MEMORANDUM TO: Chief Administrative Officers, CMSMs and DSSABs
General Managers/Commissioners, CMSMs and DSSABs
Children's Service Managers, CMSMs and DSSABs

FROM: Julia Danos
Director, Early Years and Child Care Programs and
Service Integration Branch
Early Years and Child Care Division
Ministry of Education

DATE: **June 16, 2017**

SUBJECT: **Canada-Ontario Early Learning and Child Care
Agreement and 2017 Revised Child Care and Child
and Family Program Service Agreements**

The purpose of this memo is to provide details on Ontario's Action Plan under the Canada-Ontario Early Learning and Child Care Agreement (ELCC) and to share information on the amended 2017 child care service agreements for Consolidated Municipal Service Managers (CMSMs) and District Social Services Administration Boards (DSSABs).

The ELCC supports a shared commitment by the Ontario and Federal governments to provide investments in early learning and child care to increase quality, accessibility, affordability, flexibility and inclusivity. This funding will help parents, families and communities in their efforts to ensure the best possible future for their children.

The ELCC provides \$100M in new funding for increased subsidies and increased access to licensed child care in Ontario. There are two components to this investment:

- \$80M for children aged 0-6 years old.

- \$20M to support broader system priorities for children aged 0-12.

In the first year, this funding will support access to licensed child care for up to 11,200 more children. For children aged 0-6, this funding can also be used to create and support new not for profit community-based capital projects, excluding capital projects for child care programs that run during school hours for kindergarten and school-age children. Capital funds may be used for retrofits, renovations or expansion projects.

As the ELCC is a fiscal year investment, the ministry will provide 2017 allocations in the updated service agreements and has provided, for information purposes, allocations for the first quarter of 2018 to support local planning. Please refer to Appendix A for your 2017 and first quarter 2018 ELCC allocations.

The ELCC aligns with Ontario's recent historic commitment, the Child Care Expansion Plan (Expansion Plan), to create access to licensed child care for 100,000 more children aged 0-4 years old. To support this commitment, the Government of Ontario made a provincial investment of \$170 million in the current fiscal year, resulting in a total investment of \$1.37 billion in 2017-18, including wage enhancement. It also aligns with the expanded duty for District School Boards for the provision of before-and-after school programs.

Confidentiality and Public Announcements

Announcements regarding additional children and families served through these investments are communications opportunities for the Federal government, the Government of Ontario and CMSMs, and DSSABs. Therefore, CMSMs and DSSABs announcements related to funding received through the ELCC **must** clearly acknowledge that the contributions were made by the Province of Ontario and the Government of Canada. In addition, any such communications opportunities should remain confidential until they are announced publicly by the Government of Canada, the Province of Ontario or jointly with CMSMs and DSSABs.

The intent is to help promote the role of the Government of Canada, Ministry of Education, CMSMs and DSSABs, and community partners in bringing new investments to local communities. For more information on the announcement protocol, please refer to Appendix B.

Enhanced Accountability Requirements

A. Enveloping and Carry Forward

Funding for the ELCC is an enveloped allocation and can only be spent on the priorities identified below. Any funding not spent on the prescribed expenditures will be recovered by the ministry.

CMSMs and DSSABs have the ability to use two-thirds of the 2017 allocation for this commitment by **December 31, 2017** and the remaining funds by **December 31, 2018**. Through enhanced financial reporting requirements, CMSMs and DSSABs will

demonstrate how this funding is used to increase the number of children served in their region.

B. Addressing local needs

ELCC funding for children must be spent on the following priorities:

1. Additional fee subsidies;
2. Increased access to licensed child care; and/or
3. For children aged 0-6, this funding can also be used to create and support new not for profit community-based capital projects, excluding capital projects for child care programs that run during school hours for kindergarten and school-age children.

If these priorities cannot be met due to local considerations, service system managers may use this funding to broadly reduce licensed child care fees and increase affordability. The ministry's expectation is that service system managers demonstrate they have attempted to meet the priorities before exploring this option.

Administration and Cost Sharing

To support local planning and implementation up to 10% of the ELCC allocation can be used towards administration. Additionally, the new investments do not require municipal cost sharing.

Prioritizing Not for Profit Operators

The ministry is continuing to prioritize funding to the not-for-profit child care sector. The "For Profit Auspice Threshold" is included in service agreements to support CMSMs and DSSABs with maintaining funding to for-profit entities at or below previous year's expenditure levels. This threshold applies to both base child care funding and the new investments for the Expansion Plan and the ELCC.

New Agreement Schedules

A new schedule, Schedule I - Ontario's ELCC Targets, will be added to your agreement. CMSMs/DSSABs are asked to complete this schedule with the average monthly children served with additional fee subsidies, number of children served through increased access, the number of children served through increased affordability, and/or estimated number of not for profit community-based capital spaces (**for children aged 0-6 only**) that will be created through this new funding.

Should the ELCC targets indicated in service agreements by CMSMs and DSSABs not be met by 10% or more, and 10 children or more in the aggregate by December 31st of

2017 and 2018, cash flow for ELCC will be reduced by 1 per cent to reflect the underachievement of the targets.

The Ministry's Child Care Advisors will work with service system managers to confirm and submit the information in signed service agreements returned to the Ministry.

ELCC funds are to be tracked separately from other funding and will have distinct financial reporting requirements.

Cash Flow in 2017

Monthly cash flow for operating funding will continue to be based on the 2016 Revised Estimates submission entitlement or initial 2017 service agreement (if already submitted) until the 2017 signed amended service agreement is received and signed by the Ministry. Revised service agreements will be sent out shortly and will be due back to the Ministry by August 28, 2017.

Signed Amended Service Agreement Received by:	Payment Date:
July 26, 2017	September 5, 2017
August 28, 2017	October 3, 2017

For convenience, CMSMs and DSSABs have the choice of submitting their signed service agreement and signed amending agreement by **email** to: tpa.edu.earlylearning@ontario.ca, or alternatively by regular mail.

Should you choose to submit your signed agreement by regular mail, please send two original signed copies to:

Julia Danos, Director
Early Years and Child Care Programs and Service Integration Branch
Ministry of Education
24th Floor, Mowat Block, 900 Bay Street
Toronto, Ontario M7A 1L2

The ministry will email a scanned signed copy or mail a hard copy of the completed agreement back to your CMSM and DSSAB for your records.

Child Care Advisors and Financial Analysts are the ministry contacts for child care and

child and family programs. Please direct any questions or concerns to your existing contacts at the ministry; the contact list is available on the [Financial Analysis and Accountability Branch website](#).

For further information on licensed child care funding, including the ELCC, please refer to the updated 2017 Child Care and Child and Family Program Service Management and Funding Guideline and the updated 2017 Technical Paper which will be available shortly. Regional meetings will be scheduled to review updates to the guideline and the approach for the ELCC.

We are excited to work with you on this important initiative in order to best serve families across the province. Your ongoing partnership is critical in meeting the needs of the children and families in your community.

Sincerely,

Appendix B: Communications Protocol Requirements: Canada-Ontario Early Learning and Child Care Agreement

All public announcements regarding provincial and federal investments in Ontario's child care and early years system are potential joint communication opportunities for the provincial government, school boards, the CMSMs/DSSABs, municipalities and community partners.

Public Communications

Municipalities, school boards, CMSMs and DSSABs, and community partners should not issue a news release or any other public communication directed at media regarding major child care and early years investments, without publicly recognizing the Ministry of Education's role of providing funding.

The Ministry of Education may also choose to issue its own news release and/or hold events about investments in child care and early years projects, in addition to those prepared by municipalities, school boards, CMSMs and DSSABs, and community partners.

The intent of this protocol is to promote the role of both the Ministry of Education and stakeholders in bringing new child care and early years projects to local communities.

Major Announcements and Events

Important: For all major child care investments the Minister Responsible for Early Years and Child Care must be invited as early as possible to the event. Invitations can be sent to EYCCinvestments@ontario.ca, with a copy sent to your Ministry Child Care Advisor/ Education Officer. Municipalities, school boards, CMSMs and DSSABs, and community partners will be notified at least four to six weeks in advance of their opening event as to the Minister's attendance. If the date of your event changes at any time after the Minister has received the invitation, please confirm the change at the email address above.

If the Minister Responsible for Early Years and Child Care is unavailable, the invitation may be shared with a government representative who will contact your municipality, school board, CMSM or DSSAB, or community partner to coordinate the details (e.g. joint announcement). Municipalities, school boards, CMSMs and DSSABs, and community partners are not expected to delay their announcements to accommodate the Minister or a Member of Provincial Parliament (MPP); the primary goal is to make sure that the Minister is aware of the announcement opportunity.

Other Events

For all other media-focussed public communications opportunities, such as sod turnings for example, an invitation to your local event must be sent to the Minister Responsible for Early Years and Child Care by email with at least three weeks' notice. Again, please send a copy to your ministry child care advisor. Please note that if the date of your

event changes at any time after the Minister has received the invitation, please confirm the change at the email address above.

Municipalities, school boards, CMSMs and DSSABs, and community partners are not expected to delay these “other” events to accommodate the Minister. Only an invitation needs to be sent, a response is not mandatory to proceed.

This communications protocol does not replace our stakeholders’ existing partnerships with the Ministry of Education’s. Regional child care advisors and regional child care licensing staff should still be regarded as primary points of contact for events and should be given updates in accordance to existing processes.

Acknowledgement of Support

The support of the Government of Ontario must be acknowledged in media-focused communications of any kind, written or oral, relating to the expansion plan. This acknowledgment could include but is not limited to, any report, announcement, speech, advertisement, publicity, promotional material, brochure, audio-visual material, web communications or any other public communications. For minor interactions on social media, or within social media such as Twitter, Vine, etc. where there is a tight restriction on content, municipalities, school boards, CMSMs and DSSABs, and community partners are not required to include government acknowledgement. In addition, when engaged in reactive communications (e.g., media calls) municipalities, school boards, CMSMs and DSSABs, and community partners do not have to acknowledge government funding; however, if possible, such an acknowledgement is appreciated.
