Education Finance Branch

DATE: October 26, 2006

SUBJECT: District School Board Enrolment Projections for
2007-08 and 2008-09

Looking forward to the 2007-08 school year, the Ministry continues to work in partnership with school boards to support effective planning and delivery of key education initiatives. An important goal of the Ministry is to ensure a timely release of the 2007-08 Grants for Student Needs and support the boards in their planning cycles. To help achieve this goal, the Ministry is asking school boards to submit their enrolment projections for the 2007-08 and 2008-09 school years by November 30, 2006.

As we have done in the past years, these enrolment projections will be published along with the 2007-08 grant regulation materials.

The spreadsheet template to be used for submitting the enrolment projections is available for download from the following website.
