

Schedule 54: Consolidated Statement of Cash Flows

The consolidated statement of cash flows reflects the effects of a municipality's activities on its cash resources. The statement of cash flows shows how a municipality generated and used cash in the reporting year and the change in cash and cash equivalents at the beginning and end of the reporting year.

The statement of cash flows reports cash flows classified by operating, capital, investing and financing activities.

PSA Section 1201 Financial statement presentation allows a municipality to use either the direct or indirect method to report cash activities in municipal financial statements.

Please utilize the method in the FIR that was used in the municipal financial statements.

The information provided in the statement of cash flows for the FIR should be the same as reported in the municipal financial statement.

Direct Method (Schedule 54A):

Please do not report revenues and expenses calculated using the accrual method, instead report gross cash receipts and gross cash payments. Cash receipts (inflows) should be reported as positive amounts and cash payments (outflows) should be reported as negative amounts.

Operating Transactions:

This category includes cash received and cash spent during the year on the municipality's operations.

Refer to the instructions for Schedule 10 Consolidated Statement of Operations: Revenue and Schedule 40 Consolidated Statement of Operations: Expenses for more information on the line items within the operating transactions category.
