It is recommended that the Financial Statements submission is completed in the order in which the schedules are listed under the "Input and Results" section. Please ensure that the "Guideline Adherence" Schedule is completed.

STEP #1: Schedule 1.1 – Schedule of Service Data

PURPOSE

Schedule 1.1 captures all the requested service data elements. The definition of each data element can be found in the 2022-23 Ontario Child Care and Child and Family Program Business Practice, Service and Funding Guideline for First Nations and Child Care Transfer Payment Agencies (please see the “Child Care Data Elements” section).

HOW TO COMPLETE

Under SUBMISSION INPUT AND QUERY → INPUT AND RESULTS, select:

“Schedule 1.1 – Schedule of Service Data”

Report the following service data elements for all the detail codes under which the First Nation or Transfer Payment Agency receives a funding allocation:

- Fee Subsidy
 - Average Monthly Number of Children Served
 - Number of Children Served
- Repairs & Maintenance (Health & Safety)
 - Number of Licensed Programs Funded
- Special Needs Resourcing
 - Average Monthly Number of Children Served
 - Number of Children Served
 - Number of FTE
- Wage Subsidy
 - Number of FTE
- Ontario Works
 - Average Monthly Number of Children Served
 - Number of Children Served
 - Number of Participants Supported
- Transformation
 - Number of Children Served
 - Number of FTE
 - Number of Licensed Programs Funded for IT upgrades

- Supervisor Network - Capacity
 - Number of Participants Supported

- Small Water Works
 - Number of Licensed Programs Funded

- Licensed Home Child Care Base Funding
 - Number of Service Agreements
 - Total Licensed Capacity of all Programs Supported

- Children's Recreation Programs
 - Average Monthly Number of Children Served
 - Number of Children Served

NOTE:

If your First Nation is supporting children with fee subsidies (through A371, A404) and/or special needs resourcing (through A377, A404) in children's recreation programs, they should be counted **once only** as part of Children's Recreation. Data elements must be entered with no decimal places, except for Average Monthly Number of Children Served which can be entered with 1 decimal place.

The following table is provided to illustrate how to calculate some of the requested data elements for the April 1, 2022 to March 31, 2023 period:

SAMPLE DATA TABLE

	Column 1	Column 2	Column 3	Column 4	Column 5
	Total # of Children Served	New Enrolments	Exits	Returned	Remaining Children at Month End
April	10	10	0	0	10
May	12	2	1	0	11
June	11	0	0	0	11
July	19	5	0	3	19
August	19	0	8	0	11
September	11	0	0	0	11
October	12	0	0	1	13
November	13	1	0	0	13
December	14	0	0	1	14
January	14	0	0	0	14
February	16	2	1	0	15
March	15	0	0	0	15

1. How to calculate average monthly number of children served

The average monthly number of children is the sum of the total number of children served in each month (Column 1) divided by 12 months. By using the sample data in the table provided above, the average monthly number of children served would be:

$$(10+12+11+19+19+11+12+13+14+14+16+15) \div 12 \text{ months}$$

$$166 \div 12 \text{ months}$$

$$= 13.8$$

Use 1 decimal place to report monthly average number of children served.

2. How to calculate the total number of children served

There are two approaches to calculate the total number of children served:

- 1) **Approach A:** The total number of children served is the sum of all newly enrolled children during the period. Using the data in Column 2 of table above as reference, it would represent:

$$(10+2+0+5+0+0+0+1+0+0+2+0) = 20$$

Use whole numbers to report the total number of children served.

- 2) **Approach B:** Alternatively, the total number of children served can be calculated by writing down and adding up all of the unique names of children who attended the child care centre during the period from April 1, 2022 to March 31, 2023.

Please do not double count children that left the centre and came back at a later point in the same year as you are required to report the **unduplicated total** number.

3. How to calculate the full-time equivalency (FTE) of staff

The full-time equivalency of staff is the numerical representation of the time that staff spends working in comparison to a standard work week. It is based on a minimum of 35 hours per week but you should use the standard work week applicable to your First Nation or TPA. In order to calculate the FTE for all staff you add up each staff's FTE:

FORMULA = # of hours scheduled to work for each staff \div # of hours in a standard work week

EXAMPLE:

Let's assume that you are providing wage subsidy to three staff and they work the following number of hours:

- Staff # 1 = 40 hours per week
- Staff # 2 = 20 hours per week
- Staff # 3 = 45 hours per week

In this example, the standard work week is 40 hours per week for each of the 3 staff members.

Here is how each individual staff member's FTE is calculated:

- Staff # 1 = 40 hours scheduled to work ÷ 40 hours standard work week = 1.00
FTE
- Staff # 2 = 20 hours scheduled to work ÷ 40 hours standard work week = 0.50
FTE
- Staff # 3 = 45 hours scheduled to work ÷ 40 hours standard work week = 1.00
FTE*

*For Staff #3, the actual FTE is 1.13 (45hrs/40hrs) however, the FTE can NEVER exceed 1.0 per person.

Answer: The total FTE for the 3 staff is (1.0 FTE + 0.50 FTE + 1.00 FTE) = 2.50

4. How to calculate the number of licensed centres funded

The total number of licensed centres funded is the sum of all centres that received Health and Safety Funding (A375), Transformation - IT upgrades (A404), Small Water Works (A515).

5. How to calculate the number of participants supported

The number of Ontario Works-Formal (A402) participants receiving fee subsidies. Each participant is counted only once in the fiscal year. The table above does not include data to calculate the number of participants supported, but it follows the same basis to calculate the number of children served using either approach A or approach B.

The number of Ontario Works- Informal (A403) participants receiving funding for unlicensed child care arrangements. Each participant/family is counted only once in the

fiscal year. The table above does not include data to calculate the number of participants supported, but it follows the same basis to calculate the number of children served using either approach A or approach B.

The number of participants supported is a data element that is part of the reporting on Supervisor Network – Capacity (A405) expenditures. It is the number of child care staff that received funding to participate in network meetings or engage in professional development activities from April 1, 2022 to March 31, 2023.

6. How to calculate the number of service agreements for home child care agencies

The number of service agreements for home child care agencies is a data element that is part of the reporting on Base Funding for Licensed Home Child Care expenditures. It is the number of service agreements with home child care agencies that receive funding to reduce per diem charges through increased compensation for providers and reduced fees for parents from April 1, 2022 to March 31, 2023.

7. How to calculate the total licensed capacity of all programs supported (cumulative)

The total licensed capacity of all programs supported is a data element that is part of the reporting on Base Funding for Licensed Home Child Care expenditures. It is the total number of spaces of all home child care programs that receive base funding support from April 1, 2022 to March 31, 2023.

STEP #2: Schedule 2.1 – Staffing Schedule (Direct Delivery of Services)

PURPOSE

Schedule 2.1 captures the number of FTEs, salaries and benefits of staff performing duties under various detail codes. These staff members must be employees of your First Nation or TPA as Schedule 2.1 only captures staffing under a direct delivery service model. In this schedule, include all staffing expenditures - even if funded from other sources and not fully subsidized by the ministry.

HOW TO COMPLETE

Under SUBMISSION INPUT AND QUERY → INPUT AND RESULTS, select:

“Schedule 2.1 – Staffing Schedule (Direct Delivery of Services)”

The following detail codes will be reported in Schedule 2.1:

1. A370 – Fee Subsidy
2. A371 – Fee Subsidy (For First Nations newly funded in 2016 that do not currently receive federal funding contribution)
3. A377 – Special Needs Resourcing
4. A402 – Ontario Works – Formal
5. A404 – Transformation

The schedule is divided into the following two sections:

1. Program Staff – Staff necessary to deliver child care programs and services such as teachers, resource teachers, teacher aides, cooks, and bus drivers.
2. Program Administration Staff – Staff such as supervisors, administrative staff and finance clerks.

Complete the following fields for each applicable service directly provided by your First Nation or TPA:

- Description of Program Staff: Enter the position title of the individuals.
- Number of Staff (# of Individuals in Each Position): Enter the number of individuals for each position. It does not matter if staff members are full-time or part-time; only whole numbers can be entered (no decimals).

- Number of Full-Time Equivalency (FTE): Enter the FTE of each staff by using the following calculation:

FORMULA:	EXAMPLE:
$= (\# \text{ hours worked during 12 month period} \div 35 \text{ hours per week}) \times 52 \text{ weeks}$	1 part-time staff works for 15 hours every week, their FTE = 0.43 $(15 \text{ hours} \times 52 \text{ weeks}) \div 1820 \text{ hours per year} = 0.43$

- **Salaries:** Include payments to all full-time, part-time, temporary, occasional, summer or other employees. Included in this account line are premium pay, overtime pay, vacation pay, and other direct monetary compensation paid to employees. Ensure that you have not included benefits, Wage Subsidy (A392), or Wage Enhancement (A406) in this column. Wage Subsidy is to be reported on Schedule 2.3. Wage Enhancement is to be reported on Schedule 4.3.
- **Total Expenditures for Supply and/or Relief Program Staff:** Examples of expenditures to be included in this line are wages for supply/relief staff.
- **Total Benefits Expenditure per detail code for all staff listed (Program and Admin):** This line includes mandatory benefits (e.g., CPP, EI, and EHT), benefit plan costs (e.g., ADD, LTD, extended health, dental) as well as other benefits (e.g., WSIB, maternity top-up). Benefits are reported in aggregate in the “Benefits Subtotal” columns for program and admin staff.

You can complete Schedule 2.1 using the following method:

EXAMPLE:

- You have 1 full-time salaried employee (Employee #1) who earns \$60,000 a year
 - You also have 1 part-time hourly employee (Employee #2) who earns \$18 per hour and works 20 hours per week
 - The standard working hours per week in this scenario is 35 hours
1. Calculate the FTE for each employee:
 - Employee #1 FTE = 1.00
 - Employee #2 FTE = 0.57 (20 hours per week ÷ 35 hours standard work week)
 - Calculate the part-time/hourly employee’s salary: Employee #2 Salary = \$18,720 (\$18 per hour × 20 hours per week × 52 weeks)

Position	# of Staff	FTE	Salary
Employee #1: Full-Time Staff	1	1.00	\$60,000
Employee #2: Part-Time Staff	1	0.57	\$18,720

NOTES:

- The Number of Staff and the Salary amount must be entered as **whole numbers**; NO decimal places.
- Salaries and benefits related to Pay Equity Union Settlement and Wage Subsidy are to be reported on **Schedule 2.3**, NOT Schedule 2.1.
- Salaries and benefits related to Wage Enhancement are to be reported on **Schedule 4.3**.
- Staff FTE must be entered with **2 decimal places**.
- Staff FTE **cannot** be greater than the number of staff. An ERROR message will appear if this is the case and the ERROR must be resolved to be able to promote your EFIS file to "Active".

STEP #3: Schedule 2.3 – Schedule of Total Gross Expenditures

PURPOSE

Schedule 2.3 captures information on gross expenditures for Child Care programs. Gross expenditure is defined as total expenditures regardless of the source of funding (i.e., ministry funding, Band contributions or other offsetting revenues).

HOW TO COMPLETE

Under SUBMISSION INPUT AND QUERY → INPUT AND RESULTS, select:

“Schedule 2.3 – Schedule of Total Gross Expenditures”

In Schedule 2.3, include all expenditures even if funded from other sources and not fully subsidized by the ministry. This schedule is comprised of the following expenditure categories:

1. Salaries and Benefits*
2. Advertising and Promotion
3. Building Accommodation
4. Program Supplies Equipment and Furnishings
5. Purchase of Services
6. Travel

10. Purchased Professional Services – Non-Client
11. Transformation – Special Needs Resourcing (SNR)
12. Transformation – Play Materials and Equipment

** It is not necessary to input staffing costs for Fee Subsidy, SNR, OW – Formal, and Transformation in Schedule 2.3 as these salaries and benefits will automatically populate based on the data in Schedule 2.1.*

NOTE:

There is enhanced financial flexibility for First Nations to use Child and Family Program funding (if applicable) to help offset eligible costs associated with COVID-19.

Where A404 - Child Care Transformation allocation is fully utilized and unused Child and Family Program funding remains, additional COVID-19 costs that have **not** been captured under **A404 – Child Care Transformation** can be reported in Child and Family Program – **P2223FIS** under COVID-19 – Transformation (see STEP #5 for financial flexibility information). For more information, please feel free to reach out to your assigned Financial Analyst.

Please note that Child Care Transformation expenditures related to COVID-19 must be reported only **once** in either F2223FIS or P2223FIS. No duplication is allowed.

STEP #4: Schedule 2.4 – Schedule of Adjusted Gross Expenditures

PURPOSE

Schedule 2.4 captures information on revenues that offset the reported gross expenditures on Schedule 2.3 to bring the expenditures to an adjusted gross expenditure basis. Include all revenue amounts above the 20% legislated cost-share requirement if the revenue is being used to offset ministry funded child care program costs.

HOW TO COMPLETE

Under SUBMISSION INPUT AND QUERY → INPUT AND RESULTS, select:

“Schedule 2.4 – Schedule of Adjusted Gross Expenditures”

You must enter both the type/source and the amount of revenue in Schedule 2.4.

All items entered in this schedule must be **negative** values.

Parental Contribution

In this row, enter any parental contributions for subsidized child care spaces where the parents are paying some user fees to subsidize the cost of child care. If you do not charge parents any fees, then this row will remain blank. Please enter the applicable amounts as negative values.

Parent Full Fee

In this row, enter any parental contributions for child care spaces where the parents pay the entire cost of the space (i.e., not supported by ministry funding). Please enter the applicable amounts as negative values.

Other Offsetting Revenue

In these three rows, enter all other offsetting revenues, where applicable. This would include items such as: contributions from the First Nation in excess of the legislated provincial cost sharing requirement, and funds received from federal child care initiatives, but **not** the federal government 20% cost share contribution. Please enter the applicable descriptions and any amounts as negative values.

STEP #5: Schedule 3.1 – Entitlement Calculation

PURPOSE

Schedule 3.1 calculates the funding entitlement. The levels of expenditures, cost sharing requirements and financial flexibility (see illustration on the next page for more information) as per the policies set out in the *2022-23 Ontario Child Care and Child and Family Program Business Practice, Service, and Funding Guideline*, are all taken into consideration when calculating the entitlement.

HOW TO COMPLETE

Under SUBMISSION INPUT AND QUERY → INPUT AND RESULTS, select:

“Schedule 3.1 – Entitlement Calculation”

There is **no data entry required** on this schedule as all the required data is pre-populated from other schedules within the submission.

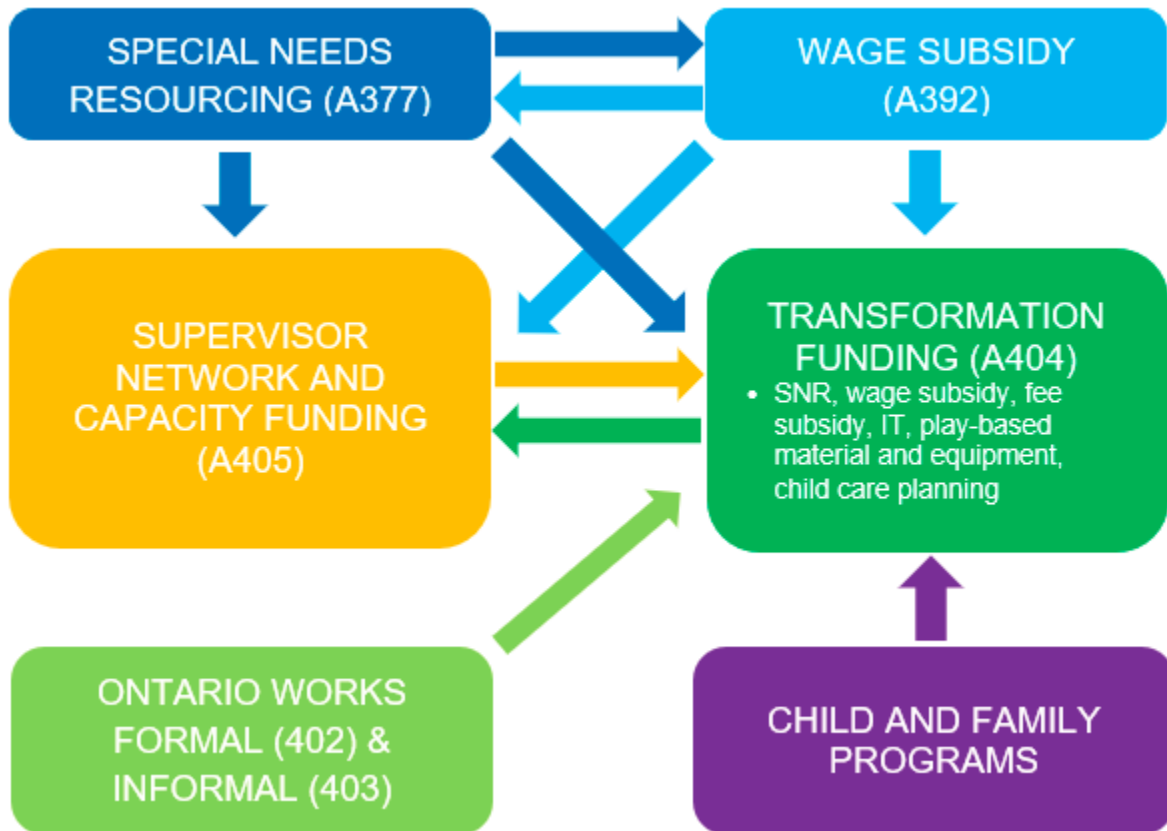

Please note that if the Total Child Care Entitlement is **lower than** the total Ministry Allocation, you must open the “Summary of Entitlement” tab and select “Yes/Oui” when asked “Are you willing to proceed based on the recovery amount above?” in order to continue with the submission.

If you do not select “Yes/Oui” an error message will be displayed in the Errors report page, which will prevent you from promoting your submission. Therefore, if there is a Ministry Allocation Recovery, confirm that the information entered in the submission is correct and clear the error warning by selecting “Yes/Oui”. If you have any questions, please contact your assigned Financial Analyst before proceeding.

Financial Flexibility

First Nations have in-year flexibility to realign funds between detail codes to meet service needs and address volume and caseload pressures. First Nations must identify the realignment of funding in their applicable financial reporting submissions (refer to the *2022-23 Ontario Child Care and Child and Family Program Business Practice, Service and Funding Guideline* – Section 2 for more details).

Funding between detail codes can be realigned as follows:

- To support child care COVID-19 expenses, funds may be transferred from Special Needs Resourcing (A377), Wage Subsidy (A392), Ontario Works Formal (A402)/Informal (A403), Child Care Supervisor Network – Capacity Building Funding (A405) and Child and Family Programs to Child Care Transformation Funding (A404).
- Funds may be transferred between Special Needs Resourcing (A377) and Wage Subsidy (A392);
- Funds may be transferred between Child Care Transformation Funding (A404) to Child Care Supervisor Network – Capacity Building Funding (A405);
- Funds may be transferred from Special Needs Resourcing (A377) to Child Care Supervisor Network – Capacity Building Funding (A405); however, the reverse is not permitted;

- Funds may be transferred from Wage Subsidy (A392) to Child Care Supervisor Network - Capacity Building Funding (A405); and
- Funds may be transferred between Ontario Works Formal (A402) and Ontario Works Informal (A403).

Detail Codes with NO Financial Flexibility:

Funds **cannot** be transferred out of or into the following detail codes:

- Child Care Regular Subsidies (A370/A371)
- Health and Safety (Repairs and Maintenance) (A375)
- Pay Equity Union Settlement (A394)
- Wage Enhancement/Home Child Care Enhancement Grant (A406)
- Administration for Wage Enhancement/Home Child Care Enhancement Grant (A407)
- Small Water Works Child Care (A515)
- Base Funding for Licensed Home Child Care
- Child Care and Early Years Workforce Funding

IMPORTANT

Once you have reviewed the Entitlement Calculation, one copy of Schedule 3.1 – Summary of Entitlement as “Recipient Active Version” must be printed from Reports, signed and sent to the Ministry of Education.

STEP #6: Schedule 4.2 – Transition Funding Annual Usage

Only complete this schedule if your First Nation received transition funding in 2012-13.

PURPOSE

Schedule 4.2 captures the annual usage of the one-time transition funding provided to some First Nations during the 2012-13 fiscal year.

HOW TO COMPLETE

Under SUBMISSION INPUT AND QUERY → INPUT AND RESULTS, select:

“Schedule 4.2 – Transition Funding Annual Usage”

- Most of this schedule is pre-populated, with only **one input cell**. You are required to input the amount of this transition funding that you have used in the 2022-23 fiscal year in the line “Usage in 2022-23”.
- The amount that is entered is deducted from the “Transition Funding Balance at April 1, 2022” to determine the available “Transition Funding Balance at March 31, 2023”.

Example of Schedule 4.2:

Transition Funding Received in 2012-13	54,600
Transition Funding Balance April 1 st , 2022	39,762
Usage in 2022-23	35,000
Transition Funding Balance March 31 st , 2023	4,762

STEP #7: Schedule 4.3 – Wage Enhancement Allocation

PURPOSE

Schedule 4.3 captures information regarding Wage Enhancement (WE) and Home Child Care Enhancement Grant (HCCEG). The purpose of the Wage Enhancement funding is to support a wage increase of up to \$2 per hour, plus 17.5 per cent benefits for eligible child care staff. Please refer to the *2022-23 Ontario Child Care Business Practice, Service, and Funding Guideline* for eligibility requirements.

The schedule consists of 5 tabs:

1. Child Care Centres and Home Visitors
2. Home Providers
3. WE Allocation Summary
4. WE Administration Allocation
5. WE Service Data

HOW TO COMPLETE

Under SUBMISSION INPUT AND QUERY → INPUT AND RESULTS, select:

“Schedule 4.3 – Wage Enhancement Allocation Summary”

Tab 1 – CC Centres and Home Visitors

Report the Wage Enhancement salaries and benefits for centre-based positions and private home day care (PHDC) home visitors receiving a full Wage Enhancement (e.g., staff whose wages were less than or equal to \$26.59 per hour as of December 31, 2022).

Also report the Wage Enhancement salaries and benefits for centre-based positions and PHDC home visitors receiving a partial Wage Enhancement (e.g., staff whose wages were more than \$26.59 per hour but less than \$28.59 per hour as of December 31, 2022).
