SECTION 1: INTRODUCTION

The Ministry of Education (the “ministry”) is pleased to release the 2016-17 Ontario Child Care Business Practice, Service and Funding Guideline (“guideline”) for First Nations and Child Care Transfer Payment Agencies.

The Ontario Early Years Policy Framework provides a vision for the early years where Ontario’s children and families are well supported by a system of responsive, high-quality, accessible, and increasingly integrated early years programs and services that contribute to healthy child development today and a stronger future tomorrow. For additional information on the Ontario Early Years Policy Framework, please visit the [Ministry of Education website](#).

CHILD CARE AND EARLY YEARS ACT, 2014

On August 31, 2015, the *Child Care and Early Years Act, 2014* came into effect, replacing the *Day Nurseries Act*. The new legislation reflects Ontario’s vision for the early years as articulated in the *Ontario Early Years Policy Framework* and provides a new, modernized legislative framework that governs the provision of child care and early years programs and services.

The new legislation also supports greater access to licensed home-based child care for families by increasing the incentives for child care providers to join the licensed home-based sector, as well as strengthens the government’s oversight in child care settings. Recognizing the important partnerships that support the child care and early years system, the legislation also facilitates the local planning and implementation of child care and early years programs and services.

The legislation is available on the [e-Laws website](#).

How Does Learning Happen? Ontario’s Pedagogy for the Early Years

The release of *How Does Learning Happen? Ontario’s Pedagogy for the Early Years* in 2014, helps to bring the provincial vision to life. Identified in the *Ontario Early Years Policy Framework* as a priority area for action, *How Does Learning Happen?* provides a comprehensive framework to guide program development and pedagogy in early years settings. It builds on the guiding principles to support Ontario’s vision of high quality programs and services centred on the child and family with a view of children as competent and capable of complex thinking, curious and rich in potential.

How Does Learning Happen? helps move Ontario towards increasingly integrated programs and services for children and families whether in child care, family support programs or kindergarten, with a shared view of the child, common pedagogical

approaches and foundations of belonging, well-being, engagement and expression that are aligned with the full-day kindergarten program. To read *How Does Learning Happen?* please visit the [Ministry of Education website](#).

The *Child Care and Early Years Act, 2014* gives the Minister of Education authority to issue Policy Statements for the purpose of guiding early years programs and services. The Minister has named *How Does Learning Happen? Ontario's Pedagogy for the Early Years* as the provincial framework to guide programming and pedagogy in licensed child care settings across Ontario.

In addition to the Minister's Policy Statement, program-related regulations under the *Child Care and Early Years Act, 2014* have also been developed to align with *How Does Learning Happen?* and help child care settings put the ideas and approaches of this pedagogical framework into practice. Regulations under the *Child Care and Early Years Act, 2014* require every licensee to have a program statement that is consistent with the Minister's Policy Statement on programming and pedagogy (Section 46 of O.Reg 137/15 made under the *Child Care and Early Years Act, 2014*). Licensees are also required to create and implement a staff training and development policy and identify the ways they will support continuous professional learning for staff. Additional new licensing requirements can be found in the [Child Care Centre Licensing Manual](#) released in released in the fall 2015.

SECTION 2: TRANSFER PAYMENT BUSINESS PRACTICES FOR FIRST NATIONS AND TRANSFER PAYMENT AGENCIES WITH A FUNDING ALLOCATION OF \$350,000 OR ABOVE

OVERVIEW OF THE CONTRACT MANAGEMENT PROCESS

This section of the guideline is specific to First Nations and Transfer Payment Agencies (TPAs) with a funding allocation of \$350,000 or above effective April 1, 2016, and provides an overview of the contract management process for child care at the Ministry of Education.

The contract management process consists of the following three stages:

1. Contracting;
2. Financial Reporting; and
3. Payment

In accordance with the Government of Ontario's Transfer Payment Accountability Directive, and consistent with the principles of prudent fiscal management, funds must be flowed to transfer payment recipients only upon signature of the service agreement and related amendments.

CONTRACTING

Service agreements, which identify funding levels and service expectations, are distributed to First Nations and TPAs by email at the beginning of the fiscal year. The service agreement and any amendments to this agreement cover the fiscal period of April 1, 2016 to March 31, 2017.

Signed service agreements must be submitted to the ministry by **June 27, 2016**. Agreements can be submitted by email to tpa.edu.earlylearning@ontario.ca, or by regular mail.

To submit by regular mail, please send two original signed copies of the child care service agreement to the Early Years Implementation Branch at the address below:

Julia Danos, Director
Early Years Implementation Branch
Ministry of Education
24th Floor, Mowat Block
900 Bay Street
Toronto, ON M7A 1L2

Note: When submitting signed service agreements please send the entire service agreement along with the signature page to the email or mailing address noted above.

Service agreements between the ministry and First Nations/TPAs:

- set out expectations, terms and conditions of funding to support good governance, value for money, and transparency in the administration of transfer payment funds;
- document the respective rights, responsibilities, and obligations of the ministry and the recipient; and
- include specific, measurable results for the money received, reporting requirements, and any corrective action the government is entitled to take if agreed upon results are not achieved.

Email communication between First Nations/TPAs and the ministry should occur using an email address that is from the First Nation's or TPA's registered domain. This method of communication reassures senders and receivers of the email that they are corresponding in a more secure environment. An example of an acceptable e-mail using a registered domain is yourname@yourfirstnation.ca.

FINANCIAL REPORTING

The Reports Schedule of the service agreement identifies the ministry's submission requirements for the current fiscal year. First Nations and TPAs are required to provide the following submissions to the ministry as per the following cycle:

Submission Type	Due Date
Service Agreement	June 27, 2016 ¹
Wage Enhancement Application Form	June 27, 2016 ²
Interim Report - EFIS	November 30, 2016
Financial Statements - EFIS	July 28, 2017

Effective in 2015, First Nations and TPAs with an allocation of \$350,000 or above are no longer required to submit an Estimates report in June through the Education Finance Information System (EFIS). First Nations and TPAs must submit two financial

¹ With an automatic extension granted if the Band Council has not approved the budget by this date.

² Only applicable to First Nations with licensed child care programs. See section four, Wage Enhancement/Home Child Care Enhancement Grant, for details.

reports to the ministry, Interim Report and Financial Statements, through EFIS. The Financial Analysis and Accountability Branch (FAAB) will provide detailed instructions to First Nations and TPAs for each submission upon release of the submission in EFIS. The following is only a brief overview of the Interim Report and Financial Statements submissions:

Interim Report – EFIS

In the Interim Report submission, First Nations and TPAs provide in-year actuals up to September 30, 2016. In addition, First Nations and TPAs provide a projection of expenditures and service data to March 31, 2017. The Interim Report submission is due by November 30, 2016.

Financial Statements- EFIS

The Financial Statements submission measures the First Nation's and TPA's actual performance against their estimated service data for the year. The Financial Statements submission is also a reconciliation of the First Nation's or TPA's funding allocation against actual expenditures once the year-end results are reported. It is due approximately four months following the March 31 year-end date (July 28, 2017) and must include the following elements:

1. Audited Financial Statements of the First Nation or TPA that covers all programs provided by the First Nation or TPA, including child care;
2. A post audit management letter issued by the external auditors. If such a letter is not available, confirmation in writing for the rationale as to why it is not available;
3. A schedule of child care and family support program revenues and expenses funded by the Ministry of Education. This information may be provided through the following formats:
 - included as a note to the audited Financial Statements (part of # 1 above);
 - included as a schedule to the audited Financial Statements (part of # 1 above); or included as part of a separate audit or review engagement report³.

³ The review engagement report allows for the independent verification of data reported within EFIS. Sample templates are provided in Appendix C.

4. An active EFIS submission.

If the schedule of child care and family programs revenues and expenses does not reconcile to the EFIS revenues and expenses, a reconciliation must be prepared by the auditors to reconcile the difference(s).

If a First Nation's or TPA's audited Financial Statements will not be available by July 28, 2017, the following steps should be taken:

1. Contact your Financial Analyst advising them that the year-end reporting requirements cannot be met. The correspondence should include the estimated date when the ministry can expect the audited Financial Statements as well as other year-end reporting requirements.
2. Submit an active EFIS submission by July 28, 2017 based on the best information available at that time and recognize that it may change following the completion of the audit.
3. Submit a copy of the audited Financial Statements and other remaining requirements as soon as they are available.
4. Contact your Financial Analyst should a change be required to the active EFIS submission following the audit of the First Nation or TPA.

Variance Analysis

Variance analysis explanations will be required for identified significant variances in the Financial Statements submissions compared to the previous year. First Nations and TPAs will be contacted by their Financial Analyst to discuss significant variances, including the reason for variances and the potential or actual impacts on staff and services, and may be asked to provide an action plan as part of financial reporting.

In the event that additional in-year funding is announced following the receipt of the signed service agreement, a modified variance reporting methodology will be introduced to allow First Nations and TPAs to report on variances based on the revised funding allocation and increased expenditures.

PAYMENT

The Budget Schedule of the service agreement identifies the ministry's funding allocation for the First Nation or TPA named in the agreement. Generally, this allocation is divided into 12 approximately equal monthly payments (see "Payment Mechanics" table below), less any Health and Safety funding. Any applicable revised payments in each fiscal year will only begin after the service agreement or related

amendments are signed by the First Nation/TPA and the ministry. In some circumstances, the ministry may continue to make payments based on 2015-16 interim reports until the service agreement for the current fiscal year is signed by all parties.

Payment Mechanics

The Payment Schedule of the service agreement identifies monthly cash flow percentages. Percentages are based on the total 2016-17 allocation⁴:

Month	Percentage	Month	Percentage
April	8.3%	October	8.3%
May	8.3%	November	8.3%
June	8.4%	December	8.4%
July	8.3%	January	8.3%
August	8.3%	February	8.3%
September	8.4%	March	8.4%

In-Year Funding Adjustments

As per the service agreement, the ministry automatically adjusts entitlement and the resulting cash flow to reflect forecasted or actual under-spending that is reported in the Interim Report and Financial Statements submissions.

These adjustments will result if the following occurs:

- the First Nation’s or TPA’s projected or actual spending levels are less than the approved funding amounts in the Budget Schedule of the service agreement; and/or
- the ministry identifies that projected expenses should be adjusted to better reflect previous years' actual expenses, trends and expectations for the current fiscal year. This process is completed through discussions between the ministry and the First Nation/TPA.

Payments based on Service Agreement:

The original monthly cash flow will be based on approximately 1/12 (see “Payment Mechanics” table above) of the allocation amount outlined in the Budget Schedule of the service agreement. Payments are then adjusted after each financial submission.

⁴ Payments may be based on the prior year’s interim reports, less Health and Safety funding, until the signed service agreement is received.

Payments based on Interim Report:

If the Interim Report submission in EFIS, due by November 30, 2016, reflects a different entitlement amount than in the service agreement, cash flow for the January 2017 payment will be adjusted based on approximately 10/12 (see “Payment Mechanics” table above) of the entitlement amount. The total payments made to date in 2016-17 will be subtracted from the entitlement amount. The following monthly payments will be based on approximately 1/12 of the entitlement amount in the EFIS Interim Report submission.

Payments based on Financial Statements:

Upon submission of the Financial Statements, any difference between the total amount paid to date and the entitlement calculated in the Financial Statements will be cash flowed to the First Nation or TPA. This adjustment will be made once the Financial Analyst completes a review of the Financial Statements. Any funding owed to the ministry by the First Nation or TPA will be deducted from future monthly payments. The First Nation or TPA is not required to issue a cheque to the ministry for the recoverable funding, unless requested by the ministry. The ministry may request payment with a cheque if more than three months or 25 per cent of the annual total allocation will be recovered.

POLICY FOR LATE FILING

The ministry acknowledges that the majority of First Nations and TPAs provide signed service agreements, updated financial submissions and related information on a timely basis. The intent behind the late filing process outlined below is to ensure the ministry has the information required to demonstrate accountability for public funds. The ministry will continue to support our First Nation and TPA partners with timely filing of financial submission requirements through regional outreach, training and resources. The ministry will also follow-up with First Nations or TPAs impacted by the policy to discuss any challenges with providing the information and to offer support prior to imposing any financial penalty. Late filing policies of financial submissions are implemented as follows:

Policy for late filing of Signed Service Agreements:

Where a signed service agreement is not received by the ministry six months from the effective date of the new service agreement (i.e. October 1, 2016, unless an extension has been granted), the ministry will stop all payments to the First Nation or TPA until the signed agreement is submitted.

Policy for late filing of financial submissions, including:

- a. Financial reporting (Interim Report or Financial Statements)
- b. Queries related to financial reporting
- c. Financial documentation (audited Financial Statements, Review Engagement Reports)

Where a First Nation or TPA files any submission after the filing deadline, the ministry will take the following action until the submission has been received:

- If the submission is not received by the ministry within 30 days after the filing deadline, the ministry will inform the First Nation or TPA that the submission is overdue.
- After 31 days, cash flow will be reduced by 50 per cent of their monthly payment until the submission is received. The ministry will work with the First Nation or TPA to discuss any challenges with providing the information and to offer support.

Upon receipt of the late submission, the ministry will reinstate the normal monthly payment process and will include in the monthly payment the total amount withheld up to that point.

The ministry reserves the right to suspend funding (in year or in the subsequent year(s)). Should a First Nation or TPA have any outstanding financial submissions, responses to queries or financial documentation, the ministry may exercise its discretion by not providing funding in the subsequent fiscal year until the financial submissions, responses to queries and financial documentation have been received.

SECTION 3- TRANSFER PAYMENT BUSINESS PRACTICES FOR FIRST NATIONS AND CHILD CARE TRANSFER PAYMENT AGENCIES WITH A FUNDING ALLOCATION BELOW \$350,000

OVERVIEW OF THE CONTRACT MANAGEMENT PROCESS

This section of the guideline is specific to First Nations and Transfer Payment Agencies (TPAs) with a funding allocation below \$350,000⁵, effective April 1, 2016, and provides an overview of the contract management process for child care at the Ministry of Education.

The contract management process consists of the following three stages:

1. Contracting;
2. Financial Reporting; and
3. Payment.

In accordance with the Government of Ontario's Transfer Payment Accountability Directive, and consistent with the principles of prudent fiscal management, funds must be flowed to transfer payment recipients only upon signature of the service agreement and related amendments.

Signed service agreements must be submitted to the ministry by **June 27, 2016**. Agreements can be submitted by email to tpa.edu.earlylearning@ontario.ca, or by regular mail.

To submit by regular mail please send two original signed copies of the service agreement to the Early Years Implementation Branch at the address below:

⁵ Allocation" is defined as the funding amount set out in the service agreement and excludes one-time funding adjustments (e.g., health and safety funding). Reporting requirements are subject to change in-year should a First Nation's or TPA's on-going allocation exceed \$350,000 for the first time during the fiscal year. Includes both child care and family support program funding.

FINANCIAL REPORTING

The Reports Schedule of the service agreement identifies the ministry's submission requirements for the current fiscal year. First Nations and TPAs are required to provide the following submissions to the ministry as per the following cycle:

Submission Type	Due Date
Service Agreement	June 27, 2016 ⁶
Wage Enhancement Application Form	June 27, 2016 ⁷

⁶ With an automatic extension granted if the Band Council/Board of Directors has not approved the budget by this date.

Submission Type	Due Date
Financial Statements - Attestation	July 28, 2017

First Nations and TPAs with an allocation below \$350,000 must submit one financial report to the ministry- Financial Statements- through an attestation form. The Financial Analysis and Accountability Branch (FAAB) will provide instructions to First Nations and TPAs for the Financial Statements submission upon release of the attestation form. A brief overview of the Financial Statements submission is below.

Financial Statements- Attestation

In the Financial Statements submission, the First Nation or TPA provides their actual service data for the year. The Financial Statements submission is a reconciliation of the First Nation's or TPA's annual funding allocation against actual expenses incurred. It is due approximately four months following the March 31st year-end date or July 28, 2017 and must include the following elements:

1. Audited Financial Statements of the First Nation or TPA that covers all programs provided by the First Nation or TPA, including child care and family support programs;
2. A post audit management letter issued by the external auditors. If such a letter is not available, confirmation in writing for the rationale as to why it is not available;
3. An attestation form verifying the First Nation's or TPA's compliance with the terms of the service agreement for the fiscal year in which the agreement applies.
4. A schedule of child care and family support program revenues and expenses funded by the Ministry of Education.

This information may be provided through the following formats:

- included as a note to the audited Financial Statements (part of # 1 above);
 - included as a schedule to the audited Financial Statements (part of # 1 above);
- or

⁷ Only applicable to First Nations with licensed child care programs. See section four, Wage Enhancement/Home Child Care Enhancement Grant, for details.

- included as part of a separate audit or review engagement report⁸.

If the schedule of child care and family programs revenues and expenses do not reconcile to the attestation revenues and expenses, a reconciliation must be prepared by the auditors to reconcile the difference(s).

If a First Nation's or TPA's audited Financial Statements will not be available by July 28, 2017, the following steps should be taken:

1. Contact your Financial Analyst to advise them that the year-end reporting requirements cannot be met. The correspondence should include the estimated date of when the ministry can expect the audited Financial Statements as well as other reporting requirements.
2. Submit the attestation form by July 28, 2017 based on the best information available at that time and recognize that it may change following the completion of the audit.
3. Submit a copy of the audited Financial Statements and other remaining requirements as soon as they are available.
4. Contact your Financial Analyst should a change be required to the previously submitted attestation form following the audit of the First Nation or TPA.

Variance Analysis

Variance analysis explanations will be required for identified significant variances in the Financial Statements submission. If there is a significant variance between the previous and current fiscal year's financial and data elements, First Nations or TPAs will be contacted by their Financial Analyst to discuss this variance, including the reason for variances and the potential or actual impacts on staff and service. In addition, First Nations or TPAs may be asked to provide an action plan as part of financial reporting in response to the variance.

In the event that additional funding is announced within the fiscal year, a modified variance reporting methodology will be introduced to allow First Nations or TPAs to report on variances based on the revised funding allocation and increased expenditures.

⁸ The review engagement report allows for the independent verification of data reported within the Attestation form. Sample templates are provided in Appendix C.

PAYMENT

The Budget Schedule of the service agreement) identifies the ministry's funding allocation for First Nations and TPAs. Generally, the allocation is divided into 12 approximately equal monthly payments (see "Payment Mechanics" table below), less any Health and Safety funding. Revised payments in each fiscal year should only begin after the service agreement or related amendments are signed by the First Nation/TPA and the ministry. In some circumstances, the ministry may continue to make payments based on the Budget Schedule in the signed service agreement for the immediately preceding fiscal year until the service agreement for the current fiscal year is signed by all parties.

Payment Mechanics

The Payment Schedule of the service agreement identifies monthly cash flow percentages. Percentages are based on the total 2016-17 allocation⁹:

Month	Percentage	Month	Percentage
April	8.3%	October	8.3%
May	8.3%	November	8.3%
June	8.4%	December	8.4%
July	8.3%	January	8.3%
August	8.3%	February	8.3%
September	8.4%	March	8.4%

In-Year Funding Adjustments

As per the service agreement, the ministry automatically adjusts entitlement and the resulting cash flow to reflect under-spending that has occurred following the submission of Financial Statements, where actual under spending is reported.

These adjustments will result when the following occurs:

- the First Nation's or TPA's actual spending levels are less than the approved funding amounts in the Budget Schedule of the service agreement; and/or,
- the ministry identifies that reported expenses should be adjusted to better reflect previous years' actual expenses, trends and expectations for the current

fiscal year. This process is completed through discussions between the ministry and the First Nation or TPA.

Payments based on the Service Agreement:

The original monthly cash flow will be based on approximately 1/12 (see “Payment Mechanics” table above) of the allocation amount outlined in the Budget Schedule of the service agreement.

Payments based on the Financial Statements- Attestation:

Upon submission of the First Nation’s or TPA’s attestation, any difference between the total amount paid to date and the entitlement will be cash flowed to the recipient or recovered from a future cash flow payment. This adjustment will be made once the financial review of the attestation has been completed. Any funding owed to the ministry by the First Nation or TPA will be deducted from future monthly payments. The First Nation or TPA is not required to issue a cheque to the ministry for the recoverable funding unless requested by the ministry. The ministry may request payment with a cheque if more than three months or 25 per cent of the annual total allocation will be recovered.

POLICY FOR LATE FILING

The ministry acknowledges that the majority of First Nations and TPAs provide signed service agreements, updated financial submissions and related information on a timely basis. The intent behind the late filing process outlined below is to ensure the ministry has the information required to demonstrate accountability for public funds. The ministry will continue to support our First Nation and TPA partners with timely filing of financial submission requirements through regional outreach, training and resources. The ministry will also follow-up with First Nations or TPAs impacted by the policy to discuss any challenges with providing the information and to offer support. Late filing policies of financial submissions are implemented as follows:

Policy for late filing of Signed Service Agreements:

Where a signed service agreement is not received by the ministry six months from the effective date of the new service agreement (i.e. October 1, 2016, unless an extension has been granted), the ministry will stop all payments to the First Nation or TPA until the signed agreement is submitted.

Policy for late filing of financial submissions, including:

- a. Financial reporting (Financial Statements - Attestation)

- b. Queries related to financial reporting
- c. Financial documentation (Audited Financial Statements, and Review Engagement Reports)

Where a First Nation or TPA files any submission after the filing deadline, the ministry will take the following action until the submission has been received:

- If the submission is not received by the ministry within 30 days after the filing deadline, the ministry will inform the First Nation or TPA that the submission is overdue.
- After 31 days, cash flow will be reduced by 50 per cent of their monthly payment until the submission is received. The ministry will work with the First Nation or TPA to discuss any challenges with providing the information and to offer support.

Upon receipt of the late submission, the ministry will reinstate the normal monthly payment process and will include in the monthly payment the total amount withheld up to that point.

The ministry reserves the right to suspend funding (in year or in the subsequent year(s)). Should a First Nation or TPA have any outstanding financial submissions, responses to queries or financial documentation, the ministry may exercise its discretion by not providing funding in the subsequent fiscal year until the financial submissions, responses to queries and financial documentation have been received.

SECTION 4: TRANSFER PAYMENT BUSINESS PRACTICES FOR ALL FIRST NATIONS AND TRANSFER PAYMENT AGENCIES

FINANCIAL FLEXIBILITY

Funding to First Nations and Transfer Payment Agencies (TPAs) flows under detail codes (e.g. A370- Regular Fee Subsidies), which are codes that describe each type of child care funding. The Budget Schedule of the service agreement outlines the detail code(s) and the amount of associated funding.

In-Year Flexibility

First Nations and TPAs have in-year flexibility to realign funds between detail codes, in accordance with the financial flexibility criteria outlined below, to meet service needs in their communities and address volume and caseload pressures. First Nations or TPAs must identify the realignment of funding in their applicable financial reporting submissions.

In order to exercise financial flexibility, First Nations and TPAs must meet the following criteria:

- **Program/Policy Direction and Priorities-** services must be delivered in the most effective, efficient and affordable manner. Service levels must be consistent with community priorities. Financial flexibility must improve client and service outcomes.
- **Funding Policies and Guidelines-** permanent realignments between detail codes cannot be made. Any flexibility between detail codes is only effective for the current fiscal year.

Funding between detail codes can be realigned as follows:

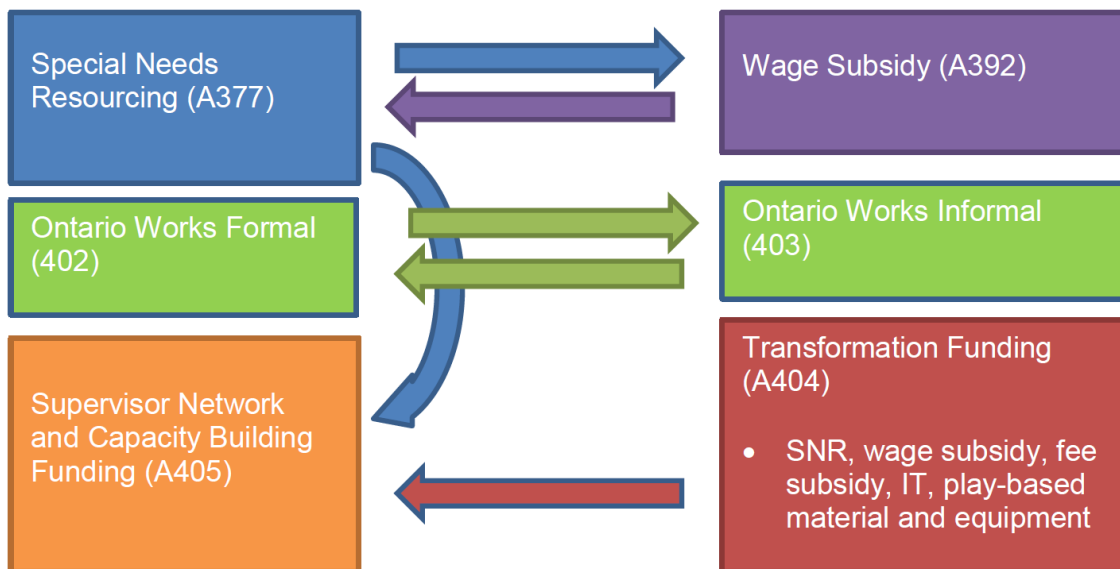

- Funds may be transferred between Special Needs Resourcing (A377) and Wage Subsidy (A392).
- Funds may be transferred from Special Needs Resourcing (A377) to Supervisor Network and Capacity Building Funding (A405); however the reverse is not permitted.
- Funds may be transferred between Ontario Works Formal (A402) and Ontario Works Informal (A403).

- Funds may be transferred from Child Care Transformation funding (A404) to Supervisor Network and Capacity Building Funding (A405); however the reverse is not permitted.

Please Note: Special needs resourcing is a priority for the ministry to ensure the inclusion of children with special needs in regulated child care settings at no additional cost to parents/guardians. This means that prior to the transfer of special needs resourcing funding; First Nations must ensure that all special needs resourcing requirements for children in licensed child care are met. Funding can only be moved from the original special needs resourcing allocation and cannot be combined with other flexibility options.

Please note: There are multiple eligible expenses under Child Care Transformation (A404). First Nations and TPAs have the flexibility to decide how to spend this allocation on the eligible expenses in order to meet community priorities.

The illustration below outlines in-year funding flexibility. .

Detail Codes with no Financial Flexibility:

- Funds CANNOT be transferred out of or into the following detail codes:
- Child Care Regular Subsidies (A370/A371)
- Repairs and Maintenance (A375)
- Pay Equity Union Settlement (A394)

- Wage Enhancement/Home Child Care Enhancement Grant (A406)
- Administration for Wage Enhancement/Home Child Care Enhancement Grant (A407)
- Small Water Works Child Care (A515)

With respect to family support programs, funding may be transferred between the following detail codes:

- Program Effectiveness – Data Analysis Coordinators (A466); and
- Ontario Early Years Centres (A462);

Funding cannot be transferred in or out of the following detail codes:

- Better Beginnings Better Futures (A520)
- Child Care Resource Centres (A387)

There is no financial flexibility between child care and family support program funding.

BASIS OF ACCOUNTING

First Nations and TPAs are required to report their revenues and expenditures using the modified accrual basis of accounting in their Interim Report and Financial Statements submissions. This basis of accounting is also guided by other policies and guidelines.

Modified Accrual Basis of Accounting

The modified accrual basis of accounting requires the inclusion of short-term accruals of normal operating expenditures in the determination of operating results for a given time period. Short-term accruals are defined as payable usually within 30 days of year-end.

The modified accrual basis of accounting does not recognize non-cash transactions such as amortization, charges/appropriations to reserves or allowances as these expenditures do not represent an actual cash expenditure related to the current period¹⁰.

Under modified accrual accounting, expenditures that would be amortized under full accrual accounting must be recognized as expenditures in the budget year the goods or services are received.

Expenditures made once a year (e.g. insurance) must be recorded in one of the following two methods:

- a. Expenditures will be charged to the period in which they are paid.
- b. The part of the expenditure that applies to the current year will be expensed in that year.

Either method of accounting for expenditures made once a year is acceptable. However, the selected method must be consistent from year to year.

Admissible/Inadmissible Expenditures

Expenditures deemed reasonable and necessary for the provision of services subsidized by the ministry are admissible in the calculation of the funding entitlement. These expenditures must be supported by acceptable documentary evidence.

All expenditures arising from transactions not conducted at arm's length from the First Nation or TPA (e.g. transactions in which both parties to the transaction may not be acting independently of each other due to a previous relationship) are inadmissible unless transacted at fair market value.

Expenses that do not directly support the provision of child care services are inadmissible and include the following:

¹⁰ Non-cash transactions include:

- a) provisions for pension expenses
- b) provisions for unused sick leave and wage settlements
- c) provisions for repairs or replacements
- d) provisions for bad debts
- e) retainer fees for legal services
- f) provisions for amortization

However, related payments are admissible.

- Interest expenses incurred on operating loans
- Professional organization fees paid on behalf of staff for membership in professional organizations
- Property tax expenses
- Fundraising expenses
- Donations to charitable institutions or organizations
- Bonuses, gifts and honoraria
- Capital loans
- Mortgage financing
- Reserve Funds

SECTION 5- CHILD CARE SERVICE AND FUNDING ELIGIBILITY AND REQUIREMENTS

This section of the guideline applies to all First Nations and TPAs and sets out the ministry's expectations, terms and conditions for provincial child care funding and the corresponding services.

A370/A371 – CHILD CARE REGULAR FEE SUBSIDIES

PURPOSE

Child care plays a key role in helping to promote healthy child development and helping children to reach their full potential. It is also an essential support for many parents, helping them to balance the demands of career and family while participating in the workforce or pursuing education or training.

ALLOCATIONS

Child Care Fee Subsidy funding is available through detail code A370 and A371- Child Care Regular Fee Subsidies. This allocation is available in Budget schedule of the service agreement, if applicable.

ELIGIBLE EXPENDITURES

First Nations may use Child Care Regular Subsidies funding to provide access for eligible families whose children attend licensed child care centres and licensed home child care directly operated or purchased by First Nation Bands.

Operating transportation costs may be included in fee subsidies if they are part of the child care centre's or home child care's budget.

Capital costs such as the purchase of a bus or capital builds are not eligible expenditures.

Access for eligible families is subject to the availability of subsidy funds within the budget of the First Nation space availability with a child care program.

COST-SHARING REQUIREMENTS

Child Care Regular Fee Subsidies (A370) is cost shared with 80% provided by the province and 20% by the First Nation. Funding is flowed under the *Child Care and Early Years Act, 2014*.

First Nations Newly Funded in 2016-17:

For First Nations newly funded in 2016 that do not currently receive federal funding contribution, ministry funding is flowed under the *Ministry of Community and Social Services Act*. Please refer to the Child Care Regular Fee Subsidies (A371) program description schedule for more information.

FINANCIAL FLEXIBILITY

Funding cannot be moved to any other detail codes.

REPORTING REQUIREMENTS

First Nations are required to report financial and service data to the ministry related to Child Care Regular Fee Subsidies expenses. First Nations that report in EFIS will provide this information in their Interim Report and Financial Statements submissions. First Nations that do not report in EFIS will provide this information in their year-end Financial Statements - Attestation submission.

In addition to total expenses, First Nations are required to report on the Child Care Regular Fee Subsidies data elements outlined in Appendix A of this guideline. These data elements include:

- The average monthly number of infants receiving fee subsidy;
- The average monthly number of toddlers receiving fee subsidy;
- The average monthly number of preschoolers receiving fee subsidy;
- The average monthly number of kindergarten children receiving fee subsidy;
- The average monthly number of school age children receiving fee subsidy;
- The cumulative number of children receiving fee subsidy;

Please see Appendix A for additional details on reporting requirements.

REQUIRED DOCUMENTATION

First Nations should maintain service and financial records for each site where the service above is being provided.

A375 – REPAIRS AND MAINTENANCE (HEALTH AND SAFETY)

PURPOSE

Repairs and Maintenance (Health and Safety) funding is to support licensed child care centres and home child care agencies in meeting licensing requirements under the *Child Care and Early Years Act, 2014* (CCEYA). It is the ministry's expectation that child care service providers will continue to comply with the ministry's licensing requirements under the CCEYA as well as health and safety practices, the upkeep of equipment, property repairs and maintenance.

ELIGIBLE EXPENDITURES

Repairs and Maintenance (Health and Safety) expenses are to support eligible First Nations or TPAs with on-reserve licensed child care programs to fund repairs, minor renovations, furnishings and equipment. Major capital costs are not eligible expenditures. First Nations must apply for Repairs and Maintenance (Health and Safety) funding on an annual basis.

Once approved for Repairs and Maintenance (Health and Safety) funding, your allocation will be included on the Budget Schedule of your Child Care service agreement (or Child Care Service Amendment if applicable) and will be available through detail code A375- Repairs and Maintenance.

First Nations may use Repairs and Maintenance (Health and Safety) funding for the following types of expenses:

Food Preparation

Addition, repair or replacement of:

- hand washing sink in the kitchen
- dishwasher or hot water booster
- major appliances

Washrooms

Addition, repair or replacement of:

- fixtures
- partitions

- flooring materials

Code Compliance

- Ontario Fire Code orders/recommendations
- Ontario Building Code orders/recommendations

Health and safety funding for licensed home child care agencies must be used to purchase portable items that improve health and safety for children. The portable nature of the equipment will enable the items to be transferred to another home child care provider, as required. Examples of portable safety items may include Canadian Standard Association (CSA) approved infant equipment such as playpens, highchairs, safety gates, child safety locks, first aid kits and fire extinguishers.

Note1: The above list is only a guide and not an exhaustive list.

Note2: Health and Safety funding cannot be used for program expansion.

APPLICATION PROCESS

In memo EYCC4 the ministry invited First Nations to apply for 2016-17 Repairs and Maintenance (Health and Safety) funding by March 11, 2016. While applications will continue to be accepted throughout the fiscal year, First Nations are encouraged to submit their applications for health and safety funding applications to the ministry as soon as possible.

Health and safety applications submitted to the ministry **must** include the three items listed below:

1. A completed copy of the **2016-17 Health and Safety Funding Request Form** (included in the EYCC4 package);
2. Proof of the estimated cost for each health and safety project:
 - **One quote** or proof of the estimated cost is required for each project with a total cost below \$10,000;
 - **Three quotes** or proof of the estimated costs are required for each project with a total cost above \$10,000;
 - Proof of purchase (receipt or invoice) is required for projects where the cost was covered by the First Nation or TPA after April 1, 2016.

3. A copy of independent documentation that supports the need for each health and safety project from one or more of the following sources:
- Summary of Child Care Centre Licensing Requirements and Recommendations Report or Child Care or Home Child Care Licensing Checklist;
 - Health Canada Inspection Report;
 - Fire Inspection Report; and/or
 - Building Inspection Report.

Once your application is complete, all of the above can be mailed, emailed or faxed to:

Early Years Implementation Branch
Ministry of Education
900 Bay St., Mowat Block 24th Floor
Toronto, ON
Fax: (416) 314-7836
Email: ELCCIB@ontario.ca

Please notify your Child Care Advisor by email or phone once you have submitted your health and safety funding application.

The ministry recognizes that emergency health and safety requirements may arise at any point in time. Contact your Child Care Advisor should you require funding to address an emergency health and safety requirement.

AFTER SUBMITTING AN APPLICATION FOR REPAIRS AND MAINTENANCE (HEALTH AND SAFETY) FUNDING

As limited funding is available to address health and safety requirements, the ministry may be unable to provide funding for every request submitted. Approval of health and safety funding requests is based on priority situations as follows:

- A. It is a current licensing/fire/building/public health issue identified in an inspection report.
- B. It could potentially become a licensing/fire/building or public health issue.
- C. It is to enhance service/quality/other.

Applications for 2016-17 child care Repairs and Maintenance (Health and Safety) funding will be reviewed on an on-going basis as they are received by the ministry.

First Nations will receive notification regarding the status of their health and safety application within 20 business days of the ministry receiving the completed application.

If your First Nation or TPAs applied before March 11, 2016 and was approved for funding, this amount would have been included on your original 2016-17 service agreement. If your First Nation was approved for Repairs and Maintenance (Health and Safety) funding after this date, an approval letter as well as an amendment to your service agreement will be sent to you by email.

EXPENDITURE REQUIREMENTS, INCLUDING TIMELINES, FOR REPAIRS AND MAINTENANCE (HEALTH AND SAFETY) FUNDING

Health and safety funding can only be used to address health and safety requirements in licensed child care centres and/or licensed home child care agencies. Per the approval letter and the Program Description Schedule of the service agreement, health and safety projects must be completed by March 31, 2017. In addition, any health and safety funding received in the 2016-17 fiscal year must be spent by March 31, 2017. Health and safety funding can only be used to cover costs incurred between April 1, 2016 and March 31, 2017.

First Nations should retain all supporting documentation related to health and safety projects. The ministry may request, at any time, documentation (e.g., contracts, invoices, receipts) related to approved health and safety projects.

PAYMENT REQUIREMENTS FOR REPAIRS AND MAINTENANCE (HEALTH AND SAFETY) FUNDING

One-time Repairs and Maintenance (Health and Safety) funding flows under detail code A375- Repairs and Maintenance as it appears in the Program Description Schedule and Budget Schedule of your child care service agreement/amendment.

Approved Repairs and Maintenance (Health and Safety) funding flows to your First Nation in two separate payments. First Nations that receive approval for 2016-17 Repairs and Maintenance (Health and Safety) funding are required to submit the following documents before the ministry can provide each health and safety payment:

- Payment 1: 75% of the total approved health and safety funding amount will flow upon receipt of the child care agreement/amendment by the ministry.
- Payment 2: 25% of the total approved health and safety funding amount will flow upon receipt of the “Statement of Conformity and Attestation Form” by the ministry indicating that the approved project(s) have been completed. If the total expenditure on your health and safety project(s) is less than the approved

funding amount, the ministry will adjust your 25% payment to reflect this underspending.

The Statement of Conformity and Attestation Form for Repairs and Maintenance (Health and Safety) funding is due to the ministry by March 27, 2017. First Nations are encouraged to submit this form as soon as their projects are completed to ensure receipt of the second payment in a timely manner.

Health and safety funding, payments of 25 per cent and 75 per cent, will flow to First Nations as part of the monthly child care payments. The timing of these payments will depend on when the ministry receives your signed agreement/amendment and Statement of Conformity and Attestation Form and the next scheduled payment. If the Statement of Conformity and Attestation Form for Repairs and Maintenance (Health and Safety) funding is received after May 1, 2017, any remaining funding will be provided following a review of the 2016-17 Financial Statements or Financial Statements – Attestation.

Any questions regarding the ministry's 2016-17 health and safety funding process can be directed to your Child Care Advisor.

FINANCIAL FLEXIBILITY

There is no flexibility associated with Health and Safety funding and the related allocation must be used for approved projects only.

REPORTING REQUIREMENTS

First Nations are required to report financial and service data to the ministry related to Repairs and Maintenance (Health and Safety) expenses. First Nations that report in EFIS will provide this information in their Interim Report and Financial Statements submissions. First Nations that do not report in EFIS will provide this information in their year-end Financial Statements-attestation submission.

In addition to total expenses, First Nations are required to report on the Repairs and Maintenance (Health and Safety) data element outlined in Appendix A of this guideline. This data element includes:

- The number of licensed programs funded for repairs and maintenance;

A377 – SPECIAL NEEDS RESOURCING

PURPOSE

Special Needs Resourcing (SNR) funding is to support the inclusion of children with special needs in regulated child care settings at no additional cost to parents/guardians.

ALLOCATIONS

SNR funding is available through detail code A377- Special Needs Resourcing and A404- Child Care Transformation. These allocations are available in the Budget Schedule of the child care agreement, if applicable.

ELIGIBLE EXPENDITURES

Services and supports purchased through SNR funding are for children with special needs up to 13 years of age to support attendance in a licensed child care centre or home child care (licensed).

Please note that the *Child Care and Early Years Act, 2014* defines “child” as a person who is younger than 13 years old. However, families of children with special needs who are in receipt of a service or received financial assistance before August 31, 2017 will be allowed to continue to receive assistance until that child turns 18, provided that they meet other eligibility criteria that are unrelated to age (see O. Reg. 138/15 made under the *Child Care and Early Years Act, 2014*). For example, if a person with special needs started to receive financial assistance at age 12 on August 30, 2017, he/she is eligible to continue receiving that financial assistance until he/she turns 18 in the year 2023. This means that these adolescents will not experience a financial assistance disruption based on their age.

First Nations may use SNR funding for the following expenses:

- Hiring or acquiring the services of resource teacher/consultant or supplemental staff where necessary (including salary, benefits and training) to support the inclusion of children with special needs;
- Provide training for staff in licensed child care centres working with children with special needs to support inclusion;
- Purchasing or leasing specialized/adaptive equipment and supplies to support children with special needs.

Resource teachers/consultants can be hired directly by First Nations/TPAs or their services can be secured through a contract with an external agency specializing in

supporting children with special needs. Resource teachers/consultants typically provide a wide range of supports for children with special needs in child care settings. These supports may include providing child care staff with program adaptation strategies, developing individual program plans, conducting developmental screens, providing referrals to community agencies and obtaining specialized equipment as required.

At a minimum, the ministry recommends that resource teachers/consultants hold a diploma in Early Childhood Education (ECE), from an Ontario College of Applied Arts and Technology ECE program, or from an institution recognized by the College of Early Childhood Educators, have additional training/experience/education related to working with children with special needs, and hold a first aid certificate. Additional requirements for resource teachers/consultants directly employed by child care licensees are outlined in section 55 of O. Reg. 137/15 made under the *Child Care and Early Years Act, 2014*.

Resource teachers/consultants may work with several children in multiple child care locations located within the community and can also provide general training to individuals working with children with special needs.

First Nations may consider the following principles of service delivery for SNR:

- Reflective and responsive to individual, family and community strengths and needs.
- Accountable to the individual, family and community.
- Sensitive to the social, linguistic and cultural diversity of families and First Nation communities.
- Staffed by individuals with the appropriate range of skills and abilities necessary to respond effectively to the needs of children, their families and program staff.

FINANCIAL FLEXIBILITY

First Nations may exercise financial flexibility to offset SNR expenses by transferring funds, in their financial submissions, from A392- Wage Subsidy to A377- Special Needs Resourcing. First Nations may also expense Special Needs Resourcing under A404- Child Care Transformation; funds do not need to be moved in or out of this detail code.

Special Needs Resourcing funding (A377) may be transferred into, but not out of Capacity Building Funding (A405).

Please Note: SNR is a priority for the ministry to ensure the inclusion of children with special needs in regulated child care settings at no additional cost to parents/guardians. This means that prior to the transfer of SNR funding; First Nations must ensure that all SNR requirements for children in licensed child care are met. Funding can only be moved from the original special needs resourcing allocation and cannot be combined with other flexibility options.

REPORTING REQUIREMENTS

First Nations are required to report financial and service data to the ministry related to SNR expenses. First Nations that report in EFIS will provide this information in their Interim report and Financial Statements submissions. First Nations that do not report in EFIS will provide this information in their year-end Financial Statements - Attestation submission.

In addition to total expenses, First Nations are required to report on the SNR data elements outlined in Appendix A of this guideline. These data elements include:

- The number of children receiving services funded through SNR;
- The number of children served, up to and including age 12;
- The number of children served, age 13-18;

The number of full-time equivalent (FTE) staff providing services funded through SNR;

- The average monthly number of children (up to kindergarten) receiving services funded through SNR; and
- The average monthly number of school-age children receiving services funded through SNR.

Please see Appendix A for additional details on reporting requirements.

REQUIRED DOCUMENTATION

First Nations should maintain service and financial records for each site where the service above is being provided.

A392 – WAGE SUBSIDY

PURPOSE

Wage Subsidy funding is intended to increase the salary and non-mandatory benefits of staff employed in regulated child care settings.

ALLOCATIONS

Wage Subsidy funding is available through detail code A392- Wage Subsidy and A404- Child Care Transformation. These allocations are available in the Budget Schedule of the child care agreement, if applicable.

ELIGIBLE EXPENDITURES

Wage Subsidy funding is for eligible staff employed in a licensed child care centre or a home child care agency. These child care centres and home child care agencies must be licensed by the Ministry of Education in accordance with the *Child Care and Early Years Act, 2014*. First Nations may also use Wage Subsidy funding to increase payments to home child care providers.

First Nations have flexibility to determine how wage subsidies are distributed to staff within their child care programs. First Nations are encouraged to consider community priorities when determining how to distribute wage subsidies to their child care staff.

Some principles that First Nations may wish to consider in distributing wage subsidy funding include:

- Retaining qualified, stable staffing to increase convenience and reliability for parents;
- Supporting program quality to enable higher-quality, consistent services; and
- Distributing wage subsidies equitably and with transparency.

Child care program and non-program staff are eligible to receive wage subsidy. Child care program staff work directly with children and provide programming. First Nations are encouraged to allocate wage subsidies to staff that are in a permanent position that is considered part of the child care program's regular staffing complement. The position can be full or part-time.

The following list provides examples of permanent positions typically found in a child care program that would be eligible for wage subsidy:

- Child Care Program Staff:

- Child Care Supervisors
- Registered Early Child Educators (RECEs)
- Home Child Care Providers and Home Visitors
- Director-approved Program Staff
- Program Staff without ECE qualifications
- Child Care Non-Program Staff:
 - Administrators or Finance Staff
 - Clerical Staff
 - Cooks
 - Housekeeping and Janitorial Staff
 - Bus Drivers

The following list provides examples of non-permanent positions that may not be eligible for Wage Subsidy funding:

- Individuals working on a short-term project, such as developing a parent handbook
- Students or staff whose salaries are covered by employment programs;
- Individuals paid on a fee for service basis, such as an individual who provides accounting or janitorial services; or
- Individuals that receive an honorarium e.g. elders or artists that occasionally visit the program.

FINANCIAL FLEXIBILITY

First Nations may exercise financial flexibility to offset Wage Subsidy expenses by transferring funds, in their financial submissions, from A377- Special Needs Resourcing to A392- Wage Subsidy should the funding not be required to meet community SNR needs. First Nations may also expense Wage Subsidy under A404- Child Care Transformation; funds do not need to be moved in or out of this detail code.

REPORTING REQUIREMENTS

First Nations are required to report financial and service data to the ministry related to Wage Subsidy funding. First Nations and TPAs that report in EFIS will provide this information in their Interim Report and Financial Statements submissions. First Nations and TPAs that do not report in EFIS will provide this information in their year-end Financial Statements-attestation submission.

In addition to total expenses, First Nations are required to report on the wage subsidy data elements outlined in Appendix A of this guideline. These data elements include:

- The number of full-time equivalent (FTE) program staff serving children 0-5 who receive Wage Subsidy funding;
- The number of full-time equivalent (FTE) program staff serving children 6-12 who receive Wage Subsidy funding; and
- The number of full-time equivalent (FTE) non-program staff who received Wage Subsidy funding.

Please see Appendix A for additional details on reporting requirements.

REQUIRED DOCUMENTATION

First Nations should maintain service and financial records for each site where the service above is being provided.

A394 – PAY EQUITY UNION SETTLEMENT

PURPOSE

To enable the province to continue to support eligible organizations with the cost of implementing proxy pay equity.

ELIGIBILITY

As a result of the Memorandum of Settlement, the province announced additional proxy pay equity funding for eligible non-profit service providers. In order to be eligible, child care programs were required to:

- have a proxy order from the Pay Equity Commission;
- have posted pay equity plan(s) based on proxy comparisons;
- have current and/or outstanding proxy obligations; and
- receive funding to provide child care.

EXPENDITURE REQUIREMENTS

The province will continue to flow funding as agreed upon in the Memorandum of Settlement to First Nations, reached on April 23, 2003, for the provision of pay equity funding to child care programs in First Nations communities. Service providers are required to continue to meet their pay equity obligations.

REPORTING REQUIREMENTS

First Nations are required to report financial and service data to the ministry related to Pay Equity Union Settlement funding. First Nations that report in EFIS will provide this information in their Interim Report and Financial Statements submissions. First Nations that do not report in EFIS will provide this information in their year-end Financial Statements-attestation submission.

A402/A403 – ONTARIO WORKS CHILD CARE

PURPOSE

Ontario Works (OW) Child Care funding is to be used to enable OW participants to work, or engage in employment assistance activities while their children are being cared for in a safe and nurturing environment.

ALLOCATIONS

First Nations and TPAs can access two types of OW child care funding- Ontario Works Formal and Ontario Works Informal, which are described in detail below. Ontario Works Child Care funding is available through detail codes A402/A403- Ontario Works Child Care. This allocation can be found in the Budget Schedule of the child care agreement, if applicable.

ELIGIBLE EXPENDITURES

Ontario Works child care funding covers the cost of child care for children in First Nations communities whose parents are eligible for income assistance under the *Ontario Works Act, 1997* (OWA) and are employed and/or participating in employment assistance activities under the OWA. OW child care may be provided for children under 10 years of age, or for children up to 12 years of age in special circumstances.

Please note that while the *Child Care and Early Years Act, 2014* defines a child as under the age of 13, the ministry will maintain a status quo approach for the eligibility of fee subsidy in 2016 (i.e. children under 10 years of age or up to 12 years of age where there are special circumstances). In addition, the ministry has taken steps to support continuity of care for children with special needs. Parents of children with special needs who were in receipt of a service or received financial assistance before August 31, 2017 will be allowed to continue to receive assistance until that child turns 18, provided that they meet other eligibility criteria that are unrelated to age, such as income (see O. Reg. 138/15). For example, if a person with special needs started to receive financial assistance at age 12 on August 30, 2017, he/she is eligible to continue receiving that financial assistance until he/she turns 18 in the year 2023. This means that these adolescents will not experience a financial assistance disruption based on their age.

Child care is an essential support that allows OW participants to partake in employment assistance activities in order to make the transition to employment and achieve financial independence. First Nations and TPAs who receive OW Child Care funding are designated OW delivery agents under the *Ontario Works Act, 1997*. In addition, the First Nation being funded directly or TPA designated to serve First

Nations communities must be delivering the full OW program i.e. financial assistance and employment assistance.

In First Nation communities with a licensed child care centre, OW and Child Care Administrators are encouraged to work collaboratively to ensure that child care supports are available for OW participants and to determine the child care services appropriate for OW participants within their communities while protecting confidentiality of families.

Ontario Works Formal Child Care

Ontario Works Formal Child Care funding may cover the cost of licensed child care and home child care services provided to children of OW participants in First Nation communities. Ontario Works Formal child care funding is a type of fee subsidy, which is financial assistance provided on behalf of parents for the cost of licensed child care services or home child care services up to the actual cost of the licensed child care (as specified in section 8.7 of the Ontario Works Policy Directives).

Ontario Works Formal Child Care funding may be provided for children in attendance at a licensed child care centre operated by a First Nation/TPA or for the purchase of child care or home child care services for children whose parents are eligible for income assistance under the *Ontario Works Act, 1997* (as defined in O.Reg. 138/15).

Ontario Works Informal Child Care

Ontario Works Informal Child Care funding may cover the cost of informal (unlicensed) child care provided to children of OW participants in First Nation communities. Informal child care provides an additional option for parents requiring more flexible arrangements for part time, short term and irregular care arrangements to meet OW participation requirements. The payment level to OW participants for informal care is the actual cost of the informal child care up to the prescribed maximum per child (as specified in section 8.7 of the Ontario Works Policy Directives).

Please refer to the Ministry of Community and Social Service's Ontario Works Policy Directives for more information about OW formal and informal child care supports.

The Ministry of Education is taking steps to prioritize and promote the use of licensed child care options for OW participants. The ministry encourages First Nations and Transfer Payment Agencies to promote the use of licensed child care for OW participants and to document where OW participants are either unable to secure licensed child care or licensed child care does not effectively support the participants' activities as documented in the OW Participation Agreement. Information on the differences between informal and licensed child care options can be found on the [Ministry of Education website](#).

COST-SHARING REQUIREMENTS

Ontario Works Formal Child Care (A402) is cost-shared on an 80% provincial 20% First Nations basis under the *Child Care and Early Years Act, 2014*. Ontario Works Informal Child Care (A403) is funded 100% by the Province under the *Ministry of Community and Social Services Act*.

FINANCIAL FLEXIBILITY

Effective April 1, 2012, the Ontario Works Formal (A402) and Informal (A403) detail codes were combined and First Nations and TPAs receive one allocation under Ontario Works Child Care- A402/A403 in the Budget Schedule of the service agreement.

The blending of the Ontario Works Formal (A402) and Informal (A403) detail codes provides First Nations and TPAs with the flexibility to spend their allocation in a way that bests meets community need. Although First Nations and TPAs receive a combined allocation under A402/A403, they will be required to report their expenditures on A402 and A403 separately in their financial submissions.

The calculation of the First Nation or TPA's entitlement under Ontario Works Child Care-A402/A403 will take into account the different cost sharing requirements for the two detail codes. See the example below.

Ontario Works Child Care Funding- Example of Entitlement Calculation

A First Nation is entitled to receive a maximum combined Ontario Works child care allocation of \$30,000. Based on community need, the First Nation has determined that 1/3 of their allocation will be used for Formal Child Care (A402) and 2/3 of their allocation will be used for Informal Child Care.

A402/A403 OW Child Care Allocation \$30,000¹¹

Community Need Analysis:

A402 Ontario Works Formal Child Care- ($\$30,000 \times 1/3$) \$10,000

A403 Ontario Works Informal Child Care- ($\$30,000 \times 2/3$) \$20,000

Costs that must be incurred in order to receive full allocation:

¹¹ As outlined in the Budget Schedule of the child care service agreement

	EDU Share	First Nation Share	Total Costs Incurred¹²
A402 Ontario Works- Formal Child Care (80/20 Cost Share)	\$10,000	\$2,500	\$12,500
A403 Ontario Works- Informal Child Care (100% funded by EDU)	\$20,000		\$20,000
Total	\$30,000	\$2,500	\$32,500

REPORTING REQUIREMENTS

First Nations and TPAs are required to report financial and service data to the ministry related to OW Child Care. First Nations that report in EFIS will provide this information in their Interim report and Financial Statements submissions. First Nations and TPAs that do not report in EFIS will provide this information in their year-end Financial Statements-attestation submission.

In addition to total OW Child Care expense, First Nations and TPAs are required to report on the OW data elements outlined in Appendix A of this guideline. These data elements include:

Formal Child Care:

- The average monthly number of infants, toddlers, preschoolers, kindergarten, and school-age children of OW participants provided with child care in licensed child care settings;
- The cumulative total number of children of OW participants provided with child care in licensed child care settings; and
- The number of OW participants receiving fee subsidies.

Informal Child Care:

- The average monthly number of children of OW participants provided with child care in an unlicensed child care setting; and
- The cumulative total number of children of OW participants provided with child care in an unlicensed child care setting;
- The number of OW participants provided with funding for unlicensed child care.

¹² If the cost incurred by the First Nation is less than \$32,500 the amount of funding the First Nation receives from the ministry will decrease.

Please see Appendix A for additional details on reporting requirements.

A404 – CHILD CARE TRANSFORMATION

PURPOSE

Transformation funding is ongoing funding to support program viability and quality and assists with the transformation of child care in First Nation communities.

First Nations are responsible for spending their Child Care Transformation funding in a way that best meets community needs and priorities. First Nations are encouraged to use the following guiding principles to inform transformation funding priorities:

- transforming existing child care programs to enable increased access to higher-quality programs and services for younger children;
- increasing convenience and reliability for parents; and
- supporting programs that serve children with special needs.

ALLOCATIONS

Child Care Transformation funding is available through detail code Child Care Transformation (A404). This allocation can be found in the Budget Schedule of the child care agreement, if applicable.

ELIGIBLE EXPENDITURES

Child Care Transformation funding may be used to cover expenses related to Fee Subsidy, Wage Subsidy, and Special Needs Resourcing. It may also be used to purchase play-based materials and equipment for child care programs as well as IT upgrades that help facilitate internet connectivity for child care business purposes.

Child Care Transformation funding cannot be allocated to unlicensed settings.

Please refer to the following schedules for a description of these services:

- Fee subsidy- refer to detail code A370/A371 in the Program Description Schedule of the service agreement and of this guideline;
- Wage subsidy- refer to detail code A392 in the Program Description Schedule of the service agreement and of this guideline; and
- Special Needs Resourcing- refer to detail code A377 in the Program Description Schedule of the service agreement and of this guideline.

Below are further details on eligible expenses related to play-based materials and equipment or IT upgrades.

Play-based Material and Equipment

- Play-based material and equipment funding is intended to help child care licensees create enriching environments with materials that promote children's learning and development through exploration, play and inquiry consistent with the views, foundations and approaches of ***How Does Learning Happen? Ontario's Pedagogy for the Early Years***. Please see the [Ministry of Education website](#) for additional information.
- Funding may be used to create indoor and outdoor spaces that invite children to investigate, imagine, think, create, solve problems, collaborate, communicate and make meaning from their experiences. Consider providing interesting and open-ended materials that children can use in many ways.
- Funding may be used to create environments that support children's connections to the natural world. Consider programs where they can engage in vigorous physical play in natural outdoor spaces and playgrounds that present manageable levels of challenge. Examples may include creating a natural playground space or adding a sandbox to the outdoor play area.
- Play-based material and equipment funding may also be used to purchase non-consumable supplies/equipment that supports the regular operation of the child care program (e.g. kitchen supplies).
- Play-based material and equipment funding may also be used for minor renovations, such as lowering sinks/countertops to provide easier access for children to wash their hands.

If you have any questions regarding the use of transformation funding for the purchase of play-based materials and equipment please contact your Child Care Advisor.

IT Upgrades

- Transformation funding may be used for IT upgrades to support the purchase of IT equipment that enables child care staff to connect to the internet for business purposes;

FINANCIAL FLEXIBILITY

Child Care Transformation funding (A404) may be used for any of the expenses listed under eligible expenditures above. Child Care Transformation funding may also be

transferred to Supervisor Network and Capacity Building Funding (A405) to assist First Nations communities to invest in professional development, networking and capacity building opportunities. This allocation can be found in the Budget Schedule of your 2016-17 child care service agreement.

- The number of licensed centres that received funding for IT upgrades.

Please see Appendix A for additional details on reporting requirements.

A405 – CHILD CARE SUPERVISOR NETWORK- CAPACITY FUNDING

PURPOSE

The primary purpose of Child Care Supervisor Network– Capacity Funding is to support the development of First Nations Child Care Supervisor Networks and capacity building for Supervisors/staff to deliver quality programs in First Nations licensed child care programs.

Capacity building funding is also intended to support professional learning and development opportunities that build the capacity of supervisors, program staff/caregivers, home visitors and home child care providers to support the provision of high quality programs for children ages 0 to 12. High quality child care programs are child-centred and provide environments and experiences to engage children in active, creative and meaningful exploration and learning.

ALLOCATIONS

Child Care Supervisor Network – Capacity funding is available through detail code A405- Child Care Supervisor Network-Capacity funding. This allocation can be found in the Budget Schedule of the child care agreement, if applicable.

ELIGIBLE EXPENDITURES

Child Care Supervisor Network–Capacity funding may be used to cover any of the eligible expenses below for Supervisors/staff in licensed child care settings. This funding cannot be allocated to unlicensed settings.

Professional learning and development opportunities may be provided to child care supervisors, program staff, resource teachers/consultants, supplemental SNR staff, cooks, home child care providers, home visitors, other staff or boards of directors of licensed non-profit programs.

First Nations and TPAs are responsible for determining how this funding can be used to support the development of and participation in child care supervisor networks and capacity building for First Nation child care Supervisors and staff. First Nations and TPAs are encouraged to work with their child care Supervisors to determine how the funding can be used to maintain or enhance quality programming in their child care programs.

Child Care Supervisor Network – Capacity funding may be used for:

- Transportation, meal and accommodation costs to attend supervisor meetings and network events.

- Equipment and technology to support supervisor network meetings (e.g., teleconference lines and Adobe connect).
- Costs associated with the development and sharing of resources to support child care supervisors and child care programs.
- Mentoring with First Nations Child Care Supervisor Network leaders.

First Nations and TPAs may also direct funding to support:

- Professional learning and staff development opportunities that align with the *Child Care and Early Years Act, 2014* regulations and ministry policy (e.g., workshops, mentoring and coaching, in person or virtual networking opportunities that support continuous learning through questions, reflection and dialogue).
- Program-related professional learning opportunities that align with the views and approaches outlined in *How Does Learning Happen? Ontario's Pedagogy for the Early Years*, promotes reflective practice and collaborative inquiry and support the new regulatory requirements under the *Child Care and Early Years Act, 2014* (e.g. College of Early Childhood Educators leadership initiatives, post-diploma training programs etc.);
- Establishment of professional learning communities of practice to support early years program staff.
- Professional development opportunities related to child care program business administration (e.g., budgeting, leadership, human resource management, policy development, board governance, etc.);

Professional development opportunities related to the health, safety and well-being of children (e.g., nutrition, first aid, environmental health, communicable diseases, etc.);

- Release time and overtime to support staff in participating in professional development opportunities; and/or
- Travel costs to support attendance at professional development opportunities.

Some guiding principles that First Nations and TPAs may want to consider in determining how to spend this funding include:

- Supporting child care supervisors with opportunities to create and enhance First Nation Child Care Supervisor Networks;

- Increasing opportunities for child care supervisors to meet face to face to share knowledge, build relationships and learn from one another;
- Building capacity among child care supervisors and program staff; and
- Support Supervisors and licensed child care program staff in delivering high quality child care for children ages 0 -12.

FINANCIAL FLEXIBILITY

Funding may be used for any of the categories listed above under eligible expenditures. First Nations and TPAs may transfer Child Care Transformation (A404) funding allocation to Supervisor Network and Capacity Building Funding (A405) to assist First Nations communities in investing in professional development and capacity building opportunities that will maintain or enhance child care program quality on reserve. This allocation can be found in the Budget Schedule of your service agreement.

First Nations and TPAs may also transfer Special Needs Resourcing funding (A377) into, but not out of Capacity Building Funding (A405). SNR is a priority for the ministry to ensure the inclusion of children with special needs in regulated child care settings at no additional cost to parents/guardians. This means that prior to the transfer of SNR funding; First Nations must ensure that all SNR requirements for children in licensed child care are met. Funding can only be moved from the original special needs resourcing allocation and cannot be combined with other flexibility options.

REPORTING REQUIREMENTS

First Nations and TPAs are required to report financial and service data to the ministry related to Child Care Supervisor Network-Capacity expenses. First Nations and TPAs that report in EFIS will provide this information in their Interim report and Financial Statements submissions. First Nations and TPA that do not report in EFIS will provide this information in their year-end Financial Statements-attestation submission.

In addition to total expenditure, First Nations and TPAs are required to report on the Child Care Supervisor Network – Capacity data elements outlined in Appendix A of this guideline. These data elements include:

The number of child care staff who receive funding to participate in network meetings or engage in professional development activities.

Please see Appendix A for additional details on reporting requirements.

REQUIRED DOCUMENTATION

First Nations and TPAs should maintain service and financial records for each site where the service above is being provided.

A406 – WAGE ENHANCEMENT/HOME CHILD CARE ENHANCEMENT GRANT

PURPOSE

Registered Early Childhood Educators (RECEs) and other child care program staff play a key role during the critical years of a child's development. However, there is a significant wage gap between RECEs working in the publicly funded education system and those in the licensed child care sector. This creates challenges in retaining pedagogical professionals to deliver affordable, high quality services.

Therefore, the 2014 Budget included an investment of \$269 million over three years to support a wage enhancement in the licensed child care sector. This wage enhancement will help retain RECEs, and support access to stable, high-quality child care programs for children in Ontario. The wage enhancement will also help close the wage gap between registered early childhood educators (RECEs) working in full-day kindergarten (FDK) programs and RECEs/other child care program staff working in licensed child care settings.

In 2016, the wage enhancement will support an increase of up to \$2 per hour, plus 17.5 per cent benefits for eligible child care staff. In addition, the Home Child Care Enhancement Grant (HCEEG) will support an increase of up to \$20 per day for eligible home child care providers.

GOALS

The goals of the enhancement are to:

- close the wage gap between RECE wages in the school board and licensed child care sectors;
- stabilize licensed child care operators by helping them retain RECEs/child care staff; and
- support greater employment and income security.

These goals support the ministry's priorities to:

- stabilize and transform the existing child care system to increase program reliability for parents and support consistent, higher quality child care services to support children's learning and development; and
- support licensed home child care agencies and strengthen the licensed home child care system.

FUNDING ALLOCATIONS

A notional wage enhancement/HCCEG amount has been included in the Budget Schedule of the 2016-17 service agreement. The ministry will continue to flow based on 2015-16 entitlement until 2016-17 wage enhancement applications have been approved. Please note that the signed service agreement must also be returned to the ministry before the 2016-17 wage enhancement cash flow is updated.

There are two different types of funding under this initiative:

Wage Enhancement:

- Provided to licensed child care centres and home child care agencies to support eligible child care program staff and home visitors.
- Support an increase of up to \$2 per hour, plus 17.5 per cent benefits for eligible staff and visitors below the cap of a base hourly rate of \$26.27.
- Includes an additional supplemental grant of \$150 per eligible FTE.
- Entitlement will be determined based on all hours worked in program by eligible positions between April 1, 2015 and March 31, 2016. (Note: funding will be provided for 15 months to ensure First Nations receive the appropriate entitlement from January to March 2016.)

Home Child Care Enhancement Grant (HCCEG):

- Provided to licensed home child care agencies to support eligible home child care providers contracted with them.
- Support an increase of \$20 per day for full time providers below the cap of base daily fees of \$262.70 and \$10 per day for part time providers below the cap of base daily fees of \$157.62.
- Includes an additional supplemental grant of \$50 per eligible provider.
- Entitlement will be determined based on days worked with a licensed home child care agency by eligible home child care providers between April 1, 2015 and March 31, 2016 and their average daily service; either full time or part time as defined by the ministry. (Note: funding will be provided for 15 months to ensure First Nations receive the appropriate entitlement from January to March 2016.)

As in 2015-16, the ministry will continue to provide wage enhancement and HCCEG allocations based on the previous year's eligibility data as identified in the application process outlined below.

Wage Cap

As the intent of the wage enhancement is to close the wage gap between RECEs working in publicly funded schools and RECEs, child care program staff and providers in licensed child care settings, the ministry has established an hourly wage maximum of \$26.27/hour as of December 31, 2015 for centre-based staff and home visitors, or an equivalent rate of \$262.70 per day for full time Home Child Care providers (the cap for part time providers is \$157.62). This wage cap aligns with the top of the existing school board Educator Salary Matrix for RECEs in FDK. The cap applies when determining entitlement and for payments to staff and home child care providers.

Supplemental Grant

In addition to the increase of up to \$2/hour plus 17.5 per cent benefits, and \$10 or \$20 increase for home child care providers, the ministry will provide an additional supplemental grant of \$150 for each eligible centre based FTE or home visitor FTE and \$50 for each eligible home child care provider. The supplemental grant allows First Nations some flexibility to provide and implement wage enhancement in a way that aligns with their regular operations.

The supplemental grant must be used to support staff, home visitors' and providers' hourly/daily wage or benefits. It provides First Nations with the flexibility to cover salary shortfalls for wage enhancement (e.g. due to increased hours in program, professional development (PD), and/or new eligible staff/providers) and additional benefits, (e.g. vacation days, sick days, and/or other benefits) once mandatory benefits are covered. Any funding that is not used for these purposes will be recovered.

ELIGIBILITY

All licensed child care centres and home child care agencies that opened before March 31, 2016 are eligible to apply for wage enhancement/HCCEG funding for 2016-2017. Centres or agencies that are newly licensed in 2016-17 will only be eligible to apply in 2017-18.

Wage Enhancement: Child Care Centre Program Staff and Home Child Care Visitors

Note: Eligibility applies both in determining allocations (based on 2015-16 hours) and to determine payments to staff in 2016-17.

Full Wage Enhancement

To be eligible to receive the full 2016-17 wage enhancement of \$2 an hour plus 17.5 per cent in benefits, staff must:

- Be employed in a licensed child care centre or agency;
- Have an associated base wage excluding year one's wage enhancement of less than
- \$24.27 per hour (i.e. \$2 below the wage cap of \$26.27); and
- Be in a position categorized as a child care supervisor, RECE, home child care visitor, or otherwise counted toward adult to child ratios under the Child Care Early Years Act (CCEYA).

Child care program positions that are in place to maintain lower adult-child ratios than required under the CCEYA, and meet the eligibility outlined above, are also eligible for wage enhancement.

Partial Wage Enhancement

Where an eligible centre-based or home visitor position has an associated base wage rate excluding year one's wage enhancement between \$24.28 and \$26.27 per hour, the position is eligible for a partial wage enhancement. The partial wage enhancement will increase the wage of the qualifying position to \$26.27 per hour without exceeding the cap.

- For example, if an RECE position has a base wage rate excluding years one's wage enhancement of \$24.50 per hour, the position would be eligible for wage enhancement of \$1.77 per hour.

Ineligible Positions (Non-Program Staff):

- Cook, custodial and other non-program staff positions are not eligible for wage enhancement funding.
- SNR-funded resource teachers/consultants and supplemental staff are not eligible for wage enhancement funding.

The only exception to the above is if the position spends at least 25 per cent of their time to support ratio requirements; in which case the staff would be eligible for wage enhancement for the hours worked in the eligible position supporting ratio.

Staff hired through a third party (i.e. temp agency) are not eligible for wage enhancement.

Home Child Care Enhancement Grant (HCCEG) - Home Child Care Providers

Full Home Child Care Enhancement Grant

In order to be eligible to receive the full HCCEG of \$20 per day, home child care providers must:

- Hold a contract with a licensed home child care agency;
- Provide services to one child or more (excluding the provider's own children);
- Provide full time services on average (6 hours or more a day); and
- Receive base daily fees excluding year one's HCCEG of less than \$242.70 (i.e. \$20 below the cap of \$262.70).

Partial Home Child Care Enhancement Grant

In order to be eligible to receive the partial HCCEG of \$10 per day, home child care providers must:

- Hold a contract with a licensed home child care agency;
- Provide services to one child or more (excluding providers own children);
- Provide part time services on average (less than 6 hours a day); and
- Receive base daily fees excluding year one's HCCEG of less than \$147.62 (i.e. \$10 below the cap of \$157.62).

APPLICATION PROCESS

Note: The new 2016-17 application forms provided in the First Nations service agreement package replace previous applications provided in 2015.

In 2016-17, First Nations will need to complete the application form to receive the wage enhancement entitlement of up to \$2 plus 17.5 per cent benefits, or up to \$20 for the HCCEG. If a First Nation applied in 2015-16, they will need to apply again in 2016-17 for all positions or providers that would be eligible for wage enhancement/HCCEG.

The wage enhancement/HCCEG entitlement for 2016-17 will be determined based on hours/days worked in program by eligible positions/providers between April 1, 2015 and March 31, 2016 (funding will be provided for 15 months to ensure First Nations receive the appropriate entitlement from January to March 2016 as well.) However,

wage enhancement/HCCEG payments to staff and providers will be made based on 2016-17 time in program.

Please note the base hourly wage rate or home child care provider fees entered in the application form should exclude year one's wage enhancement/HCCEG amount.

The ministry has provided application forms and related instructions as part of the 2016-17 First Nations service agreement package. Please note completed and signed application forms are due to the ministry June 27th, 2016.

If the entitlement approved in the wage enhancement/HCCEG application form exceeds the notional allocation included in the 2016-17 service agreement, an amended service agreement will be provided.

The ministry will fund 100 per cent of the approved wage enhancement/HCCEG requests up to the entitlement amount generated by the application process.

ALLOWABLE EXPENSES

Wage enhancement/HCCEG funding (including the supplemental grant) is an enveloped allocation. Wage enhancement/HCCEG funding must be directed solely to licensed child care staff and home visitors to increase wages and benefits, and to home child care providers to increase daily income. Wage enhancement/HCCEG funding cannot be used for any other expenses, including expansion or reducing fees.

First Nations may only use the funding for the intended purposes of:

- Increasing wages of eligible centre-based staff and home visitors by up to \$2 per hour plus 17.5 per cent benefits based on their current wage rate,
- Please note: the salary increase cannot exceed \$2 per hour in program and the wage cap of \$26.27 per hour. Operators may exceed 17.5 per cent for benefits if the supplemental grant is used to support additional benefit expenses.
- Wage enhancement funding of up to \$2 an hour plus 17.5 per cent benefits should be provided for all hours worked in program in 2016-17, including overtime hours.
- Providing a daily increase of up to \$20 for eligible licensed home child care providers based on current hours of service provided.
- Please note: the daily wage increase cannot exceed \$20.00 and the daily cap of \$262.70.

Benefits Funding and Flexibility

Benefits funding of 17.5 per cent supports operators in meeting statutory benefit requirements. Once all statutory benefits requirements are met, any remaining funding within 17.5 per cent can be used to fund other benefit expenses paid by the employer on behalf of the employee.

Any residual benefits funding can be used to support wage enhancement salaries per the above allowable expenses. Please note this is one-way funding flexibility only, that is, salary funding cannot be used for benefits.

First Nations cannot transfer funds between their regular child care allocation and their wage enhancement allocation. Any funding not used for the intended purpose will be recovered by the ministry.

PAYMENTS TO STAFF AND PROVIDERS

Wage enhancement/HCCCEG funding entitlements are based on 2015-16 data; however, wage enhancement payments should be provided to eligible positions for each hour worked in 2016-17. First Nations have the flexibility to fund their current year's eligible positions, even if the position did not exist in 2015-16.

Similarly, HCCEG payments should be provided to eligible home child care providers for each day worked in 2016-17. Agencies have the flexibility to fund current year eligible providers, regardless of whether the provider had a contract with the agency in 2015-16. The compensation rate (partial or full) will be based on their current year average daily services.

The flexibility to provide wage enhancement/HCCCEG to current staff and providers may cause a shortfall in funding for the year if First Nations choose to fund new positions or providers. If there is a shortfall in a First Nations entitlement, the First Nation can use the supplemental grant to fund the additional time in program for new or existing staff. The supplemental grant can also be used to fund sick days, PD days and/or additional benefits, but cannot exceed an increase of \$2 an hour plus benefits for staff and home visitors or \$20 a day for home child care providers.

Since one of the goals of this initiative is to close the wage gap, if an eligible staff member or home child care provider receives an increase to their hourly wage or daily fee (excluding year one's wage enhancement/HCCCEG amount) and their base wages/fees now exceed the wage cap in 2016-17, they are no longer eligible to receive wage enhancement/HCCCEG funding.

If at any point a home child care provider stops serving children, the home child care agency must terminate the transfer of HCCEG funds to the provider.

Payment Method

First Nations must clearly indicate on staff pay cheques and home child care provider payments the portion of funding that is being provided through the wage enhancement/HCCEG labeled as follows:

- Provincial child care wage enhancement; or
- Provincial home child care enhancement grant

First Nations are encouraged to include wage enhancement or HCCEG on each paycheque or payment made. However, in 2016-17 First Nations continue to have discretion on the method of payment to staff and providers (i.e. quarterly lump sums or on regular pay).

REPORTING REQUIREMENTS

First Nations will be required to report on the following expenses and service data elements in their Wage Enhancement Application Form and Financial Statements submissions:

Expenditures:

All expenditures below should include any funding from the supplemental grant.

- Full and partial wage enhancement funding including salary component and benefits component for:
 - RECEs,

- Number of home child care agencies receiving HCCEG

A407 – ADMINISTRATION FUNDING FOR WAGE ENHANCEMENT/HOME CHILD CARE ENHANCEMENT GRANT

PURPOSE

To support First Nations with the implementation of the wage enhancement/HCCEG initiative, the ministry is providing one-time funding for administration in 2016-17. This allocation is to be used to fund the administrative effort associated with implementing the enhancement/HCCEG.

FUNDING ALLOCATIONS

Wage enhancement/HCCEG administration allocations are based on the amount of administration funding allocated in 2015-16. In 2016-17, the allocation is included in child care service agreements.

This funding can be used to include wage enhancement or HCCEG in regular payments to staff or providers and/or to create internal processes to track and report on wage enhancement/HCCEG.

Any unused 2016-17 wage enhancement administration funding will be recovered by the ministry.

ALLOWABLE EXPENSES

The wage enhancement administration allocation is to be used to fund the administrative effort associated with implementing the wage enhancement/HCCEG.

First Nations are encouraged to use this funding to include wage enhancement and HCCEG on regular payments to staff and providers. First Nations may also use this funding to support wage enhancement/HCCEG administration, such as, upgrading payment systems, internal payment processes, training for staff related to this initiative, and internal processes to track data and expenditures.

REPORTING REQUIREMENTS

First Nations will be required to report on the following expenses in their Financial Statements submissions:

- Total 2015-16 and 2016-17 administration funds spent;

by the ministry. Unused 2016-17 administration funding will be recovered by the ministry.

A515 – SMALL WATER WORKS

PURPOSE

Small Water Works (SWW) funding supports costs related to small water systems for licensed child care centres.

ALLOCATIONS

First Nations that have historically received SWW funding from the Ministry of Children and Youth Services (MCYS) have received an allocation in 2016-17. This allocation can be found in the Budget Schedule of the child care agreement, if applicable. Small Water Works funding is available through detail code A515-Small Water Works.

ELIGIBLE EXPENDITURES

Small Water Works funding is for licensed child care centres that are on small water systems.

Small Water Works funding should be used to support regular ongoing water testing and maintenance expenses, which are limited to the following expense categories – laboratory testing, chemicals, supplies/filters, courier costs, maintenance of water treatment equipment including replacement UV bulbs and training.

Costs related to the purchase and installation of systems and equipment are not eligible.

FINANCIAL FLEXIBILITY

Funding may be used for any of the categories listed above under eligible expenditures, but cannot be moved to any other detail codes.

REPORTING REQUIREMENTS

First Nations are required to report financial and service data to the ministry related to Small Water Works expenses. First Nations that report in EFIS will provide this information in their Interim report and Financial Statements submissions. First Nations that do not report in EFIS will provide this information in their year-end Financial Statements-attestation submission.

In addition to total expenditure, First Nations are required to report on the number of programs funded through SWW.

Please see Appendix A for additional details on reporting requirements.

REQUIRED DOCUMENTATION

First Nations and Transfer Payment Agencies should maintain service and financial records for each site where the service above is being provided.

SECTION 6 - FAMILY SUPPORT PROGRAM SERVICE AND FUNDING ELIGIBILITY AND REQUIREMENTS

On February 19, 2016, the Minister of Education announced the ministry's provincial plan for moving forward with the integration and transformation of child and family programs. By 2018, all ministry-funded child and family programs will be part of an increasingly integrated, cohesive system of services and supports for children ages 0-6 and their families known as Ontario Early Years Child and Family Centres (OEYCFCs). All OEYCFCs will be guided by a provincial framework and a common identity. While the common core services related to engaging parents and caregivers, supporting early learning and development, and making connections to other family services, will apply to OEYCFCs on and off reserve, First Nations currently funded by the ministry for family support programs will continue to have the flexibility to deliver programs that are culturally-responsive and meet the unique needs of children and families in their communities. We are committed to working with our partners throughout this transition period and will continue to communicate with the sector as we move forward.

NOTE: This section of the guideline applies only to First Nations and Transfer Payment Agencies receiving family support program funding and sets out the ministry's expectations, terms and conditions for provincial funding and the corresponding services.

A387 – CHILD CARE RESOURCE CENTRES

During the transition period, Child Care Resource Centres (CCRCs) will continue to refer to existing Ministry of Children and Youth Services guidelines for operating, funding, and policy direction. These guidelines include, but are not limited to:

- Child Care Resource Centre Guideline (included in Child Care Service Management Guidelines, 2000)
- Child Care Service Planning Requirements
- Ministry of Community and Social Services Child Care Resource Centre policy
- Policy statements, guidelines or communications provided to agencies related to policies, operations and/or the provision of CCRC services.

Beginning in 2016, CCRCs will not be permitted to use funding from the ministry to support unlicensed child care registries. Funding can continue to be used to provide access to information and resources for all providers

A462 - ONTARIO EARLY YEARS CENTRES

During the transition period, Ontario Early Years Centres (OEYCs) will continue to refer to existing Ministry of Children and Youth Services guidelines for operating and policy direction. These guidelines include, but are not limited to:

- Planning the Ontario Early Years Centres: Guidelines for Communities
- The Ontario Early Years Centre Program Orientation and Resource Guide
- The Ontario Early Years Centres and Child Care Resource Centres Service Data Element dictionary.
- Policy statements, guidelines or communications provided to agencies related to policies, operations and/or the provision of OEYC services.

Beginning in 2016, OEYCs will not be permitted to use funding from the ministry to support unlicensed child care registries. Funding can continue to be used to provide access to information and resources for all providers

A466 - DATA ANALYSIS COORDINATORS

During the transition period, TPAs receiving funding for Data Analysis Coordinators (DACs) will continue to refer to existing Ministry of Children and Youth Services guidelines for operating and policy direction. These include, but are not limited to:
