

# Education and Community Partnership Program (ECPP) Excel File Instructions

## For Boards that had ECPP Approvals for 2020-21

1. You will need to know your Board number.
2. Download the file flatfile.xls, save it as **Flatfile2021-22** and close it.
3. Download Section 23 Forms (Sec23\_2022.xls), save it and close it.
4. Open Flatfile2021-22.xls.
5. Open the Sec23\_2022.xls (For the divested programs, open Sec23\_Divested\_2022.xls)
6. Select your board number from the list of boards supplied. (Note: For Toronto DSB there are 4 types listed.)
7. Click on the button marked "LOAD". Then click OK on the pop-up window. (This will load all the information from the approved programs during the 2020-21 cycle, except for information relating to student enrolment and financial figures. It will also provide five additional tabs for inputting information for new programs, should you have any.)
8. Please make all the necessary changes and additions by filling in the appropriate cells or using the drop down menus. Do not alter the format of the form in any way.

Note: If there are no changes to the program from the previous year (October 2020-21 revised estimate), please select NO in Section 4 "Program changes other than 1% Increase in Salaries and Benefits". By clicking this box, the application automatically adds 1% to the salaries and benefits from the October 2020-21 revised estimates. If No is selected, no other field needs to be completed.

9. If you have any questions or need further assistance, please contact your Education Officer in the Regional Office responsible for the approval and funding of programs for pupils in government approved Education and Community Partnership Program Facilities.

## For Boards that did not have approvals for 2020-21

1. Open the file Sec23\_2021.xls
2. Select the "Form1" tab at the bottom of the worksheet.
3. Enter your DSB number.
4. Select the "Language" tab at the bottom of the worksheet.
5. Click on the language preferred.
6. This will provide two blank tabs for completion.
7. If you have any questions or need assistance please contact your Education Officer in the Regional Office responsible for the approval and funding of programs for pupils in government approved Education and Community Partnership Program Facilities.
