Date: February 17, 2022

Memorandum to: Senior Business Officials

From: Mehul Mehta
Director
School Board Advanced Supports Branch

Subject: **Student Transportation – Grants for Student Needs 2022-23**

As a follow-up to memorandum 2022:B03, 2022-23 Grants for Student Needs Funding (GSN), I am writing to provide details on the 2022-23 Student Transportation Grant.

The ministry recognizes the importance of student transportation services for students and families and is committed to helping school boards deliver safe, effective, and efficient transportation services. For the 2022-23 school year, student transportation funding is projected to be about \$1,107.4 million.

The ministry is continuing the student transportation review with the goal to achieve a more effective, accountable and needs-based student transportation system. Building on the work to date, the ministry is exploring a potential funding option centered on a needs-based funding approach to improve consistency in student transportation funding across the province. Additional details will be communicated to the sector in the near future.

GSN Funding

Enrolment Adjustment

For the 2022-23 school year, the Student Transportation Grant will be maintained at prior years' funding level with adjustments to reflect enrolment growth . To maintain stability in funding, school boards with declining enrolment will not see any negative adjustment.

Cost Update

For 2022-23, Student Transportation Grant will provide for a cost update amount of 2.0%. This amount is currently not reflected in the board-by-board allocations and is included in the Student Transportation Grant line as committed but unallocated. An update on the distribution of funding will be provided at later time.

Fuel Escalator and De-escalator Component

Similar to prior years, the fuel escalator and de-escalator component will provide stability in funding to school boards for actual fuel prices (posted on [Government of Ontario website](#), net of HST) that fall outside a corridor around pegged prices from September to June. This funding adjustment, which could result in an increase or decrease depending on the trends in fuel prices during the year, will be applied to a board's transportation allocation following the submission of 2022-23 financial statements. Additional details on this methodology can be found in the 2022-23 GSN Technical Paper.

School Bus Rider Safety Training Component

The total Student Transportation Grant includes about \$1.7 million for School Bus Rider Safety Training. The standardized training for elementary students continues to be available in English and French through a contract established by the Ontario Education Collaborative Marketplace (OECM) with Intertrain. It is important to note that only training programs delivered by Intertrain through this OECM contract are eligible for this safety training funding support.

Funding allocation for this training component is based on the following:

- Projected number of funded in-person sessions, based on 250 students per session, to cover at least 50 per cent of each boards' elementary students in 2022-23.
- Reimbursement rate of \$370 and \$244 for each in-person and online training session respectively.
- Column F of Appendix A lists the number of projected in-person sessions for each board.
- Actual funding will be based on the number of on-site and/or online sessions delivered. Boards will be required to report the number of on-site and online training sessions conducted through 2022-23 financial statements.
- If rider safety training sessions are conducted virtually for 2022-23 as has been the case in the recent years, boards will be able to train more than 50 per cent of their elementary students.

For more information on the standardized school bus rider safety training, please visit the [OECM website](#). Questions about accessing this program and establishing an agreement should be directed to OECM through Mie Okawa at mie.okawa@oecm.ca or 647-289-3717.

Transportation to Provincial and Demonstration Schools

As in prior years, funding to cover expenditures for transportation to Provincial and Demonstration schools will be based on expenditures reported by school boards, as approved by the ministry. School boards may report these expenses through financial reports and receive direct reimbursement with expenditure approval.

If you have any questions or comments, please contact Nathania Ho, Manager, Transportation and Cooperative Services Unit, at (416) 995-2261 or nathania.ho@ontario.ca.

Sincerely,

Notes

- 1) 2022-23 Base Allocation for Student Transportation refers to the 2021-22 Student Transportation Allocation Amount for Enrolment Adjustment (subject to change pending receipt of 2021-22 Financial Statements).
- 2) Provincial School Transportation Amount includes an estimated expenditure amount for the board Conseil scolaire de district catholique du Centre-Est de l'Ontario; and the other school boards that have the responsibilities to plan and deliver provincial school transportation. Figures are as of 2021-22 Revised Estimates (subject to change pending receipt of 2021-22 Financial Statements).
- 3) Amount excludes cost update of 2.0% which has not been allocated on a board by board basis at this time. In the case of Lakehead DSB, the projected 2022-23 allocation includes \$80,000 for school authority transportation funding.
- 4) Reflects number of in-person sessions for Bus Rider Safety Training.
