6. If the employee had accumulated a sick leave credit gratuity as of August 31, 2012 but is not eligible to receive it for the sole reason that he or she has not met an eligibility requirement relating to number of years of service as an employee with the board, the employee is eligible to receive, by June 30, 2013, an amount for gratuity wind-up determined using the following formula:

$$(X/30) \times (Y/200) \times (Z/10)$$

in which,

“X” is the number of years of service as an employee with the board as of August 31, 2012,

“Y” is the lesser of 200 and the number of days of sick leave credits as have been accumulated by the employee as of August 31, 2012, and

 - ii. Maternity benefits shall be paid for six weeks of the employee's maternity leave.
 - iii. Maternity benefits shall be paid at a rate of pay that is equal to 100 per cent of the employee's salary for the year, less any amount for unemployment insurance benefits received by or available to the employee during that time.
 - iv. Despite subparagraphs ii and iii, if, on August 31, 2012, the maternity benefits that the class of employees was entitled to receive were greater than the benefits set out in those subparagraphs, the employee is eligible to receive those benefits.
10. The employee's entitlement to receive an amount to top up benefits that he or she is entitled to under the *Workplace Safety and Insurance Act, 1997* is as follows:
- i. The employee is only entitled to receive the top-up amount if the employee is in a class of employees that, on August 31, 2012, was entitled to use unused sick leave credits for the purpose of topping up benefits received under the *Workplace Safety and Insurance Act, 1997*.
 - ii. The top-up amount shall be paid for a maximum of four years and six months.

 - iv. For the purposes of the 2012-2013 fiscal year, an employee is not entitled to receive a top-up amount under this section if,
 - A. on August 31, 2012, the employee was eligible to receive benefits under the *Workplace Safety and Insurance Act, 1997*, and
 - B. as of September 1, 2012, the employee had no unused sick leave credits that were provided in previous fiscal years.
 - v. If, as a result of an accident, an employee received benefits under the *Workplace Safety and Insurance Act, 1997* in respect of the first workday in the 2012-2013 fiscal year, the employee's entitlement to be topped up for four years and six months shall be reduced by the length of time for which the employee received benefits under that Act as a result of that accident.

(3) An employment contract between a board and an employee of the board who is a principal or vice-principal shall contain the following terms:

5. If the contract provides for movement on the salary grid more than once in a fiscal year, paragraphs 2 to 4 do not apply and instead each movement will occur on the day that is the number of months determined using the following formula after the day specified in the contract:

$$A/(1 + B)$$

in which,

“A” is the number of months that the employee is scheduled to work in the fiscal year, without deducting vacation days or statutory holidays, and

“B” is the number of times in the fiscal year that movement on the salary grid is provided for in the contract.

(5) If an employment contract between a board and a board employee provides for movement on the salary grid, the contract is exempt from the application of paragraph 10 of subsection 2 (1) of the Act and instead shall contain the following term:

1. The employee shall be eligible for an additional 120 days of sick leave during a board’s fiscal year paid at a rate of pay equal to,

(7) If, on August 31, 2012, an employment contract between a board and a board employee entitled the employee to an increase in vacation time, including payment in lieu of vacation time, based on the employee’s years of experience, the following apply:

1. The contract is exempt from the application of paragraph 4 of subsection 2 (1) of the Act to the extent that it prohibits such an increase.
