Stream 2 funding cannot be used to support Capital projects.

**Note 4:** Stream 2 funding must be fully utilized before stream 1 funding can be used except that where a CMSM/DSSAB has not fully used Stream 2 funds on School Aged, **and** where the SNR requirement has not been met, SNR unused funds, the associated recovery and threshold carry forward will be processed as part of Stream 2 first before Stream 1 funds are used.

**Note 5:** Expenditures are deemed to be related to prior year carry forward, if any, before current year allocation is applied.

A recovery may result if the SNR minimum spending requirement is not met or Capacity Building allocation has not been fully used.

The order of the funding application is for calculation only and does not reflect the Ministry's spending priority.

## **STEP # 20: COMPLETION OF SCHEDULE 4.0 – MITIGATION FUNDING**

### **PURPOSE**

This schedule only needs to be completed if your CMSM or DSSAB received mitigation funding in 2013.

Schedule 4.0 captures information relating to the mitigation funding received by CMSMs or DSSABs who experienced a reduction in their 2013 allocations due to the new funding formula framework.

The schedule applies additional municipal contributions above the CMSM or DSSAB's 2019 minimum cost sharing requirements and applies the amount against the balance of the mitigation funding received.

If a CMSM or DSSAB's 2019 minimum cost sharing requirement decreased from their 2012 minimum cost sharing requirement yet the CMSM or DSSAB still chose to keep their contribution at the 2012 level, this additional investment can be deemed as municipal contributions rather than applied against the mitigation funding received.

The deemed municipal contribution may be used to calculate the 2019 utilization component allocation of the funding formula in future years.

### **HOW TO COMPLETE**

Under SUBMISSION INPUT AND QUERY, expand INPUT AND RESULTS, and then select "Schedule 4.0 – Mitigation Funding"

Most of Schedule 4.0 is pre-populated from information derived from other schedules within the application. There is one input cell in this schedule in which the CMSM or DSSAB will need to enter the amount of the deemed municipal contribution. The deemed municipal contribution is the additional level of investment by the CMSM or DSSAB when it has decided to keep its minimum cost sharing consistent with 2012 levels even though this requirement decreased in 2019. The input cell is limited by the maximum amount of the decrease in cost sharing requirement from 2012 to 2019.

## **STEP # 21: COMPLETION OF SCHEDULE 4.3**

### **WAGE ENHANCEMENT ALLOCATION**

#### **PURPOSE**

Schedule 4.3 captures information regarding Wage Enhancement (WE) and Home Child Care Enhancement Grant (HCCEG). The purpose of the 2019 Wage Enhancement funding is to support a wage increase of up to \$2 per hour plus 17.5% benefits to eligible Registered Early Childhood Educators (RECEs) and other child care program staff working in licensed child care. In addition, the 2019 Home Child Care Enhancement Grant (HCCEG) supports an increase of up to \$20 per day for eligible home child care providers. Please refer to the *Ontario Child Care Service Management and Funding Guideline 2019* for more information and eligibility requirements. CMSMs and DSSABs are to report their Wage Enhancement based on the data and funding provided to Child Care Centres/ Home Child Care Providers.

#### **HOW TO COMPLETE**

Under SUBMISSION INPUT AND QUERY, expand INPUT AND RESULTS, and then select “Schedule 4.3 – Wage Enhancement Allocation”

Schedule 4.3 consists of 4 tabs:

1. Child Care (CC) Centres and Home Visitors
2. Home Child Care Providers

#### **Tab 1 – CC Centres and Home Visitors**

CMSMs or DSSABs are to report the following information:

- a. Report the total number of FTEs for centre-based positions (i.e. RECE, Non RECE and supervisor) and home visitors who received a full Wage Enhancement (e.g. staff whose wages were less than or equal to \$25.47 per hour excluding prior year’s Wage Enhancement) along with the requested Wage Enhancement salaries and benefits components.
- b. Report the total number of FTEs for centre-based positions (i.e. RECE, Non RECE and supervisor) and home visitors who received a partial Wage Enhancement (e.g. staff whose wages were more than \$25.47 but less than \$27.47 per hour excluding prior year’s Wage Enhancement) along with the requested Wage Enhancement salaries and benefits components.

- b. Report the total number of Home Child Care providers who received a partial HCCEG of \$10 per day (e.g. staff whose daily compensation was less than or equal to \$154.82 excluding prior year's HCCEG and provide part-time services of less than 6 hours a day on average) along with the requested HCCEG dollar amount.

### **\*IMPORTANT\***

Any unused 2019 Wage Enhancement Administration funding will be recovered by the Ministry.

## STEP # 22: COMPLETION OF SCHEDULE 4.4

### FEE STABILIZATION SUPPORT

#### PURPOSE

Schedule 4.4 captures information regarding the Fee Stabilization Support Funding. As in 2018, Fee Stabilization Support may be used to support compensation, including increased vacation and sick leave entitlements, for licensed child care staff. This funding was a one-time transition allocation to address increases to parent fees as a result of the increase to the minimum wage requirement. As of March 31<sup>st</sup>, 2019, the funding commitment to Fee Stabilization Support has ended. This change will help focus funding towards the child directly and help maintain affordable, accessible child care for families across the province. Please refer to the *Ontario Child Care Service Management and Funding Guideline 2019* for more information and eligibility requirements. CMSMs and DSSABs are to report on the service data and total gross expenditures (January to March 2019) for licensed centre-based and Home Child Care Providers.

**\*TIP:** There is no flexibility between the Indigenous-led Programs projects.

**\*IMPORTANT\***

The Indigenous-led Programs funding cannot be carried forward to 2020. Any unused 2019 funding will be recovered by the Ministry.

## STEP # 24: REVIEW OF SUBMISSION

### PURPOSE

The last five schedules of the Financial Statements Submission have been created in order for CMSMs and DSSABs to have the ability to identify and correct any inconsistencies prior to activating the submission.

The schedules are as follows:

1. Data Analysis and Review
2. Variance Report
3. Guideline Adherence Confirmation
4. Warnings
5. Errors

### HOW TO COMPLETE

Under Submission Input and Query → click Input and Results, select the appropriate schedule as listed below.

You are requested to review and update (if required) the information in the five schedules where necessary:

1. **Data Analysis and Review:** This schedule compares the average daily fee subsidy cost to average monthly number of children and average monthly number of children served to staff FTE.
2. **Variance Report:** This schedule must be completed; detailed explanations are required to clarify the variances listed in this report.
3. **Guideline Adherence Confirmation:** Please read the warning on guideline adherence and confirm whether or not your submission is in compliance by selecting “YES” or “NO”. A selection must be made in order to promote your file to active status.
4. **Warnings:** Follow-up on all items where “YES” cells are highlighted in red and provide an explanation in order to promote the file to active.
5. **Errors:** If there is a “YES” cell highlighted in red at the top, there is an error that must be cleared in the submission. Please identify the error listed in this schedule and correct the error by referring back to the specific schedule. A definition of the error is provided in the description column.

#### **\*IMPORTANT\***

Your submission cannot be promoted to “active” status until all **ERROR** messages have been addressed and cleared.

## STEP # 25: SUBMISSION MANAGEMENT

### PURPOSE

The Submission Management area allows the Modifier to validate the Recipient Working Version and promote it for approval. It also allows the Approver to sign-off on and electronically send the submission as Recipient Active Version to the Ministry.

### HOW TO COMPLETE (MODIFIER ROLE)

Under “Submission Management”, expand the folder. The folder will expand and reveal 2 task boxes:

- 1. Version Description and Summary:** This area allows you to manage the various versions of the file. Ensure the correct data is populated into the “Recipient Working Version” as this will be the file submitted to the Ministry.
- 2. Validate and Promote for Approval:** The process to validate and promote submission for approval is as follows:
  - Click on the file name under the header: “Planning Unit”
  - Click on “Actions”
  - Select “Validate”; if the sub-status column shows “Invalid Data”, you must click “Invalid Data” and correct the listed errors. If the sub-status column shows “Validated”, proceed to the next step.
  - **NOTE:** Please ensure the file is highlighted by selecting it under “Planning Unit”
  - Click on “Actions”
  - Click on “Change Status” and select “Promote”
  - Click on “Ok”
  - The submission is promoted and flagged for the Approver. The file is now read-only for the Modifier.
  - The Approver will then log into EFIS, review, and change the status to “Approve” in order to submit the EFIS file to the Ministry.

### HOW TO COMPLETE (APPROVER ROLE)

Once a submission has been promoted for approval by the Modifier, the Modifier no longer has write access to the Working Version and the next user in line is the Approver. The Approver is responsible for reviewing the submission and deciding how to proceed with it. The Approver has two choices: (1) running the sign-off process on the submission or (2) rejecting the submission which will be returned to the Modifier. Once approved, the data is automatically copied from the Recipient Working Version to the Recipient Active Version as well as the FA Working Version.

Under “Submission Management”, expand the folder. The folder will expand and reveal 3 task boxes:

1. **Version Description and Summary:** This area allows shows the various versions of the file. Ensure the “Recipient Active Version” has been activated and submitted to the Ministry once approver signs off in the “**Recipient Approver Sign – Off**” Schedule.
2. **Recipient Approver Sign-Off:** The steps to approve and sign-off on the submission is as follows:
  - Under Submission Management → click Recipient Approver Sign-Off
  - Within the form, click the dropdown beside “**Are you sure you want to sign-off the current submission?**” → select “**Yes**” then click the Save icon.

The status of the Submission will be changed to Active and the Activation date will be updated.

3. **Reject Submission:** If the Approver decides that the submission is not satisfactory and not ready for further sign-off, the approver can reject and return the submission to the Modifier. The steps to reject the submission are as follows:
  - Under Submission Management → Reject Submission
  - Once the Recipient name under Planning Unit is selected, select **Actions** → **Change Status**
  - The Change Status screen will pop-up, select **Reject** from the **Select Action** dropdown list, and select **<Automatic>** from the **Select Next Owner** dropdown list. Enter comments if required, then select **OK**

The Approvals status will change to Not Signed off. The Owner will revert back to the Modifier and Recipient Working version of the submission will no longer be read-only and changes can be made.

**\*IMPORTANT\***

The report versions of your Certificate and Schedules 2.3, 2.3A, 2.3B, 3.1, 3.1A, and 3.1B (Summary of Entitlement) must be printed from the Recipient Active Version of the EFIS submission, and signed by 2 members of your CMSM or DSSAB who have signing authority. (Alternatively, a corporate seal can be affixed to this report.) The signed reports must be sent to the Ministry by email.

## REPORTING

After completing the steps in the submission, the file should be complete.
